## Children Like Figsen

A mild laxative should always be kept in the home—especially where there are children—it more than pays. Even a slight attack of indigestion may become chronic if not attended to promptly—the slightest stomach derangement if neglected will result in many a restless night—for you as well as the younger ones.

**Nyal's Figsen** is pleasant to take mildly laxative, will not gripe and readily taken by children

Taken just before a meal it stimulates the digestive juices and brings about a proper absorption of food.

Nyal's Figsen is a tonic laxative—equally good for young or old.
