Sam McElmurry spent several days in Albany this week visiting his mother who is sick.

CLOTHING INDUSTRY AT ISIS TUESDAY

One of the most interesting industrial films ever produced will be shown at the Isis Theatre on Tuesday Nov. 25.

The film "The Clothing Industry" from sheep to wearer, cleverly illustrates every angle incidental to the manufacture of that most staple, but very slightly understood commodity the clothing we wear.

This film should prove of special interest to the public and particularly to the mothers who select the clothing their children require.

In this picture is shown the herding and shearing of sheep, the various processes through which wool passes until it becomes cloth. The picture takes us to the immense model factories of Mayer Brothers, of Chicago. Practically every step in the manufacture of high grade clothing under modern, sanitary conditions is shown, concluding at a retail clothing store illustrating the sale of Mayer Brothers well known brands, "Graduate" and "Viking" clothes for young men and "Wooly Boy" all wool clothes for boys, to a host of satisfied customers.

This film in Independence is made through the courtesy and cooperation of the Isis Theatre, Mayer Brothers, Chicago, Ill., and L. A. Cary who distributes their well known brands of clothing in this vicinity.

Polk county Pomona Grange met at Lewisville, Nov. 13 at 10:30. A fine dinner was served at the noon hour by the ladies. At 1:30 grange was called and a program was rendered. Mr. Simpson gave an interesting talk on dairying.

The next meeting will be held at McCoy, Oregon, Dec. 10. The subjects for discussion are "Balanced Rotation for the Table" by P. O. Powell and "Keeping the Boys and Girls on the Farm," by Clair Staats. The latter subject is one that is foremost in the heart of the American Farmer today and will be one well discussed without a doubt.

Visitors are welcome during lecture hour from 1:00 p. m. until 2:00 p. m.
