Read This, It Will Interest You

Do you know your little tots will soon be grown men and women and you, yourself, will be old and had you thought how, then you would like to see the tots as they are today and how they will like to see you when you were young. Why not have that photo taken for them to remember you by? Have photos of the tots for keepsakes when they are older. Photos made now are very valuable in the future.

Those worn and faded photos that were made years ago, think how highly we prize them. Yours will be the same to some one some time.

Come to us and have those photos taken between now and Christmas as we are giving one enlargement free with each dozen \$4.00 photos or higher. This will be a nice Christmas present for some friend.

We have one other present if you prefer it to the enlargement. Come and see what we give you. It costs you nothing to investigate. If our offer pleases you, make a date for sitting.
