I wish to ask your support for the Democratic nomination for the office of County Surveyor. I have had fourteen years active experience in surveying and civil engineering work. For six years I was Chief Engineer of the S. F. C. & W. R. R. Co., having full charge of the surveys, etc., for the Dallas-Salem line, the Salem-Silverton line, and the construction of the railroad bridge at Salem. In addition, I have had a large experience in highway location and construction work. I have also had much experience in logging engineering.
