## AGUAS CLIENTES GARRISON EVACUATES

Zacatecas.—Agua Calientes, capital of the state of the same name, has been evacuated by the federals, according to information reaching Villa's headquarters. Owing to this, his plan of campaign has been changed and the troops of the division are returning to Torreon.

Late reports show that the losses of the federals were much greater than at first supposed. While final figures have not been obtained, it is known that the number of prisoners taken by Villa's troops exceeded 4500. The number of killed was at least close to that figure. Nearly 2000 wounded federals are being cared for by the rebel hospital corps.

The latest casualty reports of the rebels were more than 700 dead and about 1100 wounded. These figures are not complete. Many of Villa's brigades maintain their special sanitary service and while reports have been made by them none are thought to be complete.

### Girls Told Not to Spoon

Chicago.—"Spooning" is a crime against womanhood," John J. Alexander, a director, told 600 young women attending the older girls' conference of the international Sunday school convention. "Pass the word along to girls who love to 'spoon' that it is the most degrading thing they can do—one of the most degrading things they may permit. 'Make the boys clean-minded and wholesome by the way you dress. Young men take a girl at her own valuation.'"

### ANGELES HUERTA'S AGENT?

Carranza's Secretary Avers General Real Cause of Strife with Villa.

Washington.—Alfredo Brocena, private secretary of General Carranza, leader of the revolutionist forces in Mexico, issued a statement here, charging that General Felipe Angeles had stirred up the recent contention between Carranza and General Villa and that Angeles was in reality an agent of General Huerta.

Brocena's statement, issued after a long conference with Luis Cabrera, one of General Carranza's representatives here, who is earnestly working for participation of the constitutionalist forces in an informal peace conference with delegates to the Niagara Falls mediation conference, admits a breach in the constitutionalist ranks that probably cannot be healed unless mediation should succeed.

### Prune Prices Good.

New York.—All indications are that both the price of green and dried prunes will be high this season. Small crops are reported from California and the northwest and the demand both at home and abroad for the fresh prune, generally called a plum by the consumers, has been growing rapidly each year.

### Considers Distinction in Censorship.

Chicago.—An ordinance permitting the exhibition of certain motion pictures to "adults only" was recommended by the judiciary committee of the city council.

### Bigamy Defined.

Rev. Dr. Stephen B. Wise, the noted New York rabbi, is a man who uses terse and apt phrases to describe men and things. Recently a young member of his congregation, puzzled over a charge laid against his stepfather, asked Dr. Wise what bigamy was. "Well," said the rabbi, "in some countries it is a crime and in others a religion."

### DUMB ROOSTERS

People who complain of annoyance by roosters must remember the ability to crow is in the plan of Nature. The hens would abandon a dumb lord.—Oregonian.

Yet we know a girl who married a dumb fellow by the name of Duck and she stuck to him in spite of hard times and high water. In the course of human events they had a whole nest full of ducklings, some of whom could talk and some of whom couldn't. Mother Duck by a half-talk, half-sign combination ruled the roost and seemed to be very happy doing it. She looked with pride upon Father Duck and called him her "oogy apricot." Familiar mottoes like "God Bless Our Home", "Be Right and Do Right" and "Any Pair Beats a Bob-tailed Flush" graced the walls which indicated a domestic congeniality that would never die.

Now if a man has a dumb wife he considers himself lucky. If she has also lost her sense of smell, he counts it a double blessing.

COMING SOCIAL EVENT NOT COMING—POSTPONED  
The duel between the editor of

a Japanese paper at San Francisco and the Pill Box man has been laid on the table. A difference of opinion arose regarding the weapons. The Japanese editor prefers last year's nest eggs and the Pill Box man is holding out for fish eggs. The matter has been referred to J. S. Cooper, Jr. for arbitration. He will render a decision as soon as he can determine the constitutionality of the seventh line of the southwest quarter, Marquis of Gooseberry rules to govern.

Bear in mind you are justified in shooting any person who asks, "Is it hot enough for you?"

A LETTER AND THE ANSWER  
Seashore, June 30. Dear Husband—Send me some money by return mail or I will have to come home. It costs me \$10 a week to live here.—Mary.

Independence, July 1. Dear Wife—Find enclosed \$100. Stay ten week's longer.—John.

How would you like to have enough royal blood in your veins so that some crazy fool would be trying to stick a bomb under you all the time?

Neither would we.

## W. C. T. U. COLUMN

Officers of W. C. T. U.  
President, Mrs. Esther Morgan.  
Editor, Mrs. Lucy L. Whiteaker.

The Monitor Assumes no responsibility for the matter in this column. The Editor.

The Woman's Christian Temperance Union met in the Presbyterian Church on Monday afternoon and finished the work laid over from last week. Select readings from various papers was commented on, giving new strength to the cause. A letter from State W. C. T. U. was read telling us that the President of the Kansas Union, Mrs. Minchen, would be with us soon and we decided to have her give us a call and tell us about her wonderful state.

The ladies will meet next week at Lone Fir for an afternoon with Mrs. Lucy L. Whiteaker, at her summer camp. All the members are expected to be present and have a good time as this will be W. C. T. U. Fourth of July, and a picture will be taken of those present.

The Loyal Temperance Legion held their Sunday afternoon meeting at the M. E. Church, with a good attendance considering the hot weather. New members were added to the roll, and election of the new quarter was quite enthusiastically taken up, and the following members elected:

Florence James, president; Lillian Dixon, secretary; Agnes James, treasurer; Mrs. Warren, assistant superintendent for Mrs. James. The committees in charge of the different lines of work were appointed. The lesson on beer and tobacco was, as usual, very helpful and instructive and was enjoyed by all. Mesdames Morgan, Warren, Whiteaker and James were present and assisted the children in the singing and campaign drills and plans for work for the summer. All are invited to these meetings.
