Independence, Oregon, Friday, October 30, 1914

After Tuesday the monitor will be obliged to buy some wood. The "requests to print" have kept us warm for three weeks.

The price of butter and eggs in the central west is fifty percent cheaper than on the Pacific coast and there is no competition with New Zealand butter and Chinese eggs.

Mr. Hawley would probably be of excellent service to the Woodmen of the World as one of its head managers if he had nothing else to do and without doubt the voters of the First district on next Tuesday will give this great fraternal order all of Mr. Hawley's time. This will be of much benefit to both of them.

Not one voter in twenty will "vote straight." The old chestnut has played out. A candidate must have some other qualification besides a party nomination to win. There are candidates on both the republican and democratic tickets that are not worthy to be elected and enough people know it to defeat them. An unworthy or two may slip thru but most of them will be defeated.

MORRISON SOLICITS YOUR VOTE

I am a native of Polk county and have never before asked the support of the citizens of Polk county. I am employed as miller by the Perrydale Flouring Mill Co., a company whose interests I have faithfully served for eight years. If elected I shall as faithfully serve the interests of the citizens of the county. On account of the confinement of my work I have not had time to meet many of the voters. I have been careful during this campaign to place myself under obligations to no person or party that will in any way hinder me from doing my whole duty as an officer. Having always had to economize I shall if elected economize in office. I believe in law enforcement and justice to all. Your support is respectfully solicited.

J. F. Morrison
Democratic and prohibition candidate for sheriff of Polk county.

A Farmer For the Legislature

WAYNE D. HENRY
The subject of this sketch was born in Spring Valley, Polk County, Oregon, thirty-five years ago. He has spent his life thus far among the romantic hills of old Polk. Having been born on a farm, he is distinctively a farmer and dairyman, but he has taken a lively interest in the educational features of the community; in fact, favoring any-

thing that would build up the moral and social side of society. His education was obtained from the public schools and the Capital business college of Salem. While partly self made, he is capable, on account of his strict integrity and honesty, to fill any important station to which his fellow citizens may call him. In politics he has always been regarded as a staunch democrat and as such he expects to serve the whole people. In the present campaign he will favor lower taxation, better laws and a better enforcement. If the people choose to elect him to the responsible position of Joint Representative for the Twelfth District, comprising Polk and Lincoln counties, they will doubtless have no occasion to regret the honor conferred.

AN INCOME TO OREGON OF \$6,000,000 annually is in the balance awaiting your vote of **333 X NO** to insure its future progress.

TEN THOUSAND MEN WILL BE AFFECTED and thrown into unemployment unless you vote **333 X NO** on the ballot.

Vote to Save Industrial Oregon

VOTE "NO" 329 "NO" 331

The very life of the future manufacturing and industrial progress of Oregon hinges upon the defeat of the so-called "Water Front" bills, to be voted on Tuesday, November 3rd.

So cunningly and adroitly are these bills worded there is grave danger many people will be deceived.

If these measures become laws the result will be that the State will take title to the tidelands and submerged lands and will be prohibited from selling any of these lands. They can only be leased for docks. No more ship-yards, saw-mills, canneries or other plants requiring access to deep water—nothing but docks, docks, docks.

Every citizen of Oregon—wage earner, farmer, business man or woman, wants to prosper. These measures if enacted will throttle progress at the gate. Investors will shun Oregon. This means no work for the wage-earner, nothing to pay the store-keeper with and therefore nothing to pass on to the farmer or producer. Let no one think these bills do not concern him.

Before you go into the booth to vote, read 329 and 331 carefully. Talk to your neighbors about them.

Oregon is rich in natural resources, but poor in development. What the state needs above everything else is outside money to come in and develop its resources. That means GOOD WAGES, PLENTY OF WORK, GOOD PRICES and GOOD TIMES.

This is not a political question; it concerns only the prosperity of Oregon and of you. Give Progress and Good Times a helping hand by voting "NO" 329 and "NO" 331.
