

Paint Your Own Carriage

you can do it yourself and at little expense. It's easy to give it a beautiful, hard, brilliant, varnish-gloss finish in black or rich appropriate colors.

ACME QUALITY CARRIAGE PAINT (Neal's)

is made especially to give to buggies, carriages and vehicles of all kinds, a tough, durable, glossy finish that will look well and wear well. An ideal finish for settees, flower stands, porch furniture, garden tools and all surfaces that must withstand exposure and hard usage. Ready to brush on and the label tells how.

CHAS. K. SPAULDING LOGGING COMPANY
INDEPENDENCE, OREGON

IT'S different, its better and you will like it better. Use up half a pouch of "Right-Cut" and you'll know you've got the *Real Tobacco Chew*. It gives you the fine, rich, *satisfying taste of real tobacco*—seasoned and sweetened just enough. And the taste comes naturally, because "Right-Cut" is a ready chew. All you have to do is to tuck away a *small* chew and enjoy it right from the start.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary cased tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and sugar. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

THE OLD FARM HAS CHANGED

I remember, I remember the house where I was born, the little window where the sun came peeping in at morn. You'd hardly know the old place now, for Dad is up-to-date and the farm is scientific, from the back lot to the gate. The house and barn are lighted with bright acetylene, the engine in the laundry is run by gasoline; we have silos, we have autos, we have dynamos and things, a telephone for gossip and a phonograph that sings. The hired man has left us—we miss his homely face—a lot of college graduates are working in his place. There's an engineer and fireman, a chauffeur and a vet., electrician and mechanic. Oh, the farm's run right, you bet. The little window where the sun came peeping in at morn now brightens up a bath room that cost Dad a ear of corn. Our milkmaid is pneumatic and she's sanitary, too, but Dad gets fifteen cents a quart for milk that

once brought two. Our cattle came from Jersey and the hogs are all Duroc, the sheep are Southdown beauties and the chickens Plymouth Rock. To have the best of everything, that is our aim and plan, for Dad not only farms it, but he's a business man.—E. F. McIntyre.

FROM THE OREGON VOTER

Judge Sam White maintains that if the Democrats are forced to adopt prohibition it will only be to keep the Republicans sober.

Rumor has it that the administration has at last determined to take a firm stand and send ex-Governor West as ambassador to Mexico.

Mondays, Wednesdays and Fridays the allies win; Tuesdays, Thursdays and Saturdays the Germans win; the Sunday editions drive the readers out of doors.
