THE GOOD JUDGE GETS A COMPLIMENT FROM THE FAVORABLE

GET steady tobacco satisfaction—all day, every day, from a clean, small chew.

That's the beauty of the *Real Tobacco Chew*. It's glad news that a man can't help telling his friends about as soon as he learns the facts himself.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened, just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!! W-B CUT IS LONG SHRED, RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)

It is gathered from public sentiment in the East that should it appear that President Wilson cannot be defeated for re-election, Senator Borah of Idaho will receive the republican nomination. The senator from Idaho should feel highly honored.

Should the political situation next year be such that a Democrat might have a chance to break into the state house without the use of burglar's tools, Asa B. Robinson of Polk has been suggested as a suitable and a very capable choice for Secretary of State. If all Oregon knew Robinson as does Polk county, the result would never be in doubt.

PERT PARAGRAPHS

If Germany sinks many more ships loaded with mules she may have to go to war with Missouri.—Oklahoma City Oklahoman.

The question we have put up to Germany, we take it, is whether to run her war on the European or the American plan.—Columbia State.

We have promised ourselves to never again laugh at the funny names in Russian Poland, because we have just learned that Queepuacommis:queenk is a town in New Jersey and that Rhode Island boasts of one named Quonochontaug.—New Orleans States.

People who speak of the smallness of our standing army forget the fact that it could be increased more rapidly by men who already know how to shoot and to live in the open than the forces of any European country. The present British army has been trebled in size during the progress of the war, and most of the recruits are men who never before saw a gun except in a shop window or in a moving picture.

HOW TIMES CHANGE

Maud Muller on a summer's night went out on her bike in the bright moonlight. She peddled around from six to ten on a trip that would fag the strongest man; but her heart was light and her spirits gay, for it wasn't work—'twas nothing but play. Next morning, however, she'd a pain in her

head, she was all played out and stayed in bed, while her mother hustled in the kitchen below—not to ride a wheel but to make things go. Tho the morning was hot and she worked, by the fire, she didn't collapse with a punctured tire. Alas for the girl and the woman, see? Things are not as they used to be.—Ash land Tidings.
