NOBODY wants to put a big, bulgy wad of tobacco in his cheek.

All around you, men are using *the Real Tobacco Chew*. And telling their friends how good it is; that it satisfies their tobacco hunger.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

No need to travel to Europe to find barbarism and brutality. Just go to Georgia.

Texas women, armed with brooms and hot water, could put to flight the whole Mexican nation. There is no need to worry about an invasion.

Congressman Hawley, taking his supporters as an authority, has no other virtue than that he "gets the votes." At least, that is all they ever mention.

Whoever it was that picked S. Benson as Oregon's most distinguished citizen had to overlook quite a number of good fellows more worthy of the honor than Benson.

If the Democratic newspapers do not cease re-affirming every other day the state of harmony said to be existing between President Wilson and Mr. Bryan, somebody may be lead to believe that there is no harmony.

Sombody ought to caution the Oregonians about its haste in "burying" Bryan. Even the Oregonian will admit that Mr. Bryan can boost better for the juice of the loganberry down town among the boys than he can in a graveyard.

Two score or more newspapers published outside of Polk County are opposed to the threatened recall in Polk County. A reader need not be very intellectual to determine that nearly all of them are opposed to the recall any time or any where.

PERT PARAGRAPHS

If the Mexicans want to fight why don't they go to Europe, where the fighting is good?—Philadelphia Ledger.

The Colonel can see the evils of race suicide but he cannot see the evil of the suicide of the races that go to war.—San Francisco Chronicle.

The Italians seem to have had

a better eye than the Russians for picking a nice, comfortable, middle sized war.—New York Sun.

Something tells us that in the Eastland case all the cherished American traditions of doing nothing will fully sustained.—Boston Transcript.

CONGRESSIONAL GOSSIP

The Oregon Messenger states that Walter A. Dimick, of Oregon City, is grooming himself to run for Congress from the first district. When it comes to dislodging Hawley, all those fellows who are after his job will have to do some running.—McMinnville Telephone Register.

I could never discover any unusual strength in Congressman Hawley or any unusual benefit he has ever been to this district. He has been returned because he has had practically no opposition in the Republican primaries and because a Democrat, it appears, cannot beat a Republican at the polls in this district.

There have been rumors that Senator W. A. Dimick would be a candidate against Hawley in the spring primaries. If these are true, it will be Mr. Hawley that will have to do some running.—Benton County Courier.

PORTLAND'S ONLY TWO

Portland seems to have just two prominent citizens, S. Benson and John B. Yeon. The papers there never mention anybody else except in the police court proceedings.—Salem Capital Journal.

Conscripted farm help would be on the job at meal time, but would it hoe corn?
