

WHEN sun and work are boiling the juice out of a fellow's hide, a satisfying chew beats a smoke.

Some reasons why you hear so much about *the Real Tobacco Chew*: the good tobacco taste is there, it lasts, less grinding, less spitting. One small chew takes the place of two big chews of the old kind.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.

Machine and party bosses may unseat Ben Olcott but we doubt it.

Citizen soldiers have saved the country a half dozen times in the past. Pardon a great many people for believing that it can be done again.

Mr. Hawley's future depends upon the attitude he assumes next winter in congress.—Woodburn Independent.

Why not judge the future by six years of the past. There's an old saying regarding an "old dog" and "new tricks" that may be aptly applied in this case.

PROSPERITY AND PROMOTERS

"We are going to have great prosperity in the United States, the greatest ever known. I predict that when prosperity comes, all the promoters and swindlers who have been less in evidence for the past several years will again be in the field, more active than ever. If past experience is a guide, they will take millions out of the savings of people who are now working hard to get the money."—Joseph Chapman, Minneapolis Banker.

ADVANTAGE OF BEING A WOMAN

If a man took an old fruit basket and broke the handle off and tied a lot of colored rags around the basket and fastened some red onions and a tomato and a stalk of celery to the basket, and then put it on his head and wore it downtown he would be arrested by the first cop to spy him. But a woman can do it and not only get away with it, but also succeed in making the other women jealous.—Brownsville Times.

T. R. still seems to be the battle him of the Republic.—Columbia State.

Colonel Roosevelt says that the noblest role is to be a mother. That's about the only strenuous role the Colonel has never tried. Nashville Banner.

INDEPENDENCE HOP INDUSTRY

(continued from page one)

there will be 7500 hop pickers working in the vicinity of Independence. Throughout the state the number engaged in hop picking will probably be at least three times 7500, or approximately 25,000.

At other representative hop yards in the Independence district pickers will be employed as follows: C. L. Mitchell, 400 pickers; H. H. Hanna and John Hanna, 400; Spurling brothers, 200; Walker brothers and Cook brothers, jointly, 150; At the 300 acre yard of C. A. McLaughlin, from which 2000 bales of hops are expected to be produced, 700 pickers will be employed, and at the Wigrich yard of the same area 800 pickers will work. The latter yard is owned by Wigant & Richardson of London, England.

Some picking in small yards where the yield and quality of hops are tip-top, is now underway in and around Independence.
