W-B CUT users are glad to tell the good news to friends—because they know how different it is from the old kind: how much better it satisfies. Get a pouch from your dealer. You can tell by a quality test that it is the Real Tobacco Chew. "Notice how the salt brings out the rich tobacco taste."

There is some merit to the declaration that President Wilson should not seek another term because of the single term plank in his platform, yet it comes with poor grace for an individual or newspaper to criticize him on this issue and at the same time advocate the nomination of Roosevelt for a third term which would break a precedent as old as the nation itself and which has never been violated by any American save Roosevelt.

**Editorial**

Limburger Cheese is the salvation of the nation! Such is the verdict of the entire editorial staff of The Pill Box after diligent investigation and scientific research. There is no substitute. It must be Limburger Cheese or die. The entire population of a county in Wisconsin has discarded meat and substituted Limburger Cheese. Nobody has died. Healthiest spot in the world. Every body going to live forever. Therefore your salvation, our salvation and the neighbor's salvation depends upon Limburger Cheese. The Pill Box has thrown out the life line. Eat Limburger Cheese and live!

So will the other girls in this town for they have told me so. Women must have husbands. If they cannot snare them one way, you must trap them another and it takes tact, courage and patience. I know this to be true for at least forty married women in this town have told me so. But, how about Virginia Southern? Perhaps Mr. Virginia Southern if he would speak—but this is personal and I will not pry. Suffice to say, Heed Not! Pop, Girlies, Pop!

Bounced up and down until friends had to shoot him to keep him from starving to death.
