#### BAPTIST

W. S. STEWART, Pastor.

Next Sunday according to the request of the president of the United States we will observe "Armenian-Syrian Day."

Sunday school at 10.

Preaching at 11.

B. Y. P. U. at 6:30.

The evening service at 7:30.

Two weeks ago the pastor announced that he was going to speak on the subject "The Best Business Man in Independence." He didn't preach the sermon that evening because a missionary from India spoke. By special request he will preach that sermon next Sunday night. Do not forget to come and hear "The Best Business Man in Independence, and Why." The pastor solicits answers to this query.

Next Wednesday night at 8:30 Rev. W. Stewart is to commence a course in the study of Christian Doctrine. This will be held every Wednesday evening at the above mentioned hour. During the course the pastor will show some of the vagaries of doctrines that have developed in the last century and why they are false.

All are cordially invited to the services.

#### AS AN EXAMPLE

The grand jury at Dallas returned an indictment against Weldon Black, driver of the automobile which killed C. S. Hatch in Dallas on Sept. 10, charging him with manslaughter. Perhaps a few salutary legal examples will make drivers more careful. Something is certainly needed to that end.—McMinnville Telephone-Register.

#### SPOONING IN THE PEN

When a convict like Tanner can spend ten days in the room of a woman prisoner at the penitentiary without being found by

the officials, it looks as though poor discipline prevailed.—Jefferson Review.

The state's total registration will be about 275,000 which will not equal that of two years ago.

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 11c.

#### WOODROW WILSON

A vote for Wilson is a vote for peace. Not peace at any price but peace with honor. "This does satisfy the mothers of the land at whose hearth and fireside no jingoistic war has placed an empty chair. It does satisfy the daughters of the land, from whom bluster and brag have sent no loving brother to the dissolution of the grave" and it does satisfy the fathers of the land because their boys have not been used as cannon fodder because of the Standard Oil Co. and other money interests want a war of conquest in Mexico. Mr. Hughes and Mr. Roosevelt may condemn Mr. Wilson because he has kept this country out of war but the American people by their votes will not. The war in Europe is the result of the policy now being advocated by Mr. Hughes and Mr. Roosevelt. Not only re-elect Woodrow Wilson but back him with a congress that will stand by him. Elect Mark V. Weatherford to congress.

## WESTON PRESIDENT FAVORS PENDLETON

PROF. R. C. FRENCH, FORMER HEAD OF WESTON NORMAL, IS BOOSTER FOR PENDLETON AS NORMAL LOCATION.

Portland, Ore.—Professor R. C. French, ex-President of the State Normal School at Weston, Oregon, prefers Pendleton to Weston as the facilities for practice teaching at Pendleton make it the logical site for the Eastern Oregon Normal School. Here is what he says:

"The previous history of the Normal School in Eastern Oregon proves that a large number of young people to whom other educational institutions are not easily accessible are ready to avail themselves of the privileges offered by a Normal School to fit themselves for community service in public school work. The immediate establishment of such a school at some central point, such as Pendleton, would prove a great asset to the State of Oregon."

#### AT MOTHER'S EXPENSE

The following incident happened at The Dalles last week during the Convention of the Oregon Mothers' Congress: It was at the noon hour. Four automobiles drove up within a half hour of each other, each one of them containing farmers' families—the number of children ranging from four to six. The young people were bright-eyed and purposeful, well dressed and full of vim. The father was a prosperous looking individual in each case, and showing plenty of contact with his fellow-man. The automobiles were all high class and up to date. The wife and mother—"Mother Dear", if you please—in each instance was a tired-faced, plainly dressed woman whose very life seemed to have been given to the end that there might be bright-faced boys, contented husbands and high-power automobiles. Their faces indicated that their entire life had been one of resigned sacrifice. That they had lived to see their scrub stock year after year by the use of the pure-bred sires until at the present time it is standard; that they had seen their barns equipped with all the latest labor-saving devices to the end that the live stock might be used in the most approved manner. The latest type of machinery had been introduced. During all this period of time the home, or rather the house in which the mother held sway, had remained the same as it was when she went into it a bride. She had not thought it possible to have hot and cold water piped all over the house, with a roomy bath. The men folks' needs must take that money for the more necessary sheep-dipping vat. She is still using the same old kerosene lamps—it would be an expense to run a wire in from the nearest power plant and have electricity in the house; father really needed the money to build a silo. The children are coming pretty

fast in the first stages of married life. She would have liked some help and perhaps might have had a girl were it not for the fact that they had recently acquired another hundred and sixty-acre tract and must pay for that and have more hands in the field. Pure-bred live stock and splendid farms, up-to-date machinery and added land is a wonderful thing; it spells prosperity, but it may spell prosperity at "Mother Dear's" expense.—Portland Live Stock Reporter.
