PREPARED ROOFING AND BUILDING PAPERS

The most widely known roofing today is MALTHOID ROOFING. It is a twentieth century roofing and is as far ahead of the ordinary roofing as the automobile is ahead of the "Prairie Schooner."

MALTHOID is a high grade product and not to be classed with cheap roofings though low in price.

We carry also building papers for various purposes that are of the same high grade.

Call on us for these things and you will be pleased with the goods and the prices.
