BAPTIST ROLL CALL

Last Friday the Baptists observed their Annual Roll Call. It was a time of great rejoicing by the church. The day was not observed last year due to the torn up condition of the building. The roll call this year was, therefore, made a season of special rejoicing. Supper was served by the ladies at which the majority of the members was present. When each one's name was called the person answered in a pleasing vein, all expressing gratitude to God for the blessing of the enlarged edifice, and for the spiritual growth of the last two years. Many of the members who are out of town sent a proxy thru the mail, or else a special letter of love and prayers for the church. The evening closed with an address by Prof. F. G. Boughton of McMinnville college. He spoke on "Loyalty to Jesus". He said that the great thrill of the coming revival would be just that "The Lordship of Jesus".

BOY STUCK IN BIG GUN.

With the Help of a Rope He Came Out All Right.

South Bethlehem, Pa.—The Bethlehem Steel works recently forged the first sixteen-inch gun for the United States navy, the second made in this country. The first one, also cast here, guards the Atlantic entrance to the Panama canal and can fire a shot at most sixteen miles.

A slender apprentice wanted to have the honor of having crawled through the sixteen inch naval gun. It wasn't an easy job to work himself along, and halfway through he got stuck and yelled for help. Some of the men wanted to pull him out backward, but one of the mechanics sympathized with the boy and pushed in a rope from the front. He managed to get it around his shoulders and eventually landed head foremost.

NOVEL RECRUITING METHOD.

Premier of Australia's Plea Given Dramatic Effect.

London.—Dispatches from Australia describe a scene that occurred in Sydney while Premier Hughes was addressing a crowd of 20,000 people and appealing for recruits. As he was speaking some troopers of the light horse led into the square fifty riderless horses carrying white cloths inscribed "Who will fill an empty saddle?"

"You are living," Mr. Hughes pleaded. "You are Australians. Your country is in danger. God will be with you." Within twenty minutes every horse had a rider, and the jangling bits and the clattering hoofs had roused the crowd to a state of intense excitement. It is expected that this dramatic incident will help in stimulating the recruiting campaign.

METHODIST

Thos. D. Yarnes, Pastor.

10 A. M. Sunday School.
11 A. M. Morning service.
Subject: "Our Mothers".
Special music.
2:30 P. M. Loyal Temperance Legion.
7:00 P. M. Epworth League.
8:00 P. M. Evening service.

Next Sunday is to be observed as "Mother's Day". What we are, if we are worth while, we owe in great measure to our mothers. It has been said that God made our mothers, and I think we are all pretty well agreed that, in the main, he made a pretty good job of it. We can hardly show our respect more appropriately than by joining in this service in their honor.

JAIL DE LUXE, BUT EMPTY.

Westchester Offers Marble Baths, Etc., but Can't Get Convicts.

New York.—V. Everett Macy, multimillionaire commissioner of correction of Westchester county, has taken over the new penitentiary de luxe at East View, but he cannot get any prisoners to fill it.

There are plenty of Westchester men serving sentences—200, in fact—but they were committed to Blackwell's Island for their full terms, and there seems no legal way to transfer them. New York would like to let go of them, but can't. Mr. Macy needs at least forty at once or there will be no garden truck in the summer, there being no one to plant the garden.

The prison has marble shower baths, writing desks, real linen for the tables and pretty much all the comforts of home except freedom.

Fill In Picture Puzzle No. 23

ARE you now using the household articles that you drew in the last picture? You drew a table and chair, didn't you, children? We couldn't do much at home without them, could we. Now here is another article which is used on the farm. It also is used by many persons who have nice homes in the country. There isn't much call for it in the crowded cities, although the people there would like to have a chance to use it. Start your pencil at No. 1, let it run to 2, 3, 4, and so on, and note what you will get.
