With Your Poultry Through the Use of
INTERNATIONAL POULTRY FOOD TONIC

You should have a large increase in the number of eggs received when International Poultry Food Tonic is given. One extra egg a month from each hen pays its entire cost and its use often doubles the number of eggs produced. It is a tonic for helping to prevent disease, to promote health, to invigorate the digestive and egg-producing organs, and help supply material for egg shells.

"THEY HAVE IT"

OVER THE COUNTY

DALLAS—Polk county's seven alien enemies will have to have a permit if they approach within a half mile of the armory.

WILDWOOD—Twin heifer calves have been born to two cows belonging to L. D. Fry.

OAKDALE—Fruits are not as developed as usual. Cherries and prunes may come out all right, but strawberries will be short.

WEST SALEM—Prospects for a new bridge are again at zero. A recent law passed by congress forbids the use of steel in the construction of bridges until the war is over.

DALLAS—Dallas will celebrate the Fourth of July.

BALLSTON—L. C. Bennett has shipped 100 pounds of rhubarb to Co. L.

FALLS CITY—Owing to his inability to secure tin cans, C. J. Pugh is compelled to abandon his canning project for this year at least. Mr. Pugh had contemplated operating a canning factory in connection with his loganberry juice plant for the purpose of handling the evergreen blackberries.—News.

WILLAMETTE

VALLEY LOSES OUT

The populous counties of the Willamette valley, where business and the development of industry calls for good roads, will be neglected in the future as in the past. Road funds heretofore have been divided among those counties, like Jackson, Hood River and Columbia, which have bankrupted themselves to enrich paving companies, and not a cent of the tax they paid has come back to Marion, Linn or Lane counties, once it was paid into the state treasury. It will be no different in the future and a majority of the people in these counties knew it when they voted against the road bond issue. The Oregonian is wasting space in notifying the Willamette valley counties that they will receive scant consideration from the highway commission—every voter with a head on his shoulders knew that before election.

The road bond was put over by Portland with the aid of the Columbia river counties, boom-crazed Jackson county and a few other communities which were hoodwinked into thinking that it was an honest effort to develop Oregon through a good roads movement. The result will be a splendid system of tourist and scenic roads extending east and west from Portland—and excess profits for the paving counties of that city which will aggregate many millions in the next four or five years.

In the meantime the populous Willamette valley counties will continue to pay state road taxes and interest on bonds, and travel through the mud unless they improve their own roads by county levies as they have done in the past.—Salem Capital Journal.

"POTATO PATRIOTS" NEEDED.

Woodcraft League Urges Boys and Girls to Help Nation.

Ernest Thompson Seton, chief of the Woodcraft League of America, has sent an appeal to the members of the league asking them to shoulder the hoe and "hoe your country's way to victory" in the campaign to increase the food supply of the nation. The league believes that "potatoes may decide the great war" and urges boys and girls wishing to become "potato patriots" to join the Woodcraft potato clubs.

Each patriot will agree to plant and raise not less than fifty hills of this very necessary vegetable and donate the receipts to some worthy war fund. Those who join will receive a club button and complete instructions for planting and caring for their potato crop.

An American flag and a Woodcraft League potato club pennant will be given to the patriot raising the best crop from 250 square feet. Groups of five will receive a charter personally signed by Ernest Thompson Seton. Free seed potatoes for planting twenty-five hills will be given to the first hundred applicants.

FINDS WEDDING RING LOST FOR SEVEN YEARS

Wilmington, Del.—It is not only the proverbial bad penny that frequently turns up, as is proved by the case of a long lost wedding ring. Seven years ago Mrs. Frank Carey of 1802 Gilpin avenue lost her wedding ring in the yard of the house in which she was then living. Recently it was returned to her by the present occupant of the house, who discovered it while planting flowers.

MUST TILL THE SOIL.

German Sailors at Fort McPherson Help to Feed Themselves.

Atlanta.—The 411 German sailors who are now prisoners of war at Fort McPherson will soon be engaged in tilling the soil in order to increase the production of food crops in this country if present plans are carried out. It was stated that the authorities are only waiting until all arrangements can be made for compensating the Germans for their labor, as required by international law. A strip of land will be given them at the fort or near by, and every effort will be made to raise at least enough food to feed the prisoners and enough to care for United States soldiers, too, if possible.

The Germans now no longer salute Old Glory, as was the case when they first arrived. Since the declaration of war they keep in their quarters when the flag is lowered.
