

INDEPENDENCE MONITOR

"THE PAPER THAT EVERYBODY READS"

VOL. 5

INDEPENDENCE, POLK COUNTY, OREGON, FRIDAY, JULY 20, 1917

NO. 49

THE RHYMING SUMMARIST

Man wants but little here below
 But he wants that little long,
 He'll eat his pickles with a smile
 If someone sings a song;
 He'll swear he likes whatever comes
 Tho it chokes him up with pain,
 And today
 He'd even pray
 For a good old soaking rain.
 Sometime soon we all will go,
 Even the good must die,
 We know Saint Peter will hold us up
 When we get to the gate on high;
 But if we can boldly speak and say,
 Not the least afraid,
 "All and I
 When it was dry,
 We didn't cuss, we prayed."
 This will please him very much,
 The way we went about it,
 He may pass us thru the stile,
 Tho we muchly doubt it;
 (The reason we are prone to doubt is because
 According to Scripture while prayer helps
 A good deal it won't get
 Us into heaven unless it's
 Backed up with A No. 1 recommendations.)
 Old Man Grunt sits in the shade
 Keeping cool by fanning,
 Mrs. Grunt is in the kitchen place
 Boiling out and canning;
 Dear Sadie watches all the time
 The army draft and numbers,
 If five-o-one
 Gets a gun,
 The tears will spoil her slumbers.

STILL NO RAIN

The dry spell continues and has commenced to put a crimp in the crops.

All farmers who have any facilities for irrigating are using them. There are quite a number who can put a limited amount of water on their grounds.

GOLDIE IRVINE DEAD

Owing to the non-arrival of the body of Goldie Irvine Harkins, the funeral which was to have taken place yesterday, will be held tomorrow afternoon at one o'clock.

Goldie Irvine was raised to womanhood in Independence and was very popular. Besides a number of relatives, she had a large number of friends here who are much grieved by her death.

The obituary follows:

Goldie Lillian Irvine was born in Independence, Oregon, April 23, 1885, and resided here until 1907, when she removed to Winlock, Wash. She was married May 5, 1906, to Carl Harkins, and remaining in Winlock until December, 1916, when she moved to Bellefourche, So. Dakota, where she has since resided.

Stricken suddenly, she passed away following an operation, on Friday, July 13, 1917. She leaves a mother, Mrs. Ella Hart of Independence; and two brothers, Roy C., of Lacrosse, Wash., and Ted M., of Portland, Oregon.

The body was brought to Independence this morning and funeral services will be held tomorrow afternoon in the Presbyterian church, Dr. H. Chas. Dunsmore officiating, and the remains laid to rest in the Odd Fellows cemetery. She was a member of the Rebekah lodge of Independence, which order will have a part in the funeral services. She was also a member of the Woodman Circle of Winlock, Wash.

RED CROSS MEETS

Despite the warm weather the Independence Red Cross Auxiliary met at the Moose Hall last evening. Routine business was transacted with B. E. Smith presiding. Miss Florence Gebo reported from the amusement committee that \$61.85 was realized from the recent Red Cross dance. The basement of the M. E. church was generously offered as a meeting place, but as the Moose Hall is more centrally located the Auxiliary voted to continue meeting there.

The next meeting will be held next Thursday, July 26. All members are urged to come.

DAVE "LAYS OFF"

The heat of last Saturday was too much for Dave Boydston and he was obliged to "lay off" for the day. His absence from the job is so infrequent that to see someone else on the wagon caused much comment. For nearly twenty-five years, Dave has carried the mail to and from the depot during which time he has missed less than a dozen days.

HEAT KILLS HORSE

One of the three large horses used to haul the Standard Oil wagon around this section dropped dead in the harness Saturday afternoon. The beast could not stand the heat.

Several farmers were obliged to quit work in the fields Saturday afternoon because it got too hot for both man and beast.

DRAFT NUMBERS

Following herewith are the names and serial numbers of all the registered men from Independence, Buena Vista, Saver and East and West Luckiamute precincts.

Bear in mind that it would be well for all the registered to watch the papers for the numbers drawn, especially those who are not in the county where registered. While the exemption board will notify everyone whose number is drawn, the government will not be responsible if the notice does not reach those to whom it is sent, and the failure of any "called" man to not appear on time thru ignorance will not save him from being punished.

There seems to be a misunderstanding of how the draft will be made. The drawing will take place in Washington. For example, if the number 13 is among those drawn, every registered man in every county or division in the country (unless his county has been exempted) whose serial number is 13 must appear for examination on a date designated by the county exemption board. All should familiarize themselves with the rules governing exemption if they intend to apply for the same.

The serial number appears after the name in the list below:

DRAFT NUMBERS DRAWN TODAY

The drawing of numbers for army service commenced in Washington this morning and will be completed before night. The number of every registered man will be drawn. After the list is completed, everyone subject to draft will know exactly the rotation in which the men will be called for Service.

By watching tonight's papers and making use of the numbers presented on this page, it is possible to tell where any particular individual will be on the list. Thus, if No. 13 gets the 1000th place on the Polk county roll, it may be several years before No. 13 must report for examination. It has been unofficially stated that Polk county will be exempted from furnishing a man for the first army. The second army will be called in from three to six months after the first one.
