A Good Thing in Pairs

Good things of this kind must come in pairs. Twould be odd if they did't. We have a few odd things, but they're in pairs too. A few bargains to close out, and some odd sizes. If you can find your size among them, you'll be getting a good thing cheap.

According to local weather prophets we are to have an early fall succeeded by a hard winter. Probably the weather prophets know nothing about it, but if you have grain out in the field it will be a wise move to get it under cover as soon as possible. We occasionally have rains early in the fall and it does not pay to take too many unnecessary chances.

"What Shall a Man Give?"

The solemn question comes home to almost every man at some period in his career. "What will you give in exchange for your life?". It is like that other solemn question about the soul. Just as an honest man feels that nothing of earthly value can be weighed against his soul so a man who has one friend to love him knows that life is too precious to be bartered away for ambition, or money, or pride.

But men are slow to believe that overwork sometimes kills; a man hates to admit that his health ever needs any particular care. He feels miserable and "out of sorts" but tries to "bluff it off" until he gets flat on his back, unable to do a stroke of work. He becomes obliged to spend no end of money for doctors and even at that can hardly save his life.

How much more sensible, and in the end how much cheaper at the first signs of physical weakness to write to Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., and obtain, free of charge, the advice of a skilled and educated physician who has a wider reputation for the successful treatment of chronic diseases than any other physician in this country.

In a letter to Dr. Pierce, Mr. J. W. Brittin, of Clinton, Dewitt Co., Ills., (P. O. Box 461) writes: "For over a year I was troubled with liver complaint. Had no appetite, could keep nothing on my stomach, and had severe pains in my stomach and bowels. I doctored with home doctors but did not obtain relief until a friend advised me to take Dr. Pierce's Golden Medical Discovery. I began taking it at once and after taking four bottles I think myself cured, as I can eat anything I want and my food never hurts me."

Dr. Pierce's Pleasant Pellets cure constipation." At all medicine stores.

P P Bonney, of Colton, planted corn on May 10 and on September 10 he cut some over 10 feet high, with a good showing of ears. Oregon will soon be known as a good corn state, while a few years ago it was generally understood that corn would not mature here. For cow feed there is nothing that will go further than corn, cut green and put in a silo.

Everyone is now anxious to witness the great harvest festival that is to take place September 17-20 in the Salvation Army hall. To add greatly to the interest of this event Staff Captain and Mrs. Willis of Portland, will be here Saturday and Sunday, September 17 and 18 to lead the forces. On Tuesday, September 20, Ensign Wilson, always a most welcome visitor, will be here. All should avail themselves of the opportunity to see and hear there able and faithful leaders.
