THE ATTACK OF ILOILO

Insurgents Occupying Suburbs of the City.

PEOPLE ARE TERROR-STRICKEN

Look for an Assault to Be Made at Any Time—Appeal to the Captain of the Charleston.

Manila, Nov. 15.—The following advices have been received from Iloilo, capital of Panay, one of the principal islands of the Visayas group:

"The insurgents have occupied Lingayon, Oton and Pavia, suburbs of Iloilo, and are daily expecting to attack the town. The Spaniards have abandoned the mole and destroyed the connecting bridges. Business is paralyzed, and the inhabitants are in a state of terror. The mercantile houses of all nationalities have signed a circular, asking the commander of the United States cruiser Charleston to remain, as the Spanish authorities are incapable of affording them protection."

It is reported also that the insurgents have taken the whole of the islands of Negros and Zebu, of the Visayas group. As the cable connections are cut, it is impossible to confirm the rumor.

November 6 General Rios, Spanish governor of the Visayas, is said to have declared a seven days' armistice in order to communicate with Madrid, with a view of transferring control to the Americans.

Major Bell has gone to Iloilo to ascertain the facts of the situation.

The United States transport Scandia will leave tomorrow with 60 sick and discharged men.

Report From Governor Rios.

Madrid, Nov. 15.—The government has received a dispatch from General Rios, governor of the Visayas islands, reporting the rebellion in the island of Negros, and announcing the departure from Iloilo of the mail steamer Munos with a number of invalided men.

REFUSE TO LEAVE.

Madly Among Spanish Soldiers in Puerto Principe.

Washington, Nov. 15.—Adjutant-General Corbin received a dispatch today announcing that the Eighth cavalry sailed this morning from Savannah for Puerto Principe, Cuba. The regiment will be the American garrison at Puerto Principe and Nuevitas.

In this connection an interesting bit of information has reached the war department. Arrangements have been made by the Spanish authorities to send back to Spain the Spanish troops, numbering 9,500 men, upon the arrival of the American garrison. It was expected they would sail Wednesday or Thursday, but an unexpected obstacle has arisen among the men themselves. They are on the verge of mutiny, openly declaring they will not return to Spain until they have received their pay, now far in arrears, for service in Cuba. The mutiny extends not only to the enlisted men but to their officers, and is directed against the executive officials of the government on the island. Some of the men have not been paid for nearly a year, and to all of them several months of pay is due.

The situation has created no particular concern in the minds of the American authorities, as it is not likely seriously to affect the control of that portion of the island by the American force; but it is realized that these 9,500 soldiers, if they should persist in their refusal to return to Spain, might become dependents whom it would be difficult to care for, and ultimately, perhaps, a menace to good government in the island. The Spanish authorities express no fear of their ability to solve the problem presented, but how they will solve it if the men, backed by their officers, absolutely refuse to return home without their pay is not clear.

REDUCED TO ASHES.

Business Portion of Canyon City, Or., Destroyed by Fire.

Baker City, Nov. 15.—At 11 o'clock last night fire was discovered in the Elkhorn hotel, at Canyon City, and within two hours the entire business portion of the town and a number of residences were reduced to ashes. The fire department was unable successfully to combat the flames, owing to a lack of water. The buildings were mostly frame, and the fire made rapid progress. The conflagration was due to the explosion of a lamp.

Friday night recalls to memory the great conflagration that destroyed the town on August 13, 1870. Canyon City was at that time the liveliest town in Eastern Oregon, made so by the mining excitement that prevailed as a result of the gold discovered in Canyon creek. The population of the town was much greater then than it has since been, and the number of business houses was larger. The fire of 1870, like the recent conflagration, swept through the town and left it a mass of ashes.

Fire at Bloomfield, O.

Bloomfield, O., Nov. 15.—Four business blocks were burned to the ground today, with a loss of \$75,000. The fire is thought to have been of incendiary origin.

Died of Hydrophobia.

Sodalia, Mo., Nov. 15.—Thomas Moore, 7 years of age, son of E. J. Moore, a member of company I, Second regiment, Missouri volunteers, died today of hydrophobia. The boy was bitten two weeks ago by a dog suffering from rabies. Yesterday the boy commenced to bark like a dog and was attacked with frequent convulsions. He tried to bite his attendants and seemed possessed of superhuman strength. He died in great agony.

NO MORE PARLEY.

The Disposition of the Philippines Is Settled.

Washington, Nov. 15.—The cabinet held a session tonight at which instructions, understood to be of a positive character, were drafted for dispatch to the American commissioners in Paris. These instructions were the outcome of the conference held earlier in the day, and instruct the American representatives to admit of no further discussion as to the right to consider the disposition of the islands, and state that on that point the instructions already sent must stand, the only matters for discussion from the American point of view being the manner of giving over the islands.

The attitude of the insurgents in the Philippines has given the administration considerable uneasiness, for it is feared that if the insurgents are allowed to continue their hostile activity, there may be protests which will be compelled to regard.

The cabinet meeting lasted until nearly 1 o'clock. One of the features was the presentation by Admiral Schley of the report of the Porto Rican evacuation commission. Schley's visit brought up the Porto Rico question. The admiral was invited to participate in the discussion.

Concerning Cuba, a definite conclusion was arrived at by the cabinet to open a port on the western coast of the island, probably at Cienfuegos, about December 1, in order to allow the large sugar planters to get in machinery and begin work on the new sugar crop.

LOOTED THE TERESA.

Natives of Cat Island Plundered the Stranded Cruiser.

Washington, Nov. 15.—The official report to the navy department of the finding of the Maria Teresa was contained in the following cablegram received from Commander Cabrera, of the wrecking tug Potomac, which had been ordered to Cat Island from Santiago.

"Nassau, Nov. 15.—Secretary of the Navy, Washington: Potomac arrived. Maria Teresa is near Bird point, Cat Island, one mile off shore, in two fathoms of water. Tide is rising and falling hourly; movable articles were removed by natives. Vulcan was not seen. Natives have been at work since Saturday."

The Potomac was ordered at once back to Cat Island, with instructions to Commander Craven to "take the Maria Teresa and drive off the natives who are looting the ship." He replied by cable that he would leave immediately and would arrive at the wreck in the morning.

The fact that the Teresa, a vessel drawing 23 feet of water and waterlogged as she was when abandoned, and now probably drawing nearly 30 feet, had been driven in 13 feet of water is regarded by naval officers as evidence of the great strength of the storm which caused her crew to leave her.

HELP FOR POOR CUBANS.

Movement Started in This Country to Give Them Employment.

New York, Nov. 15.—In Plymouth church, Brooklyn, tonight, a meeting was held to consider the present condition of Cuba. Addresses were made by Rev. Dr. Lyman Abbot, William Howard, Rev. Herbert M. Allen and others.

Mr. Howard described the condition of Cuba as he had seen it and pointed out that the only remedy for the existing misery lay in giving employment to the poor. He introduced industrial relief among the Armenians in Turkey during his two years as a relief commissioner among the Armenians.

Mr. Allen, who was Mr. Howard's associate in Armenian relief work, described the industrial relief operations in Turkey up to the present time. Resolutions were adopted indorsing a plan for Cuban industrial relief as a practical and effective means of helping the Cuban poor to help themselves, by providing for them honest employment, instead of indiscriminate gifts and temporary relief. Continuing, the resolutions recommended:

"That an undenominational commission be formed to procure funds with which to carry this plan into effect."

Life Imprisonment for Weaver.

Burns, Or., Nov. 15.—In the case of Jim Weaver, the motion for a new trial was overruled and the prisoner was sentenced for life.

Weaver was convicted Wednesday morning last of murder in the second degree. The prisoner is 33 years of age, and was born in Marion county, this state. He came to Prineville when he was 10 years old, and lived there until some four years ago, since which time he has lived in Burns. He was a woodchopper.

On the evening of September 28 he killed William McKinnon in a saloon altercation. He was tried during the present term of court before Judge Clifford.

Jumped Through a Car Window.

Detroit, Nov. 15.—Ida E. Irela, 23 years of age, early today threw herself through the window of the Houghton express, on the Michigan Central railroad, when the train was a short distance from Columbiaville. She was an insane woman, who was being deported to Finland, in accordance with the immigration laws, she having resided here less than a year.

London, Nov. 15.—The Daily Mail says this morning the French naval construction programme
