

Don't Have to Wait.  
We don't have to wait, for cold, soreness and stiffness will come on from excessive exercise, but it will go immediately after using St. Jacobs Oil to soften and strengthen the strained muscles.

A Mere Formality.  
"Do you know that in Russia a man doesn't become of age until he is 26 years old?"

"Yes, and as far as his citizenship is concerned it doesn't do him much good to become of age even then."—Cleveland Leader.

### Salt Rheum, Hands Would Crack Open

"I cannot say too much in praise of Hood's Sarsaparilla, as it has worked wonders in my case. I was afflicted with salt rheum on my hands for many years. I tried many remedies but did not obtain relief. My hands would crack open and bleed profusely and the pain was terrible to bear. Since taking Hood's Sarsaparilla the flesh has healed and my hands are as smooth as a farmer's hands could be. I have recommended Hood's Sarsaparilla to my friends, and as far as I can learn it has proved satisfactory."—LLOYD B. CHASE, Potterville, Mass.

Hood's Sarsaparilla is the best medicine for salt rheum that money can buy. All dealers.

Shopsy.  
His daughter—Yes, the story ends in the same old way; they marry and live happy ever after.

The furniture man—Ah! Antique finish—Indianapolis Journal.

### CATARH CAN NOT BE CURED

With local applications, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the seat of the disease. It is a powerful purgative, and its regular use keeps the system pure and healthy. It is composed of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

A Norwich engineer has invented a process for producing paper glue, dressing gum and soap from seaweed.

### SYRUP OF FIGS

NEVER IMITATED QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction given the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

### PRESIDENT OF FRANCE

### Now Lies Dead From an Attack of Apoplexy.

### HE SURVIVED BUT A FEW HOURS

### Fears of Disturbances in Paris—Measures Taken to Prevent Disorders.

Paris, Feb. 18.—President Faure died from apoplexy tonight. It has been known for some time that his health was weak, but the first intimation that he was sick was given at half past 6 this afternoon, when a message was dispatched to the premier, M. Dupuy, announcing that the president was ill. M. Dupuy immediately repaired to the Elysee. All medical efforts proved futile and the president died on the stroke of 10.

It was not until 12 o'clock that the news began to become known to the general public in Paris. From this time began a continuous arrival of public men. Strict orders, however, were issued, and only members of the cabinet were admitted to the Elysee. The report spread rapidly throughout the city, and large crowds soon assembled in the vicinity of the palace.

It is reported that the recently formed league, known as La Patrie Francaise, will actively push M. de Beaurepaire's candidature. Under the present exceptionally exciting conditions, anything may be expected to happen. Much depends upon what General Zurlinden, military governor of Paris, as the head of the military element, may decide to do.

M. de Freycinet has ordered the troops confined to barracks today.

### THE TREATY APPROPRIATION.

It Caused a Long Debate in the National House.

Washington, Feb. 18.—In the house today the senate amendments to the agricultural bill were nonconcurred in, and the bill was sent to conference. Without further preliminary business, the house went into committee of the whole, and resumed consideration of the sundry civil bill.

When the paragraph appropriating \$30,000,000 for the payment to Spain under the treaty of Paris was reached, Wheeler made a point of order against it. His point of order was that the paragraph was obnoxious to rule 21, invoked yesterday against the Nicaragua canal amendment. If the treaty of Paris was completed, if it was vitiated by the ratification of the Spanish cortes and the exchange of ratifications had taken place, he confessed that the treaty would be the law of the land and the amendment would be in order. He cited numerous decisions of the supreme court in support of his position.

Then followed a long debate on that portion of the bill, and without getting beyond that point the house adjourned.

### In the Senate.

Soon after the senate convened today the house joint resolution authorizing the secretary of the navy to pay certain laborers, workmen and mechanics at the United States navy-yards and naval stations 50 per cent additional for work performed in excess of eight hours per day was called up and adopted.

The military academy appropriation bill was passed without debate, and consideration of the naval personnel bill began.

Morgan offered the Nicaragua canal bill as an amendment to the river and harbor bill, and had it referred to the committee on commerce now considering that measure.

The military affairs committee reported the army reorganization bill, which brought out an extended discussion.

A house bill setting apart a certain tract of land, containing 10 acres, in Oklahoma to the Stella Friends Academy and Church Association was passed.

Consideration was then begun of the postoffice appropriation bill. Practically the only obstacle encountered by the bill was the committee amendment providing for special mail facilities on the trunk lines from New York and Washington to Atlanta and New Orleans, and from Kansas City, Mo., to Newton, Kan.

The amendment which appropriates \$171,238 special mail facilities from New York and Washington to Atlanta and New Orleans, was then agreed to, 42 to 10. The amendment appropriating \$25,000 for special mail facilities between Kansas City, Mo., and Newton, Kan., was also agreed to. Mantle of Montana, presented the credentials of Hon. William A. Clark, and Turley of Tennessee, presented the credentials of Hon. William B. Bate, each elected as senator from his state for the term of six years from March 4, 1899.

At the conclusion of the reading of the postoffice appropriation bill, it was allowed to go over.

A bill providing for an additional circuit judge in the third judicial circuit was passed.

Washington, Feb. 18.—General Brooke today cabled from Havana, reporting three deaths among the American soldiers in Cuba since February 14.

The Rebels Retreated.  
Manila, Feb. 18.—A large body of the enemy, presumably reconnoitering, was discovered on the right of Brigadier-General King's position, near San Pedro Macati, this morning. The entire brigade turned out, and after an exchange of volleys, the rebels retreated into the jungle and disappeared.

Washington, Feb. 18.—The department of state has been officially advised of the settlement of the great strike at Colon.

### IN MEMORY OF WASHINGTON

Oh, brave and wise and steadfast soul,  
Whose nation deems thy tomb to lay,  
So long as this vast globe shall roll,  
Thy praises shall not pass away,  
And as whose fathers led thy hand,  
Before whose blade they broke and fled,  
Will honor, with thy native land,  
The noble memory of the dead!

For more than fame, or patriot pride—  
Before all things desired and fair—  
Is freedom! Stand thou there beside  
Her beauty in that native air,  
Thy lightning cleared, that we might see  
The rampart spindlers of her eyes  
Smile down on all thy race to be,  
And its unrivaled destinies!

Men spread the feast and pour the wine  
In memory of thy stainless name,  
And honors ever shall be thine—  
Enduring love and destined fame!  
But though thy glory through the sphere  
Were carved and spoken, harped and sung,  
Thy great soul would disdain to hear,  
One tribute from an English tongue.

### WASHINGTON A RICH MAN.

Owned Thousands of Acres of Land and Stocks and Negroes.

When Washington died he was one of the richest men of his time. He owned lands and stock and negroes, and his estates amounted to thousands of acres. He had houses in Alexandria, Va., and property in Washington. He had valuable lands near the present site of Pittsburg.

He was throughout his life a money maker, and when he was a boy he got \$5 a day and upward for his surveying. He put his surplus money into lands, and an advertisement in a Baltimore paper of 1773 states that he had 20,000 acres of land for sale on the Ohio river. His will, which is now kept about twenty miles from Washington, in the safe of the old court house at Fairfax, Va., gives a detailed statement of every article he possessed down to the calves and sheep. His personal estate was then put down at \$522,000, and this included a vast amount of tobacco, large numbers of cattle, sheep and horses, nearly all of which he willed to his wife. This will is now kept in a wooden box, the top of which is covered with glass. It was torn in two some time ago by some careless sightseer, and since then no one has been allowed to handle it. The account books which are kept in the State Department show that Washington was very careful about keeping a record of his expenditures. He put down every thing.

### Washington's Golden Words.

Interwoven is the love of liberty with every ligament of the heart.  
To preserve is one's duty, to be silent is the best answer to calumny.  
Without virtue and without integrity, the finest talents and the most brilliant accomplishments can never gain respect or conciliate the esteem of the most valuable part of mankind.  
Promote as an object of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of a government gives force to public opinion, it is essential that public opinion should be enlightened.  
Observe good faith and justice toward all nations; cultivate peace and harmony with all.

Let me warn you most solemnly against the baneful effects of the spirit of party. \* \* \* It exists, under different names, in all governments, more or less stifled, controlled or repressed; but in those of the popular form it is seen in its greatest rankness, and is truly their worst enemy. My first wish is to see this plague to mankind, war, banished from the earth, and the sons and daughters of this world employed in more pleasing and innocent amusements than in preparing implements and exercising them for the destruction of mankind.  
Rather than quarrel about territory, let the poor, the needy, the oppressed, of

WASHINGTON'S FIRST TOMB.

passed since then, and America has given more attention to anniversary celebrations of that happier event—the birth of our first President—than to the yearly recurrence of the day of the funeral.

This year, however, the centennial of that day will take place, and the observance at Mount Vernon will be on Dec. 14, the anniversary of the day of the death, instead of on the 18th, which was the date of the funeral. It is intended, nevertheless, that the observance shall take the form of a duplication of the funeral services, going over the same ground as in 1773. So elaborate are the contemplated ceremonies that already plans are being put into shape for the great event. As Gen. Washington was a Mason, the services over his body were conducted, in part at least, by the Masons, and so the anniversary services will be under the direction of the Grand Lodge of Virginia, Free and Accepted Masons. The Grand Lodge will meet in Alexan-

ria, and, escorted by Lodge No. 4 of Frederickburg, in which Washington received his first degree; Washington Lodge No. 22 of Alexandria, of which he was the first master, and Federal Lodge of Washington and representatives of every Grand Lodge in America will go to Mount Vernon and there repeat the services of Dec. 18, 1799. It is expected that President McKinley, himself a Mason, will make an address, and after the ceremonies a banquet will be given in Washington.

The march to the tomb will pass, of course, the old tomb in which Washington's body was buried, and in which it rested for more than thirty years, though the objective point of the procession will be the new tomb, where the coffin now is. In his will Washington stated that "the family vault at Mount Vernon requiring repairs, and being improperly situated, I desire that a new one, of brick, and upon a larger scale, may be built at the foot of what is called the Vineyard Inclosure, on the ground which is marked out, in which my remains and those of my deceased relatives (now in the old vault), and such others of my family as may choose to be interred there, may be deposited." Notwithstanding his request, it was not until 1831 that the new tomb was built, and Washington's body placed therein. And then the old vault was allowed to fall into a state of decay. In recent years it has been rebuilt from a drawing in the Congressional Library, and it is now surrounded by an iron fence, and is kept up with the same care as the new tomb. In 1837, when the marble sarcophagus in which the coffin of Washington and his wife were placed in the new tomb, the key of that tomb was thrown into the Potomac river.

At the request of Martha Washington a door was made to the old tomb at the time of the general's burial, instead of

### DR. DARRIN'S SYSTEM OF TREATMENT.

Electricity, the invention of the 19th century, is well worthy the patient years of investigation and experiment that have been given to it by some of the ablest and most devoted votaries of science. Galvani, Volta, Humboldt, and others equally distinguished, spent years in studying the phenomena of this wonderful agent, and then gave it a physical value in the invention of the telegraph. And now, as we have become familiar with the constant miracle of lightning, bending obedient to the slightest touch of man, we see a new world of application by Dr. Darrin, who, by skillful mechanism, directs this subtle force to the destruction of disease and the building up of waning vitality. Dr. Darrin's treatment with electricity and medicines all curable chronic, acute and private diseases, blood taints, effects of errors, or excesses, in old or young; loss of memory, diseases caused by mercury in the improper treatment of private diseases. Office, 203 Morrison street, Portland, Me., 10 to 5 daily; evenings, 7 to 8; Sundays, 10 to 12. Consultation free and confidential; question blanks and circulars sent gratis to any address; patients cured at home. Batteries and belts furnished.

### MR. JOHNSON'S GREAT STRENGTH

### And How He Developed the Power to Handle Thirty Tons Weight of Lumber Across a Saw Mill Floor Daily.

M'INNISVILLE, Or.—Dear Dr. Darrin: Your electric and home treatment for the past few months has wrought almost a miracle on me. When I first came to you, I was about crazy from kidney troubles. I was wholly unable to work. Now I am strong and hearty, and able to handle 30 tons weight of lumber across the sawmill floor every day. It is a wonderful and radical cure. I thank you with all my heart. I will stand by you and recommend you first, last and all the time. My mother (Mrs. M. A. Johnson), who formerly lived in Salem, Or., now here, has never had a return of her deafness of 12 years' standing, cured by you two years ago. Gratefully yours,

CHARLES L. JOHNSON.

### Dr. Darrin's System of Treatment.

Electricity, the invention of the 19th century, is well worthy the patient years of investigation and experiment that have been given to it by some of the ablest and most devoted votaries of science. Galvani, Volta, Humboldt, and others equally distinguished, spent years in studying the phenomena of this wonderful agent, and then gave it a physical value in the invention of the telegraph. And now, as we have become familiar with the constant miracle of lightning, bending obedient to the slightest touch of man, we see a new world of application by Dr. Darrin, who, by skillful mechanism, directs this subtle force to the destruction of disease and the building up of waning vitality. Consultation free and confidential; question blanks and circulars sent gratis to any address; patients cured at home. Batteries and belts furnished.

### Every One Knows.

Why trifle with a sprain when every one knows that St. Jacobs Oil used in the worst case will so strengthen the injured muscle as to make it the best remedy for this dreaded pain.

### Malleable glass, a patented article, is now used to fill decayed teeth.

### FOR MEN ONLY.

### DR. FOOTE & STAFF

161 ADAMS ST., CHICAGO.

Men require unsurpassed treatment should consult Dr. Foote & Staff. Free! With the pioneer and only exclusive men's specialists in the United States. Diseases of men made the study of a lifetime, and fortunes everywhere sent everywhere in sealed packages and letters in plain envelopes. Correspondence solicited. Latest surgical, medical and electrical methods adopted. Dealing the stomach with drugs abandoned. Avoiding the use of opiates, the unadvised and self-styled specialists in Western towns. Few genuine specialists locate outside of New York or Chicago. In these cities your private affairs are safe. Unequalled treatment for all diseases. Specialties: Catarrh of the Urinary, Sexual, Reproductive and Nervous Systems. Impediments to Marriage removed. "Syphilis" positively cured. Catarrh of the Prostate and removal of white matter in throat or mouth, cupped colored spots on body and eruptions on skin, also catarrh and rheumatism. "Syphilis," the only permanent restorer and invigorator, gives vigor to the organs, and restores, revivifies and cures. \$1 per bottle, 6 for \$5. Trial bottles, either remedy, half price.

### Female fish of all species are considerably more numerous than males, with two exceptions—the angler and the catfish.

### Enlarged Prostate Cured.

The Bane of Old Age No Longer To Be Dreaded.

### A Man Eighty-two Years of Age Cured in Dixie, Ark.

One of the oldest and best known men in Perry County, Ark., after enjoying a long and perfect health after suffering for many years with chronic enlarged prostate enlargement, and infirmities, will cheerfully tell anyone how he was cured.

### Mr. H. L. TRUNDLE.

We want this to reach the eyes of every reader of this paper. Mr. H. L. Trundle, Dixie, Ark., a man of 82 years of age, looks as young as a man of 60 years. For more than fifteen years Mr. Trundle was a slave to prostatic disease. You men who are afflicted know what it means—the days of woe, the sleepless nights, the weakness, the pain, the frequent calls to pass water and the inability to do so. He could scarcely get about the house, his limbs aching and racked with pain from head to foot. In this condition he read the startling announcement in his paper that a marvelous new method for curing prostatic disease had been discovered, and at once obtained the remedy, in less than ten days more he had the satisfaction of expelling relief. His case was chronic, deep seated, but the chances of recovery on account of his age were against him. Yet sixty days of continued use of the famous Solvent-Alternans method cured him.

You men who are afflicted can have the same experience if you will. Mr. Trundle did, he used Solvent-Alternans, a new method treatment. It is described in two neatly written books which you can get free of charge, by sending your name and address to the Empire Medical Company, 215 M. South Building, Boston, Mass. It won't cost you a cent, and it may be worth hundreds to you. Write to-day, and refer to this article.

### Our New Calendar Watch for 1899.

Gives the time, day, date, month and changes of the moon. Handsome, accurate, durable. If you are a good watch you will immediately get about the house, his limbs aching and racked with pain from head to foot. In this condition he read the startling announcement in his paper that a marvelous new method for curing prostatic disease had been discovered, and at once obtained the remedy, in less than ten days more he had the satisfaction of expelling relief. His case was chronic, deep seated, but the chances of recovery on account of his age were against him. Yet sixty days of continued use of the famous Solvent-Alternans method cured him.

Address all your Tags and the correspondence about them to DRUMMOND BRANCH, St. Louis, Mo.

### PATENTS

### The National Inventors' Association.

(INCORPORATED.)

We do a general PATENT BUSINESS. We secure, introduce and sell patents. Our registered attorney our patent direct from the government without parties. Agents wanted in every town to sell patented articles. Further information furnished on request. BOOK 518 CHAMBER OF COMMERCE BUILDING, PORTLAND, OREGON.
