The basket ball game on last Friday evening between the business men of the Y. M. C. It was the hardest fought game that has been played in this city, and both teams made some excellent plays.

The blasting of rock for the foundation of the new Y. M. C. A. building is about completed and the work of constructing the building will commence at once. The lumber and all building material has been ordered and will be on the ground in a few days. The carpenters will push the work through as quickly as possible, and the Association hope to have their new quarters finished in about six weeks.

The onion growers about Tanlatin appreciate the value of manure so much that they are shipping in stable manure from various points along the railroad. Farmers who are contemplating moving their barns to get away from the accumulation of waste matter, might profit by the example of the onion growers, who claim that a car load of stable manure will increase the productiveness of the land on which it is placed to the amount of two hundred sacks of onions.

Some men who enjoy good standing and full fellowship in the church remind us of the old dandy who arose in prayer meeting and said "Brethren and sisters, I've been a mighty nigger in my time. The man who has a good and industrious wife has reason to get down on his knees three times each day and thank God. A good woman can bring more sunshine and happiness into a family circle than a barrel of silver or a mine of gold, and can make all around her happy and contented as well as being the same herself. The nearest to Heaven that a man ever gets while on this earth is when he can go home to the bosom of his family, where peace and happiness reigns and where discontent and turmoil enter not.—Ex.

It is a notable fact says an exchange, that many good items are lost to the newspapers every week by the modesty of the people who hesitate to tell the editor matters concerning themselves. The right thing to do is to courteously stop the newspaper man on the street or any place you may see him and tell him you have been on a visit, have relatives visiting you, that you and your wife have a new baby at your house, or that your wife entertained friends, or anything that is in any way a matter of news. If you have done anything mean keep that to yourself, for there are others who make it their business to tell about it.

Marriage Licenses.

The following marriage licenses have been issued by County Clerk Dixon:

Grace Kiser and W. F. Lewis on the 27th.

Minnie J. Commor and W. A. Osterhoudt on the 21st.

BORN.

LYONS—On February the 28th ult, to the wife of D. Lyons, a son.

DIED.

GIESY—At Aurora, on February 8th, Andrew Giesy, aged 81 years, 3 months, and 8 days.

Mr. Giesy was born, November 1, 1817, in Alleghany county, near Pittsburg, Penn. From there went to Bethel, Mo., where he resided until 1876, when with his family came to Oregon, settling in Aurora and lived there until his death.

Historically speaking, Mr. Giesy carried the name of having been a great man, as will be substantiated by many who had the opportunity of having been intimately acquainted with him. He prominently figured in the management of the Bethel Colony, from which the well known Aurora Colony was originated, although both of these colonies are and have been dissolved for some time. He was president of the Missouri Colony from the year 1862 until 1876, when at this period being desirous of coming West, he surrendered his past. During his 14 years management of the affairs of the last named colony he was also entrusted with the treasuryship, the custom being that the presiding officer was also to act as treasurer, to have control of and keep the books and manage the financial affairs of the colony in general. Not unlike other responsible callings, Mr. Giesy encountered and had to brave many obstacles and unpleasantness in order to uphold the welfare, rights and peace of the people who looked to him for their treatment, as each one viewed it. Since it seems to be an impossibility that every body can be pleased from one source, so it may not be out of order to say that in his strong endeavors to hold (for the colony) their just belongings, he, as leader, was dragged into courts for what in his honest belief he considered unjust claims against the body, and had to fight it there to prove and retain it for the people justly entitled thereto, this he always did with out compensation. Another example of his uprightiness was that in the beginning of his callings. All the real estate belonging to the different parties constituting the colony was decided to him, containing several acres of valuable real estate including the entire town of Bethel, which he voluntarily decided back to the proper parties when stepping off his position.

Mr. Giesy leaves two son, William and Andrew H. Giesy, who are at present conducting a general merchandise store in Aurora under the firm name of A. H. Giesy & Co., three daughters, Miss Mary A., Miss Catharine A. and Miss Mittida Giesy are living on the old homestead, and Mrs. Geo. Miller, wife of the S. P. R. R. agent, also lives with her family at Aurora.

LATOURRETTE—In this city, at the residence of his sister, Mrs. Henrietta Norris, February 23, Wells T. Latourrette, aged 60 years.

The body was taken to Salem Saturday and buried from the Presbyterian church.

RINEARSON—In this city, February 28, Cornelia, the eldest daughter of Mr. and Mrs. Geo. O. Rinearson, aged 4 years.

County Receipts.

The county clerk collected in fees during February \$175.90, for same month in 1898, 185, for 1897, 180.65.

There were eight marriage licenses issued during the month.

The recorder collected during February \$133, for same month in 1898, \$133.70, in 1897, 136.97. There were 72 deeds, 29 mortgages and 29 cancellations filed.

County Commissioners.

On Monday the county commissioners met and inspected the Clackamas bridge, which has been undergoing repairs. The work was accepted.

The old county court made an order for the judge inspect the work, a provision that would not have cost the county one cent. The new system cost mileage and per diem for each of the commissioners, amounting to \$11.80. So much for the new system.

Salaries of County Officers.

The late legislature passed a bill changing the salaries of the county officials. The measure is spoken of by the promoters as one economy, but the opposite is the truth.

The sheriff at present receives \$2000 a year and furnishes his own deputy. The new law cuts the salary to \$1700, but that is so low that the sheriff will be compelled to have the county pay the salary of the deputy, \$600 a year, which means an increase in expenses of \$300 a year.

The recorder at present receives \$1500 and pays his own deputy. This is cut to \$1200, with deputy at \$600. An increase of \$300.

The clerk is allowed a deputy now and his salary is reduced \$300.

The school superintendent's salary is raised \$400, but the fees are abolished, which will make the superintendent's compensation about the same.

The additional county commissioner and the large number of extra sessions that will be necessary to transact the business means an additional expense of several hundred dollars a year.

A rumor has been set afloat that the grand jury has been abolished. This is wrong as the new bill merely provides that cases may be brought before the circuit court without an investigation by the grand jury.
