New Era can boast of the finest of fast. Trees are in blossom and all nature looks pleasant.

An entertainment given by the public affair, fine music and good singing being a portion of the program, followed by several recitations and after the good night song was sung, the crowd played games. At 12 o'clock all partook of an their homes.

What did you say, a wedding? Oh! are you sure, we think that is a mistake? maybe not, any way I'll gather up a lot of tin cans and I guess I can swipe a bell from someone's stray cattle and I'll have a tin and brass band, won't I?

The Misses Katie and Laura Newbury took a pleasant trip to Portland last Wednesday to attend a party. They arrived home Thursday evening, and report that they had an excellent time.

We are certainly glad to see Messrs. McArthur and Meade in our town again. We are in hopes that New Era will not become an Adamless Eden, but things are certainly not looking very promising just now, for a good many of our young men have left and gone to other regions.

A ROAD MEETING.

To Complete the Improvement of the Molalla Road.

On Saturday deleigates from Molalla, Mulino, Carus and Oregon City met at Paine's school house, near Carus, and decided to use every effort to have the county court improve the short strip of road between Carus and Howard's mill, thus giving the people of the Molalla country an outlet to market.

The ball was set in motion about one month ago and funds were raised to have the different routes in question surveyed.

One plan was to reduce the grades on the present route and J. H. Smith reported it could be done for about \$4000. The other route was to go around the hill rather than over it. This was found to be a little longer, but a better grade was found, and the cost was estipress themselves intelligently upon the mated at some \$3500, which did not include any damages to the farms that

the road would pass through. The Molalla and Oregon City delegates favored the route with low grade, but were compelled to yield to the other committees

Mr. Johnson had surveyed a route up found a four per cent grade with most of the road comparatively level The aggregate raise by that route is 400 feet, whereas by the pres nt route comparatively level route could be had by way of New Era and expressed the opinion that these level routes would eventually become the main traveled

Mr. Cross moved that \$2500 be raised to complete road on the grade lines got by Mr. Smith, which was carried. On the part of Oregon City Mr. Cross pledged one-fourth of the amount, in consideration of the entire improvement being made this year.

A man was selected from each committe to solicit subscriptions. All of the committees are to meet in Oregon City Friday and wait on the county

A vote of thanks was tendered the Oregon City delegation for the interest manifested in the movement for good

who suffers from weakness and disease of the distinctly feminine organs, whether she realizes it or not. It being slowly but surely tortured to death. She suffers almost continually with sick headache. She has pains in the back, what she calls "stitches" in the side and shooting pains everywhere. She experiences burning and dragging down sensations. She becomes weak, nervous and despondent. She neglects her home, and is petulant with her husband. If she consults the average physician, there is not one chance in ten that he will hit upon the real cause of her trouble. He will attribute her bad feelings to stomach, liver, heart or nervous trouble. A woman in this condition should consult some eminent and skillful specialist who has had a wide experience. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has, with the assistance of a staff of able physicians, prescribed for many thousands of women. He has invented a wonderful medicine for alling women, known as Dr. Pierce's Pavorite Prescription. It has stood the test for thirty years. It acts directly on the delicate and important organs concerned in wifehood and motherhood, making them strong and well. It allays inflammation, heals ulceration, soothes pain and tones and builds up the nerves. It transforms weak, nervous women into healthy, flappy wives and mothers.
