**A Brilliant Writer.**

The following "pome" was received by the Post through the postoffice Wednesday morning, with an Ashland date line and a red two cent stamp in the right hand corner of the envelope, showing that it came through without a hitch as first class matter. Because the postoffice department adjudges it "first-class" we herewith give it space, even though it is too late for the Fourth.

We're coming down to Jacksonville  
 and bring our folks along;  
 Yes, we're coming down from Ashland  
 at least 5:00 strong.  
 Yes, we're coming down on horse back,  
 by wagon and by steam,  
 From the metropolis of the valley  
 you'll see our banners gleam.  
 The Elks are rounding up the boys  
 from all around the town;  
 We're all going to Jacksonville where  
 they do things up brown.  
 We're coming from the city we're  
 coming from the field;  
 We're coming, father Kinney, to make  
 your ball team yield.  
 Yes, we'll all start to Jacksonville

early in the morn.  
 We're going to have a good time as  
 sure as you are born.  
 So we're all going to Jacksonville, the  
 city of mining fame;  
 It has made history for our county and  
 gave us a great name.  
 We're all going to Jacksonville on  
 Thursday morning next,  
 To hear our famous governor stand up  
 and read his text.  
 He's sure to tell us something to make  
 us glad, you know,  
 So we'll hit the trail for Jacksonville  
 where we are bound to go.

BOX ELDER.

Prof. Ritner of the Ashland Commercial College was at Jacksonville last Friday on the way to Applegate in the interest of his school. The commencement exercises of the College occurred last Friday in the assembly room of the institution. The exercises were opened with prayer by Rev. F. N. Baker. Misses Cora Carter and Josephine Baker furnished excellent music for the occasion, and Hon. C. B. Watson delivered an inspiring address. Prof. Ritner then delivered diplomas to the thirteen graduates as follows; Mabel Gale, Floyd Edgington, Merle Fendall, Frances Mulit, Bettie Schields, Annie O'Brien, Mina Uetz, Millie Addison, Donna Pruett, Bonnie Rubie, Ruth Van Dyke, Mable Parsons and Lillian Jensen. The eight first mentioned are located in excellent positions. Every indication points to a larger and more successful year beginning September 9, 1907 than ever. A parting reception was given the students at the home of Prof. Ritner on Friday evening, which will be remembered with pleasure.

Editor Nicke'l and family were up from Medford the first of the week on a brief visit.
