

THE ANGLERS' ASSOCIATION

Fishing Club Organized at Gold Hill will Hold First Annual Meeting next Month.

The following is self explanatory: Notice is hereby given that on Sept. 14, 1907, there will be a meeting at the City of Gold Hill, Oregon, for the purpose of forming an association that shall have for its object the improvement of existing fish conditions in the waters of the State of Oregon.

Heretofore there has been no organization. The Master Fish Warden has asked for needed legislation. Individuals have labored for improved laws, but there has been no concerted action. Now the deplorable state to which we have arrived demands that an organization be effected that shall ask for new laws that may be voted upon by Initiative and Referendum in June, 1908, or at the next session of the Legislature. Committees will be appointed to take charge of this work.

The following distinguished persons will be present: Governor Geo. E. Chamberlain, Hon. H. G. VanDusen, Master Fish Warden of Oregon, Hon. J. W. Baker, State Game Warden, Hon. H. L. Kelly, Jr., Supt. U. S. Fish Hatchery, Trail, Oregon, Hon. R. D. Hume, Wedderburn, Ore.

Subjects to be considered: Obstructions in Streams, Fish Ways, Net Fishing, Fish Hatcheries, Stocking of Streams, Game Fish. All persons who can present papers upon any of the above subjects are requested to notify the Secretary of the title of their paper. Other subjects will receive attention should time permit.

Governor Chamberlain has appointed a committee of seven to consider the conditions at several points along Rogue River. This committee will meet with the Governor for the first time on Sept. 14th, at Gold Hill.

Two delegates may be sent from each Anglers' Association or Rod and Gun Club, one from each commercial body, one from each city and one may represent each County Court in the State of Oregon.

Gold Hill, Oregon, is situated on Rogue River, and this stream is the most noted of any river on the Pacific Coast for trout and game fishing. It is the angler's paradise, and therefore is the most suitable place for a meeting of this kind. Parties wishing to spend a few weeks along the banks of Rogue River should correspond with the Secretary. The Southern Pacific trains reach Gold Hill from the south at 6 a. m. and 5:45 p. m., and from the north at 9:45 a. m. and 10:50 p. m.

The meeting will be called to order at 11 a. m. for the election of temporary officers and appointment of committees. At 2 p. m. the meeting will again be called for the regular business of the association and reading of papers. There will be an evening session.

Fisherman's Tournament. A series of fly casting events is being arranged for Sept. 15th. Angler's clubs will please take notice and select their contestants.

The Gold Hill Chamber of Commerce,
R. C. Keisey, Secretary.

Calculi wheat bags; Shawsheen linen sack twine, for sale in lots to suit.

SUNDAY'S GAME.

Grants Pass Kids Trimmed by the Locals.

There is just this much about it, there is not now or never was a baseball team that can continually beat Jacksonville when it comes to ball playing. Especially is this true when the game is played on the home grounds.

Last Sunday the second team came up from Grants Pass and tried to do the kids of Jacktown, but they met with abysmal, dark, direful defeat. The score was 12 to 5.

The first inning was painful to witness, owing to the fact that the Grants Pass kids ran in three scores. Then there was exceeding joy among the big stickers from the Josephine town. But their gladness was short lived. As is always the case, the Jacksonville boys woke up, and after that there was nothing to it.

The two boys from Central Point, Sanderson and Ross, made good all the way through. McIntyre was not in as good form as usual, and he was batted around considerably. Most of the Jacksonville boys played a loose game for some unknown reason, and the Grants Pass team played worse.

But everybody had lots of fun.

The line-up:

JACKSONVILLE		GRANTS PASS
Sanderson	1 b.	Kenyon
Ross	2 b.	Stephenson
G. Stout	3 b.	Sams
Wendt	c. f.	Teal
Davidson	l. f.	Watson
F. Stout	s. s.	Cheshire
Schulz	r. f.	Webb
McIntyre	p.	Allen
Wilson	c.	Crawford
