

A Bad Break.
Wife—Why did you give that phonograph away just before we were married? Didn't you think I could use it?
Husband—My dear, I gave it away to keep peace. Don't you know that no house is big enough for two talking machines?
And at the last report he was still trying to square himself.—Detroit Free Press.

Recognition.
"The men who devote their time to the country's service should be recognized," said the official.
"Well," answered Farmer Cornstassel, "some of 'em should and others 'ud be more respected if they could approach the payroll in disguise."—Washington Star.

Less Lavishness.
"Do you think your insurance company is being conducted more economically?"
"I'm sure of it," answered the hopeful citizen. "It doesn't send me nearly as many blotters and calendars as it used to."—Washington Star.

Uncle Allen.
"I've observed one thing about a foot-race," said Uncle Allen Sparks. "If you've got any money up on the result it always turns out differently from what you think it's going to."
"I don't know, Charles," she replied coyly.
"Well, when you find out," he said, rising, "send me word, will you? I shall be at Mabel Hicks' until 10 o'clock. If I don't hear from you by 10 I'm going to ask her."—Tid-Bits.

Not Quite the Same.
Miss Bute—He told me once that I was quite pretty.
Miss Chellus—Yes, he also told me that you were quite pretty—once.—Philadelphia Press.

A great extension of the Siberian railroad is proposed along the River Amur, and as it has met with hearty approval on the part of the present ministry, it is likely to be constructed. It will open up 40,000,000 acres of corn land.

Reception.
Salesman—Hat, sir? Yes; what kind do you wish to look at?
Customer—Well, my wife wears a Merry Widow affair. If you have something that is the exact opposite of it, young man, that's what I want.
Salesman—Then you want a plug hat, of course, with a black band around it. That is the nearest we can come to a Disconsolate Widower hat.—Chicago Tribune.

Gave It Up.
"Uncle Henry, how big a tarpon did you ever catch?"
"Why, Sammy, once I—but how big a tarpon did you ever hear of?"
"Seven feet ten inches is the record."
"I'm not going to try to beat that, Sammy. I have only a few years to live, and I want to go to heaven some day."

A Financier.
Judge—How many times have you been arrested before?
Prisoner—Five, sir.
Judge—Then I shall feel it my duty to impose the maximum fine.
Prisoner—But, your honor, isn't it only fair to give a reduced rate to regular customers?—Judge.

Forestry in Korea is to be taken up by the government under new forest laws, said to have been enacted under a cooperative agreement drawn up by Japan and Korea. It is also reported that a school for training Korean foresters has been established.

Premature.
Husband (on overland train)—You mustn't mind it, Maria, if I take several doses of spirits during the day, from now on. It's the only thing that will cut this alkali dust that gets into one's throat.
Wife—You won't have to do it to-day, John. I've been making some inquiries, and I find we don't strike the alkali region for 500 miles yet.

As Revised.
Sail on, sail on, O ship of state!

The Wise Men.
"After all, it's the wise man who can change his opinion."
"But the wisest men simply can't do it."
"Why not?"
"Because they've been dead for years."—Catholic Standard and Times.

The General Demand
of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.
In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.
That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

His Busy Day.
"Ethel," he whispered, "will you marry me?"
"I don't know, Charles," she replied coyly.
"Well, when you find out," he said, rising, "send me word, will you? I shall be at Mabel Hicks' until 10 o'clock. If I don't hear from you by 10 I'm going to ask her."—Tid-Bits.

Our Own Ministers.
Bones—Mistah Johnson, kin yo' tell me de difference 'twixen de dippy-matic into 'cose o' fust class powahs an' nine cases o' measles in a culled family?
Interlocutor—No, George; that's de hardest one I ever heard. What is de difference between de diplomatic intercourse of first class powers and nine cases of measles in a culled family?
Bones—De one an de serious affairs of state an' de uddah an de serious state of affairs.
Interlocutor—Ladies and gentlemen, the premier vocalist of the western hemisphere, Mr. Splitcher Reedrums, will now sing the beautiful ballad entitled, "Darling, Take Your Arm Away; Mother Is Peeping Through the Keyhole."

A Delicious Custard.
The recipe for this delicate dessert has been handed down in my family for many generations: Into each individual custard cup put the yolk of one egg, add one heaping teaspoonful of sugar, two gratings of nutmeg and five tablespoonfuls of sweet milk. Incorporate thoroughly and set the cups in a pan of hot water. Bake in a moderate oven until firm. When cool, cover with a meringue, using the whites of the eggs for this purpose, and allow one tablespoonful of powdered sugar to the white of each egg. Through the very tip-top of each snowy mound drop a teaspoonful of orange marmalade.—Delineator.

But Never Call Him Early.
He—Funny thing about your sex. Call a woman "a bird" and she's pleased. But call her a hen or an old crow and she gets angry.
She—Nothing exclusively feminine about that. Call a man "a sad dog" and he feels good. But call him "a miserable cur"—the same thing—and he'll knock your head off.—Boston Transcript.

Knew One of the Firm.
Attendant (showing him through the structure)—This house is built on what is known as the "slow combustion" plan.
Mr. Pneuritch—Ah, yes; I think I know Slocum. I have seen him at the club; but I have never had the pleasure of meeting Mr. Bustion.—Chicago Tribune.

Brazilian railroads in operation at the beginning of last year had a total length of 10,775 miles. In addition there were 1,902 miles under construction and 4,177 miles being surveyed or already approved, making the total mileage about 16,855 miles.
Saved by Tomatoes.
John Vaughn of Mercerville, a rural letter carrier, was driving along a road when an auto plunged into his light rig from behind. Vaughn was tossed in the air to alight in a load of tomatoes in a wagon twenty feet ahead. His rig was demolished, but the soft tomatoes saved him from serious injury. The squashing of the tomatoes did not save Vaughn from the ire of the wagon's owner. The driver of the automobile sped on with a grin.—Kansas City Journal.

In the Concrete Age.
First Government Officer (a few years hence)—Anything particular on hand today?
Second Government Officer—Yes; I've got to go this afternoon to take part in the molding of the corner stone for a new battleship.

SQUATTERS MUST GO
Trouble Looked for Over Siletz Reservation Contests.

OVER HUNDRED CLAIMS INVOLVED
Original Settlers Declare if Ejectment Proceedings Fail Other Means Will Be Taken.

Newport, Cr., Aug. 13.—Proceedings to eject the alleged squatters on the Siletz reservation claims of several Lincoln county residents are to be taken at once. If these are unsuccessful, the original settlers declare other means to dispossess the contestants will be taken. Serious trouble is feared.
Two of the claims in dispute were originally taken by L. W. Williams, and Frank Priest, of this city. W. S. Copeland and V. Jiffcott are now on the claims. They have been ordered by the original claimants to move and have refused. They declare that they will stay until the cases are finally settled by the land office.

This, it is declared, is the attitude of all the contestants. The original settlers declare they will not permit the contestants to carry out this plan. Homesteaders whose claims are thus threatened do not know what to make of this bold move by the "squatters." They are certain that a hundred or more of the best claims are now liable to seizure any day. They are informed by the men now squatting on their claims that legal advice has been obtained and that the squatters paid large sums for the location and for protection, but the homesteaders are in a fighting temper, because they cannot see by what possible legal twist they can be deprived of their claims without a trial.

FIRES SPREAD TO BANFF.
Fores's in Canada's Great National Park Burning.

Winnipeg, Aug. 13.—The forest fires which raged around Fernie have spread to Canada's national park district near Banff, in Pray valley. The fire burned fiercely on the heights of Goat mountain this week.
The government gang of men has the fire in the valley under control, but is night at several points on the mountain eight miles away fire was visible near the top.
A fire started at Castle mountain, 18 miles west of Banff last night under a strong west wind in a half hour had run over eight miles. Boats and supplies were forwarded from Banff. The wind shifted to the northeast, and with this in their favor the fire-fighters should be able to secure control.
No anxiety is felt at Banff about this last fire, as it would be comparatively easy to protect the town, even if the fire came down the valley, owing to the large area of open hay meadows to the west, on which the grass is yet green and on which water is yet standing.

RAIN FLOODS CHICAGO.
Cloudburst and Heavy Electric Discharge Sweeps City.

Chicago, Aug. 13.—No boats have been able to enter or leave the Chicago river this morning on account of the crippling of the electric power that operates the bridges, by a terrific electric storm that swept this city and vicinity last night. The entire lighting and power plant operated by the drainage canal trustees was so badly crippled that it cannot be repaired until tonight.
The storm flooded the entire city, filling cellars, destroying electrical feed cables and shutting off light and power. Lightning struck in several places. Down town the cellars were flooded with several inches of water, the sewers being inadequate to carry off the water. A city drainage pipe gave way near the Auditorium annex.

Strikers Paid and Discharged.
Winnipeg, Aug. 13.—The employees of the Canadian Pacific railway were paid in full today, and all striking mechanics were notified that they had been discharged. The officials of the company took this means of announcing that the railroad will fight the demands of the union to a finish. Vice President Whyte, of the railroad, arrived here today from the Pacific coast. He declined to discuss the strike or state what is being done to fill the places of the strikers. Strikers are being imported.

Nevada to Have New Banking Law.
Reno, Nevada, Aug. 13.—Governor Dickerson is today preparing a new banking law which he will ask the next legislature to pass to protect depositors in every bank in the state. Following the recent failure of the bank of Austin, the attorney general of the state rendered an opinion that the state could not intervene in the management of private banks. Even the state bank examiner cannot examine the books of private banks.

To Modernize Land System.
San Francisco, Aug. 13.—J. W. Pratt, commissioner of public lands in the Hawaiian Islands, is in this city today en route to Washington, where he intends to visit the United States land office with the purpose of improving the system of caring for the public lands of the islands.

ALL RUN DOWN.
Miss Della Stroede, who had Completely Lost Her Health, Found Relief from Peruna at Once.
Read What She Says.

MISS DELLA STROEBE, 710 Richmond St., Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors and medicines. I could not enjoy my meals, and could not sleep at night. I had heavy, dark circles about the eyes.
"My friends were much alarmed. I was advised to give Peruna a trial, and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Peruna as a medicine for women in a run-down condition."
Per-na Bid Wonders.
Mrs. Judge J. P. Boyer, 1421 Sherman Ave., Evanston, Ill., says that she became run down, could neither eat nor sleep well, and lost flesh and spirit. Peruna did wonders for her, and she thanks Peruna for new life and strength.

No Cause for Alarm.
"Look, officer!" shouted the excited citizen. "That big department store is afire!"
"What makes you think so?" asked the officer, calmly.
"Why, don't you see all those woman shoppers coming down the fire escapes?"
"Oh, yes; but that is not the sign of fire. You see, they can't get through the revolving doors with those big hats."

No Stranger to That.
Mrs. Highams—I suppose at some time in your life you struggled with the Nibelungenlied?
Mrs. Gaswell—O, yes; I had an awful siege of that in '93. I had to take all kinds of nasty medicines before I got it out of my system.

Kids and Goats.
Dottie—Oooh! What's this pleasure?
Tommy—That's Capt. Kidd an' his band o' pirates.
Dottie—An' which is Capt. Kidd?
Tommy—W'y, th' guy with th' goatie, o' course!—Cleveland Leader.

Working His Patient.
Ambassador Wu Ting Fang was once, it is alleged, telling about a certain selfish politician. He said: "The man reminds me of a doctor of Shanghai. A mandarin came to this doctor for advice. He could not sleep, had no appetite, suffered a good deal from depression and nevertheless was taking on fat at an alarming rate. 'We'll soon put you in condition again,' said the physician. 'What you need is exercise—good, hard exercise. Four times a week you can come here and put in the morning polishing my floors.' But why not my own floors?' the mandarin inquired. 'Mine,' said the physician, 'are larger.'"
A Rabbit and a Whistle.
Did you know that a short, sharp whistle from the mouth would stop a rabbit? It surely does. Next time you see little Molly Cottontail leap from her burrow and make off don't shoot; just whistle. Whether from fear or curiosity I cannot tell, but she will stop still in her tracks. An antelope has been known to do likewise. An African hunter once said that the elephant is the most timid of all animals and can be frightened into a cold sweat by a mysterious noise.—New York Press.

Necessary Formality.
Mrs. Ferguson—George, what do you have to do when you want to draw some money out of a bank?
Mr. Ferguson—You have to put some money in the bank beforehand. That's always been my experience.
Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

In the Literary Workshop.
"Brooks," said Rivers, who had been struggling desperately with an idea for more than half an hour, "give me a rhyme for 'perfunctory.'"
"Sorry, old man," answered Brooks; "but there isn't any."
"Dash it!" exclaimed Rivers.
Thereupon he proceeded to do it in blankety blank verse.

S.S.S. CONTAINS NO MERCURY
Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

A Bit of Advice.
This is a bit of advice offered by the Gunnison Gazette:
Young man, if you should come across a girl who, with a face as radiant as a sunflower, says as you appear at the door, "I will be busy for half an hour yet, for the dishes are not washed," just squat right down on the doorstep and wait for her, because some other chap may come along and secure the prize, and right there you will have lost an angel.
