

### What is Pe-ru-na.

Are we claiming too much for Peruna when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruna is in reality such a catarrh remedy? Let us see what the United States Dispensary says of the principal ingredients of Peruna.

Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes lining various organs of the human body.

Another ingredient of Peruna, corydalis formosa, is classed in the United States Dispensary as a tonic.

Cedron seeds is another ingredient of Peruna. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

Send to us for a free book of testimonials of what the people think of Peruna as a catarrh remedy. The best evidence is the testimony of those who have tried it.

#### Up Against a Hard One.

The great deliverer into the secrets of nature, who had accumulated a fortune and retired from active business in order to be able to give his whole time to study and experiment, was observed to be cogitating profoundly.

"What are you giving your mind to now?" inquired one of his laboratory assistants.

"I was merely wondering," he answered, "what becomes of all the corks."

### S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

The skin is an index to the quality of the blood. Eczema, Acne, Tetter, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S. S., a purely vegetable preparation, is the best and quickest remedy. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. S. has driven the humors and impurities from the blood, and cooled and cleansed the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood and the trouble cured, as the cause has been removed. ### PRIMARY ELECTIONS

Democrats and Republicans Nominate in Washington.

#### FIRST TIME UNDER NEW LAW

Republican Choice Seems to Be Cosgrove for Governor—Democrats Name Pattison.

Seattle, Sept. 10.—Election returns, although late last night still incomplete, indicate that Samuel G. Cosgrove, of Pomeroy, a second choice selection, will receive the nomination for governor of the state of Washington. Cosgrove's lead on second choice votes, and the split on first choice votes between Albert E. Mead and Henry McBride, together with first choice votes divided between five other candidates in the field, have brought about a situation peculiar in Washington state politics.

The latest returns from all parts of the state indicate that when the count is completed Cosgrove may have a plurality of all votes cast, leading by E. McBride and Mead. Up to nearly midnight the count showed McBride leading Cosgrove, but belated returns from remote country districts are adding to Cosgrove's total. Mead is third in the race.

Washington's new direct primary law has eliminated Senator Ankeny from the race for senator. Wesley L. Jones, by a majority reaching well into the thousands, has been given the nomination and the number of Republicans who are pledged to vote always for the candidate of their choice receiving the highest popular vote, precludes the possibility of the election of Ankeny by the next legislature.

From the best analysis of the tabulations at hand, the following Republican ticket is nominated:

Congressional—Representatives, William E. Humphrey, F. W. Cushman, M. C. Poindexter.

State—Governor, Samuel G. Cosgrove; lieutenant governor, Charles E. Coon; secretary of state, Sam H. Nichols; state auditor, C. W. Claussen; state treasurer, Edward K. Erwin; attorney general, J. H. Esterday; commissioner of public lands, E. W. Ross; superintendent of public instruction, Henry B. Dewey; insurance commissioner, John H. Schively.

Preference for United States senator, Wesley L. Jones.  
Democratic state and congressional nominations are as follows:

Congressional—Representative, Charles H. Miller.  
State—Governor, John Pattison; lieutenant governor, A. C. Edwards; secretary of state, Otis Johnson; commissioner of public lands, Albert Schooley; superintendent of public instruction, Eldrege Wheeler; insurance commissioner, Edwin F. Masterson.

Preference for United States senator, George F. Cottrill.  
Following are the nonpartisan nominations:

Judiciary—Judges of Supreme court, Herman D. Crow, Milo A. Root and Stephen J. Chadwick.

**Kaiser's Subjects Love Him Little**  
San Francisco, Sept. 10.—Judge Karl Von Lewinski, president of the Imperial court at Berlin, is today wondering what surprise he will next receive at the hands of his countrymen. The German judge was a guest in the court of Judge Van Fleet yesterday, in which naturalization examinations were being heard. Several of his countrymen were questioned in the usual manner. The supreme test of citizenship qualifications was the requirement that the applicant renounce his allegiance to the mother country and take up arms against that country, if necessary. Imperial Judge Von Lewinski was painfully surprised at the avidity with which his countrymen agreed to make war on the kaiser if necessary.

**Crocker's Iowa Brigade.**  
Oskaloosa, Iowa, Sept. 10.—The fourteenth biennial reunion of Crocker's Iowa brigade, consisting of the Eleventh, Thirteenth, Fifteenth and Sixteenth regiments of Iowa infantry volunteers, began here today. The hotel Lacy was headquarters of the reunion, and the business sessions were held in the courthouse. President H. H. Rood, of Mount Vernon, presided. The reunion will continue over tomorrow. The biennial address is to be delivered by Colonel Charles A. Clark, of Cedar Rapids.

**Sea Swallows Salmon Cargo.**  
San Francisco, Sept. 10.—Parting from her moorings at the entrance to Nushagak river, on August 19, the salmon ship Lucie went ashore on the sand and within 12 hours she parted amidsthips and her cargo of 39,300 cases of salmon was swept to sea. **Knew the Game.**  
A young woman was in company with a university graduate, and naturally the talk ran upon books. By and by there was a lull in the conversation, broken presently by the young woman, who said: "What do you think of Fielding, Mr. Smith?"

"Oh," was the answer, "fielding is important, of course; but it isn't worth much unless you have a good battling average."

**All in the Name.**  
"Here, you!" said the aristocratic owner of the corner building. "What are you putting up this measly clapboard shack alongside of my house for?"  
"Shack nothin'!" answered the business-like youth who was superintending its erection, with equal arrogance. "This is a shoe shinin' parlor."

### A Bright Lad.

"That's a powerful boy of your'n, Ike," said a prominent citizen of Polkville, Ark.

"You betcha!" proudly replied the parent of the prodigy. "He can swear like a pirate and the little feller's only 5 years old and hain't never been in sight of the ocean in his life, neither!"  
—Puck.

**He Explained.**  
"How many horse power is she?" he mirthfully inquired.  
The stranded automobilist was working over his car. Up came a sarcastic follower of the plow.  
"Sixty," replied the automobilist.  
"Then, by heck, why don't she go?"  
"Because, my friend, thirty are pulling each way."—Cleveland Plain Dealer.

### Tallest Tree in the World.

The tallest tree in the world so far as has been ascertained is an Australian gum tree of the species eucalyptus regnans, which stands in the Cape Otway range. It is no less than 415 feet high. Gum trees grow very fast. There is one in Florida which shot up forty feet in four years and another in Guatemala which grew 120 feet in twelve years. This corresponds to a rise of ten feet in a year, or nearly one foot per month.

All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. F. Gerald Blattner, of Buffalo, N. Y., says: "Your Castoria is good for children and I frequently prescribe it, always obtaining the desired results."  
Dr. Gustave A. Elsengraeber, of St. Paul, Minn., says: "I have used your Castoria repeatedly in my practice with good results, and can recommend it as an excellent, mild and harmless remedy for children."  
Dr. E. J. Dennis, of St. Louis, Mo., says: "I have used and prescribed your Castoria in my sanitarium and outside practice for a number of years and find it to be an excellent remedy for children."  
Dr. S. A. Duchanan, of Philadelphia, Pa., says: "I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."  
Dr. J. E. Simpson, of Chicago, Ill., says: "I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."  
Dr. R. E. Eskildson, of Omaha, Neb., says: "I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."  
Dr. L. R. Robinson, of Kansas City, Mo., says: "Your Castoria certainly has merit. Is not its age, its continued use by mothers through all these years, and the many attempts to imitate it, sufficient recommendation? What can a physician add? Leave it to the mothers."  
Dr. Edwin F. Pardee, of New York City, says: "For several years I have recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."  
Dr. N. B. Sizer, of Brooklyn, N. Y., says: "I object to what are called patent medicines, where maker alone knows what ingredients are put in them, but I know the formula of your Castoria and advise its use."
