Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce dyspepsia, catarrh, and marked tendency to consumption, before causing eruptions, sores or swellings.

To get entirely rid of it take the great blood-purifier, **Hood's Sarsaparilla**. In usual liquid form or in chocolate tablets known as **Sarsatabs**. 100 doses \$1.

Omissions of History.

The American colonists had just enunciated the doctrine that all governments derive their just powers from the consent of the governed.

"How perfectly absurd," exclaimed King George III. "Why, a man can't even govern his family on that principle!"

Laughing uproariously, he gave orders that a few regiments of soldiers be shipped over at once to crush the incipient rebellion.—Chicago Tribune.

Glory of the Nicknames.

The public man in America who has never been tagged with a nickname may be just as efficient and worthy of praise as his brethren who are known as "Bill" and "Joe," but he has not achieved an equal measure of popularity. Nicknames are often inspired by affection than by aversion. "The men of the people," so-called, are invariably nicknamed. Venerable citizens still refer to "Abe" Lincoln, dwelling with remembrance upon the abbreviation. Nicknames both good and bad are as old as history. In the country the people have a way of abbreviating the names of the men they really like and assigning their full titles to the men who prefer dignity to popularity.—Pittsburg Gazette.

His Discharge.

A touching instance of the humor which never deserts a true Irishman even in his worst troubles is recorded.

A soldier was seen in the trenches holding his hands above the earthworks. His captain asked:

"What are you doing that for, Pat?"

He replied, with a grin, as he worked his fingers:

"I'm feeling for a furlough, sir."

Just then a rifle ball struck his arm just below the wrist. Then a queer expression of pain and humor passed over his face as he exclaimed:

"And faith it's a discharge."—London Answers.

In Justification.

Police Justice—This man charges you with stealing his watch, and the charge seems to be sustained. You were found with the watch in your possession.

Prisoner—Y'r honor, it ain't so; I didn't steal it. I met him on the street and asked him what time it was. He said it was 4 o'clock. I says, 'I don't believe that watch is right,' and he says, 'You bet it's right! It's just 4 o'clock; you can take it from me.' Well, y'r honor, the first chance I got I took it from him, and now he's kickin' about it!"

Every Day Is Celebrated as Sunday.

Few people know that other days of the week than the first are being observed as Sunday by some nation or other. The Greeks observe Monday;

the Persians, Tuesday; the Assyrians, Wednesday; the Egyptians, Thursday; the Turks, Friday; the Jews, Saturday; and the Christians, Sunday. Thus a perpetual Sabbath is being celebrated on earth.—Success Magazine.

Another Lesson from Nature.

"Young gentlemen," lectured the eminent instructor, "you are old enough now to put away the childish and trivial amusements that sufficed for you when you were younger. Learn a lesson from the dumb brutes, and even from the reptiles. When they arrive at maturity they comport themselves with a certain dignity."

"It isn't so with the rattlesnake, professor," objected the young man with the bad eye. "The older he grows, the more rattles he plays with."

The Inevitable Joke.

"Say, old man," remarked one of his neighbors, "why have you given your home a new name? What was the matter with 'The Nutshell'?"

"Why?" responded the man, with some warmth. "Because I was tired of being joked. There isn't a boy for a mile around who hasn't stopped and rung the door bell every time he passed to ask if the colonel was in!"—Philadelphia Ledger.

RAIN FLOODS RIVERS

Dead Number 300 in Cagayan Province Alone.

WHOLE TOWNS ARE SWEEPED AWAY

Americans Drag Many Natives From Roofs of Houses Floating Down Streams.

Manila, Oct. 22.—Belated reports indicate that the storm of October 12 in the Cagayan valley was the worst and most destructive within the memory of living inhabitants of the valley. The official figures are not yet available, as many places have not yet been heard from, but it seems certain that the number of dead will reach 300.

There was a heavy typhoon and torrential rains throughout the valley and in the mountains. The rivers were flooded and in many places rose to a height of 30 feet, sweeping everything before them in their rush to the sea. Hundreds of animals and houses were swept away by the waters.

At Aparri, which was almost completely under water, the American residents, headed by Lieutenants Treadway and Clark, formed a rescue brigade, which rescued scores of natives, taking many off their houses while floating down the river.

The government has dispatched a coast guard cutter to investigate conditions and organize relief.

It is reported that cholera has broken out among the refugees.

WAR CLOUDS THREATEN.

Situation in Balkans Far From Being Peaceably Settled.

Paris, Oct. 22.—The feeling in French government circles is distinctly nervous, both with regard to the situation in the Balkans and the proposed international congress. Advice is that the Turkish government is impatient because Bulgaria has failed to present an official communication since Turkey received the French assurance in the name of Emperor Ferdinand, while from Sofia comes information that the Malinoff cabinet still refuses to accept the advice of Ferdinand, who advocates a peaceful settlement and insists that it would be preferable to go to war than to pay an indemnity.

Until the Bulgarian ministry yields definitely it is considered by the officials of the French government that the danger of war has not been dispelled.

Reports current in Paris that Baron von Biebertstein, the German ambassador at Constantinople, has been counseling war, while not confirmed, caused disquietude, especially as Germany's attitude grows more and more enigmatical.

CONTEST LAND PATENTS.

Nevada Miners Will Attack Southern Pacific Land Grant.

Reno, Nev., Oct. 22.—Colonel Winfield Scott Prosky, a mining man owning property in a number of districts, yesterday announced that on January 3 next the statute of limitations will have applied to the patents granted six years ago to the Southern Pacific to a large area of mineral land extending from Wisconsin to the Nevada-California line and affecting rights of hundreds of prospectors and miners.

The men have been patiently waiting for a number of years, thinking a decision in the one case decided would similarly affect them all. Now it is discovered that each disputant must file a separate protest to establish his right. The railroad company hoped this would be overlooked. However, every effort will be made by the department at Washington to give all claimants an opportunity to present their cases and have a hearing.

Andersonville Monument Project.

White Hall, Ill., Oct. 22.—The annual convention of the Illinois Association of Union ex-Prisoners of War met here yesterday and will remain in session over today. The principal matter to receive attention is the project for the erection of a monument at Andersonville, for which the last Illinois legislature appropriated \$15,000. The association will have a leading part in carrying out the project, as many of its members were among the prisoners confined at Andersonville during the war.

Diplomat With Record.

Copenhagen, Oct. 22.—The new Danish minister to Washington will be Count Carl Moltke. He is only 49 years of age, but is considered to be one of the cleverest of Danish diplomats. He has had a somewhat unusual career, starting as a navy officer and Arctic explorer, being once the leader of a large Greenland expedition. His family ranks among the oldest nobility in Denmark, yet he is related on his mother's side to ex-Empress Eugenie.

New Route for Smugglers.

San Diego, Cal., Oct. 22.—Although the smuggling of Chinese coolies across the Mexican border has been practically ended, it is acknowledged by the immigration authorities that many Asiatics are being illegally brought into this country by water. Commissioner Weddle says his office is badly handicapped by not having a fast boat in which to pursue craft bringing coolies up the coast.

SERVIA IS AROUSED.

People Enraged by Austrian Outrage on Vukotics.

Belgrade, Oct. 21.—General Vukotics, an official of the Montenegrin government, arrived here yesterday at noon after an extraordinary experience at Agram, where he was arrested by Austro-Hungarian officials and detained for several hours. In an interview, the general said:

"On my arrival at Agram gendarmes entered my car, dragged me out and took me to the prefecture of police. I was then searched, and my purse, papers, in fact, everything I had, were taken from me. My baggage was also completely ransacked. I game the gendarmier my name and explained my status as a special envoy to King Peter. I showed also the passport and safe conduct given me at the Austro-Hungarian legation at Cetinje, but all to no avail.

"Ultimately I was permitted to send a telegram to Baron von Aehrenthal, the Austro-Hungarian minister of foreign affairs, complaining of the treatment accorded me, which was in violation of international usage. After considerable delay an order arrived from Vienna instructing the police to release me, and this was done.

"I was detained at the police station for seven hours, and, as I lost my train connection, my journey was delayed altogether fourteen hours."

This occurrence has aroused again a bitter feeling toward Austria-Hungary on the part of the Servians, and the people are greatly excited.

The general is the hero of the moment in Belgrade. A great crowd of students and others gathered in front of his hotel yesterday afternoon, and when the general entered his carriage to drive to the palace the students unharnessed the horses and dragged the vehicle through the streets themselves. Meanwhile the mob shouted its approval of King Peter and Prince Nicholas and cursed Austria.

PREDICTS BIG WAR

Balkan Trouble Means Dawnfall of Turkey, Says Escaped Prince.

Chicago, Oct. 21.—Prince Shaban Bey Gutshba, leader of the Turkish revolutionists, upon whose head the sultan has placed a price of \$35,000, is living quietly in Chicago. Prince Shaban would become sovereign of Albania should that country be freed from Turkish rule. He believes the present Balkan situation is a crisis in European affairs that will result in the disintegration of the Ottoman empire.

"I predict a general European war as a result of the Balkan difficulties," said Prince Shaban.

Prince Shaban, who lives at 2132 Michigan avenue, was a leader in the organization of the revolutionist party in his province. He gathered an army of 12,000 men, which was defeated at the battle of Jockova in 1904. He evaded capture and fled to London.

RAISE FUND FOR CHINESE.

Countrymen in Victoria Get News of Loss of Crops by Floods.

Victoria, B. C., Oct. 21.—Local Chinese have received cablegrams telling of heavy loss of life and great desolation of Yunnan and Heiping, China, as a result of the breaking of the dykes and overflow of the West river, inundating the district for a hundred miles. The number of killed is not given, but the message states that the loss has been immense, and starvation is feared, and it appeals to the Chinese abroad to send aid.

Subscriptions from local Chinese were made within a short time after the receipt of the cablegrams, which totaled \$7000, this amount being cabled to Chinese officials at Canton for distribution among the sufferers. Starvation is expected to follow, as the disaster comes at the time of harvest, when the crops are ready to be taken from the fields. Half the district is stated to be flooded.

Michigan Fire is Spreading.

Sault Ste. Marie, Mich., Oct. 21.—Hundreds of residents in this district who have been fighting forest fires today are depending upon showers predicted for tonight to give much needed relief. A 40-mile gale spread the fires in all directions today. It is reported that Suzar island, which has a population of 1000 persons, is ablaze almost from end to end. Near Tedour sixteen square miles have been burned over. Gladys, Eckerman, Shell Drake and Whitefish Point are surrounded. Brimley had a narrow escape today, but the fires were driven back.

Thousands Die by Storm.

Amoy, Oct. 21.—The damage done in Thursday's typhoon was much greater than at first reported. In Chang Chow 3000 houses were destroyed, and 1100 persons killed. In Lamcheng, 15 miles west of Chang Chow, 300 houses were destroyed and 1200 persons killed. Five years ago Lamcheng was flooded, and 3000 were drowned. Fifteen miles north of Chang Chow, three villages were entirely destroyed in the storm and 200 persons were killed.

Great Storm in Montana.

Butte, Mont., Oct. 21.—A heavy storm has cut Butte off from the north and west. Eastern Montana reports blizzards, delaying trains from five to ten hours. The unusual snow is believed to have caused loss to sheep.

S.S.S. CURES OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

Seeing Oxford. An Oxford student was showing two fair cousins through the Christchurch College.

"That," he explained, "is the picture gallery; that, the library; and that tower contains the famous bell, 'Great Tom of Oxford.'"

Stooping quickly, he picked up a stone and sent it crashing through a second-story, ivy-framed window, where there immediately appeared a face, purple with rage.

"And that," added the young man, helpfully, "is the Dean."

"Certainly," said the professor; "life itself is one-half 'it.'"
