Explained at Last.
The late Dr. Morgan Dix, said a clergyman of New York, "had a droll way of lightening grave subjects with little humorous asides. Once I heard him addressing a graduating class at a medical school. He began in this way: "Physiologists tell us, gentlemen, that the older a man grows the smaller his brain becomes. This explains why the old man knows nothing and the young one everything."

PERUNA A TONIC OF GREAT USEFULNESS.

HON. R. S. THARIN.

Hon. R. S. Tharin, attorney at law and counsel for Anti-Trust League, writes from Pennsylvania Ave. N. W., Washington, D. C., as follows:
"Having used Peruna for Catarrhal disorders, I am able to testify to its great remedial excellence and do not hesitate to give it my emphatic endorsement and earnest recommendation to all persons affected by that disorder. It is also a tonic of great usefulness."

Mr. T. Barneott, West Aylmer, Ontario, Can., writes: "Last winter I was ill with pneumonia after having the grippe. I took Peruna for two months, when I became quite well. I also induced a young lady, who was all run down and confined to the house, to take Peruna, and after taking Peruna for three months she is able to follow her trade of tailoring. I can recommend Peruna for all such who are ill and require a tonic."

Cigarette Smoking on the Increase.
Consumption of cigarettes increased largely in the United States during the last fiscal year ended June 30, 1908, according to the preliminary annual statement of internal revenue receipts. Tobacco revenues generally fell off, the public smoking fewer cigars than the preceding year, taking less snuff and chewing less. But more cigarettes of all kinds were used.
Less spirits were used than in 1907, the heaviest falling off being in the spirits distilled from grain, the revenue on which declined over \$15,000,000. This would indicate large decline in whisky consumption. The beer business, however, continued to grow in spite of the depression.
The total decrease in internal revenue, as compared with the preceding fiscal year, was \$17,998,072.

In 1920.
"Prisoner," said the magistrate severely, "you are charged with being a millionaire. How did you happen to fall?"
"Your honor," responded the trembling man at the bar, "in a moment of weakness I made a book on the races."
"You're not incurable," rejoined the magistrate, who at heart was not unkind. "Go and reform by playing the book of some other fellow. Dismissed."—Philadelphia Ledger.

Fame.
Proud Father—My daughter, I suppose, is getting along famously with her dramatic studies.
Principal (of the school of dramatic art)—Er—yes; indeed she is. On an amateur's night at one of the theaters recently the audience fairly went wild with enthusiasm when she starred in a little comedy called "Getting the Hook."—Chicago Tribune.

Enough to Wake Them.
"It's wonderful," said Dubley, "how wide-awake the Japanese have become in recent years."
"Oh, it's not so wonderful," replied the observant man, "when you consider that they have an earthquake every night or so in their country."—Philadelphia Press.

Appalling Result.
Sadly the mermaid regarded herself in her mirror.
"This," she said, "is the penalty imposed by nature for the absurd effort of my ancestors, ages ago, to abolish hips!"

Castro, However, Continues Active Preparations for War.

ASKS HOLLAND SEND NEW AGENT

Interprets Sending of Warships as a Threat and Takes Ammunition to La Guayra Forts.

Caracas, Oct. 29.—President Castro received on October 12 the second note from The Netherlands government, which fixes November 1 as the date for revocation of the transshipment decree of May 14, but it was not until the following day, October 13, that Venezuela's anxiously awaited reply was delivered into the hands of Baron von Zieckendorf, the German minister, who is in charge of Dutch interests.

Dr. Paul, minister of foreign affairs, closed his answer to Holland by saying that, as an interruption of diplomatic exchanges exists between The Netherlands government and Venezuela, and as the Venezuelan government desires to arrive at an amicable agreement, he asked the government of Holland to send to Caracas a confidential agent with powers and instructions to settle all pending differences.

Holland makes no further threat in her note, but the fact that two Dutch warships left Holland at the same time as the note, and are now lying in the harbor of Curacao, has been interpreted here to be a direct though mute threat that force would be used on November 1 to compel revocation of the decree of May 14.

President Castro has answered this threat by making all necessary naval and military preparations to meet any reasonable emergency, and shells for the large coast defense guns on the La Guayra mountains were carried up to the mountains last week.

BEWARE OF JAP.

Hobson Says United States Doomed Soon as Fleet Leaves Pacific.

San Francisco, Oct. 29.—A few thousand Democrats in San Francisco were told last night by Captain Richmond Pearson Hobson that Japan is eagerly seeking war with the United States at an early date.

Hobson was sailing along smoothly discussing the campaign issues with fervid speech, when a voice in the audience asked him to enlighten his hearers on naval affairs.

The congressman, who is a member of the house committee on naval affairs, readily complied. He asserted that Japan had borrowed more than a billion dollars to be used in a war with the United States. The overtures of peace on the part of Japan, said the speaker, were to delude this nation into returning the battleships to the Atlantic so that Japan could seize strategic points in the Pacific and on the western coast of America, and by commanding the mountain passes could prevent relief from the East. He told his hearers that there are now in the United States 65,000 Japanese soldiers.

SELL GRAZING LANDS.

March of Civilization Causes Sheepmen to Dispose of Holdings.

Leviston, Mont., Oct. 29.—The sale of nearly 30,000 head of sheep here this week by Waite, Elliott & Peck to Fergus and Yellowstone parties marks the retirement of another big Montana woolgrowing firm which has for many years figured conspicuously in the business.

With the influx of farmers from the Middle West these great tracts of land are becoming too valuable for agricultural purposes to justify holding them for sheep ranges. Land that will grow an average of over 35 bushels of high grade winter wheat, without irrigation, now commands about \$15 per acre, so it will be seen that these immense tracts represent a large sum of money.

Sultry Politics in Cuba.

Havana, Oct. 29.—The fight between the Liberal and Conservative parties for supremacy throughout the island becomes more bitter daily. The ill feeling has resulted in charges, which the authorities are investigating today, that the Liberals have stolen private property along the route of their campaign excursions. The Conservatives claim to give a number of instances in which they say the Liberals "appropriated lands." In the Eastern portion of the island serious clashes are expected.

Destroy Posted Papers.

New York, Oct. 29.—When presented with a rate schedule marked "not to be posted" at the hearing in the government suit to dissolve the Standard Oil company, William S. Kallman, a freight manager of the New York Central railroad company, testified that the reason for the order, despite the interstate commerce law requiring that tariffs be posted, was because the road found it difficult to keep posted papers from being destroyed.

Venezuela Remembers Bolivar.
Caracas, Oct. 29.—The birthday anniversary of Simon Bolivar, who liberated Venezuela from Spanish rule, was observed throughout the republic yesterday.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
