MEDFORD HIGH 0**

The football game in Central Point Thursday resulted in the invincibles defeating Medford by a score of 16 to 0. A large delegation of Jacksonville enthusiasts went over to the Point. They say that the Medford boys had no chance at all.

**THE REDMEN HAVE  
6 NEW MEMBERS**

Wednesday night Oregon Pochontas Tribe No 1, initiated six new members into the mysteries of the order. A large delegation from Medford came over in a special train to assist in the work. After the ceremonies refreshments and lunch were served, and the visitors went home at 1 a. m. feeling as though they had been treated to a good time.

**What Would You Do?**

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. **CROSS POLLENIZATION OF APPLES**

**Why a Spitzenburg Tree Will Not Bear True--Spitzenburg Apples Every Year Will Be Fully Explained at the Fruit Growers Meeting.**

(By Charles Meserve)

Just why a Spitzenburg tree should one year bear apples that are true to type and perfect in color and size and then the very next year have a crop that is off in color and shape and in type bear more of a resemblance to a Ben Davis or other variety than to its own type is one of the perplexing problems that the beginner in fruit growing has to meet. And this difficulty is an expensive one to the orchardist for instead of having fancy Spitzenburgs to sell he will have a lot of mongrel apples that cannot be classed with any variety known to the market. This difficulty besets all varieties of apples but is more noticeable on red than on yellow varieties.

This apparently freakish habit of the apple tree has been attributed by many growers to be an effect of weather, soil or other conditions. But the observant orchardist has found that this striking variety of fruit on one tree is due to the crossing of the pollen of two varieties of apples, thereby producing a hybrid having characteristics of both parents just as the mulatto bears a resemblance to both his white and his black parents.

Cross-pollenization of fruits will be the subject for consideration at a special meeting of the Jackson County Horticultural Society to be held at the Commercial Club room in Medford on Saturday, November 28, at 2 p. m. sharp. On the invitation of the Society Prof. P. J. O'Gara, from the Department of Agriculture at Washington, D. C. will give an address at this meeting on the pollenization of fruits. Prof. O'Gara is one of the leading authorities in the United States on all problems connected with fruit growing and his address will contain all the facts that is known in the science of fruit raising in this country on the breeding fruits by cross-pollenization.

Little or no attention has heretofore been given in Rogue River Valley in planting orchards to the effects that pollenization has on increasing the productiveness of the trees, or of the effect that cross-pollenization has on producing true or false types of fruit. Some orchards have been planted in a solid block of one variety, while others have been planted in a series of blocks various varieties. And there are orchards that have been planted with reference to the effect of pollenization. These orchards being planted in alternate series of rows, each series being of a different variety and the orchard containing two or more varieties.

And some varieties of pears require cross-pollenization quite as much as do some varieties of apples. An instance in this line is a five-acre pear orchard in this valley, that though the trees are 16 years old, healthy and vigorous, yet in no year since the trees have been old enough to bear has this orchard

produced fruit enough to pay for cultivating the land. Had there been trees that are strong pollenizers interspersed in this orchard at the time of planting it would now be producing each year a crop of pears worth not less than \$5,000 but as it is the orchard is a loss to the owner.

This meeting of the Jackson County Horticultural Society is open to the public and all who are interested in the development of the fruit industry in Rogue River Valley are cordially invited to attend. To those who are planting an orchard and who are not skilled in the science of fruit raising the knowledge to be gained at this meeting from the address by Prof. O'Gara will make possible that their orchards shall be wealth producers instead of a losing venture.

Owing to the days being short and that many of the fruit growers, who will attend, live at a distance from Medford, the meeting will be covered promptly at 2 p. m. So all should bear this fact in mind and not be late and thereby miss part of the address.

**NATURE TELLS YOU**

**As Many a Jacksonville Reader Knows Too Well.**

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

James Powell, living at 124 Iowa St., Ashland, Ore., says: "For twenty years I was afflicted with kidney complaint. The kidney secretions were too frequent in action and the pains in my back were so severe that I could hardly endure the misery. There were pains through my loins and my general health was in a much run down condition. I finally procured Doan's Kidney Pills after other remedies had failed to help me and began taking them as directed. They quickly banished the troubles and in a short time my health returned. I am now in my ninetieth year and my health is fine. I unhesitatingly recommend Doan's Kidney Pills to others."

Plenty more proof like this from Jacksonville people. Call at The City Drug Store and ask what customers report.

**Items of Interest to Jackson County Tax Payers**

Messrs. Walsh and Kitto have been repairing the county road on the Hanley hill between this city and Central Point. This hill is now in excellent condition for winter travel. The county court deserves credit for the way they are repairing the roads and bridges throughout the county. The Applegate and Sterling roads are in bad condition and should be repaired as soon as possible, but all roads cannot be repaired at once.

County Clerk Coleman, with his able force of deputies, are busy arranging the new files in the vault. When this work has been completed Jackson county will have one of the best filing systems in the state. The large steel vault has been divided with a brick partition, giving the recorder an independent vault.

The commissioners court will convene next Wednesday, when a large list of bills and other matters will come before this body.

Assessor Elect Grieve will assume the duties of the office January 1, 1909. He will be kept on the jump for a few weeks filling out about 8000 assessment blanks. This work could be started now but Mr. Grieve is equal to the emergency when it comes.

H. M. Coss was liberated last Saturday by furnishing bonds in the sum of \$5000. Coss returned to his home in Medford and Sunday attended services at the First Baptist church. His bondsmen being Dr. J. F. Reddy, Fred J. Blakeley, Edgar Hafer, Geo. Lindley and Geo. Morris.

School Superintendent Wells should have a deputy in the office so that he could have more time to visit the schools of the county. He could accomplish a great amount of good by visiting outlying districts.

**Ten Doctors Said He Would Die**

"In 1903 we wrote you regarding my husband, who was suffering from heart trouble. He was superannuated by the North Georgian Conference. Ten doctors at different times said he would die. You advised Dr. Miles' Heart Remedy and Restorative Nervine; we did as advised, and improvement was apparent from the very first. He recovered and the Conference in 1904 gave him a charge. He never felt better, although he has very heavy work and does a great deal of camp meeting work. I am so glad we took your advice and gave him the medicine, and feel that I ought to let you know of the wonderful good results from its use."  
MRS. T. S. EDWARDS,  
Milner, Ga.

This proves what Dr. Miles' Heart Remedy will do. Get a bottle from your druggist and take it according to directions. It does not matter whether your heart is merely weak, or you have organic trouble, if it does not benefit you take the empty bottle to your druggist and get your money back.
