ADVANCEMENT

Jacksonville is backed by a spirit of improvement which is shown in every act of the enterprising community. The new board is fully alive to the wants of the people and have started off in a manner that will demonstrate to the outside world that Jacksonville will become a city.

One matter that should not be overlooked in the progress of the city and no doubt will be considered in due time is the paving of California street from the Lyden hotel east to the court house street, thence north on that street to connect with the road to be built by the agency from Medford to this city.

Medford agrees to build the road one mile out of town and Mr. Gore agrees to build the road through his farm, which is about a mile, if the county will agree to finish the road to Jacksonville, then it remains for Jacksonville to do her part. I guess it can be done. Jacksonville is no quitter when we can raise \$2.50 to every man, woman and child within the city limits for a fourth of July celebration we can surely get \$2 per capita for a permanent improvement. Let the good work proceed Jacksonville is in line.

It may be well for as many as can spare the time, and I believe that every business man in Jacksonville can spare one hour, to visit the county court on Saturday, March 29, one week from today, and ask that body to rush the work on the road from Medford to Jacksonville.

COMING TO FAIR OREGON

(Special Correspondence)
They are coming. People from every part of the United States and Canada are pouring into Oregon at the present time at a rate never before equalled, and there is evidence that the travel during the entire colonist period will be enormous. Many communities are busy sending out leaflets giving the low rate from twenty or twenty-five points, others have the information printed at the top of their stationery and on their envelopes. Every reader of this paper should see that such a leaflet goes in each letter he sends to people at a distance. School boys and girls all over Oregon are doing their part. Remember this rate is good until the last day of April.

A most interesting acknowledgment of the apples sent by the Portland Commercial Club to King Edward comes in a letter from Buckingham Palace, written by General D. M. Brobyn, Keeper of the Privy Purse to

His Majesty King Edward, to one of Oregon's best known and most respected citizens, R. E. Brereton.

A little extract from General Brobyn's letter is interesting.
"The five boxes of apples which were sent to His Majesty arrived quite safely and were thought very highly of by the King and others who tasted them. I write to convey His Majesty's thanks for the fruit.

"Should we all live for another Christmas, and if you will kindly send directly to me at Sandringham a small supply of these apples, writing me a few lines of warning of their dispatch, I promise to bring them to the notice of the King and His Majesty's guests assembled at Sandringham at that season of the year, and will give you a full report of them."

Ontario is determined that the great Malheur project shall be realized. The people of Vale are co-operating with them—in fact all the citizenship of Malheur County is a unit, and there was never better evidence of their progressive spirit than the fact that they raised one evening last week the sum of \$2500.00 in twenty-five minutes—or at the rate of \$100.00 a minute—with which to advertise their resources. When one considers that Ontario has only 1500 population, this is one of the records.

Comparatively few people of the "Beaver State" realize that Forest Grove is nationally known as the source of America's most perfect archery bows. Pacific Yew, which grows to perfection in Oregon, is the material used, and Captain F. S. Barnes fashions it with skilled hand into bows sought by experts all over this continent and even abroad. Though almost seventy years of age, the Captain is himself a splendid archer, and such an enthusiast in his chosen craft that he makes personal trips to the mountains each year to select Yew of just the proper grade and grain—the altitude at which the tree grows is an important factor. Occasionally a bow of rare accuracy and highest speed is created, and these are dignified with names. "Cyclone" and "Whirlwind" are famous among archers.

APPELATE GOES TO SALEM

Governor Benson's first official appointment was that of Peter Applegate as state land agent to succeed C. V. Galloway, recently appointed to the state tax commission. The position carries with it a salary of \$1800 a year. It will compel Mr. Applegate to move to Salem. Mr. Applegate, who has served two terms as Jackson county assessor, is one of the most popular and best known residents of southern Oregon, a scion of one of the pioneer families. He is an engineer and surveyor by profession and well equipped to fill his new office.
