

WHERE WORLD'S WORKS OF ART WILL BE HOUSED AT A-Y-P EXPOSITION, SEATTLE.

In this building will be exhibited many priceless paintings. The display will represent the art galleries of the world, for many of these pictures will be the work of the old masters, including rare art exhibits from the Corcoran in Washington, the Art Museum in New York, the Chicago Art Institute and from a large number of private galleries of wealthy men in the United States and Europe, who have for years made the collection of famous old paintings their hobby. Paris and London have made large loans.

At the Alaska-Yukon Pacific Exposition the selection of pictures will be limited to the works of men who have been recognized in the great art competitions in all parts of the world. Many American artists will be represented in the display in the Fine Arts Palace at the Exposition and arrangements have already been made for the shipping of these valuable paintings from art institutes of this country to Seattle.

G. L. Berg, art director of the Exposition, has visited all of the leading galleries of the United States, collecting the pictures suitable for display at Seattle, and writes that the pictures already loaned will constitute one of the greatest art displays assembled for international exhibition.

The Fine Arts Building is a fireproof structure and was one of the first buildings completed on the Exposition Grounds. It cost more than \$200,000 to erect the building.

The Seattle Times, in reporting a game in which the Aberdeen ball team figured largely, has the following to say of Jud Pernoll and his work as a left-handed pitcher.

"Pernoll looks like the best lefthander who has shown here this season. Eddie Siever knows more about pitching, of course, than the youngster, but Pernoll has the young arm, and he also has the old control that is so necessary for the success of any pitcher, while Siever is not yet in shape to show his best form. Despite his stocky build, Pernoll fields his position well."—Ex.

### NEEDFUL KNOWLEDGE

#### Jacksonville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of stinging. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often means fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Jacksonville proof: Mrs. M. H. Raudree, living on the North side, Jacksonville, Ore., says: "Backache and dizzy spells, made life a burden for me for a long time. I suffered so severely from dull pains in my back and hips that I could hardly get around. I was tired and worn out and had no ambition to attend to my ordinary household duties. If I attempted to sleep sharp twinges would dart through my back and I would also suffer from dizziness. I used many remedies but obtained no relief until I procured Doan's Kidney Pills, on the advice of a friend, at the City Drug Store. The results obtained from using this remedy were better than I had hoped for. I improved from the time I began using Doan's Kidney Pills and when I had used three boxes I was completely cured. I cannot say too much in praise of Doan's Kidney Pills."
