robbed the Union Pacific passenger train near Omaha, Neb. Saturday. They secured several mail sacks containing a large quantity of registered mail.

#### Jars Three States.

Severe earthquake shocks which leveled chimneys in some places, are reported over an area of three states.

The shocks occurred about 8 o'clock Wednesday evening and created considerable alarm through Wisconsin, Iowa and Illinois.

No serious damage to property, or loss of life, is reported.

#### Billiousness and Constipation.

For years I was troubled with billiousness and constipation which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by City Drug Store.

Trespass Notices, printed on cloth, for sale at this office, 50 cents per dozen.

#### MAKE HASTE SLOWLY

We understand that some persons have censured the members of the city council for slowness in getting the charter amendments before the people.

In matters of this kind there are always numbers of unlooked for, little things, constantly cropping up to delay or obstruct action, many difficulties to overcome, conditions to understand, the wishes of the people to ascertain, etc.

Careful inquiry leads to the belief that these gentlemen have made rapid progress in the matter, considering the circumstances and conditions under which they have labored, in many instances haste was impossible and unwise.

When we realize the importance and magnitude of the work we feel that the members of the council should receive the hearty thanks of every citizen for the celebrity with which the affair was handled.

#### DON'T KNOCK.

Hammers are useful tools when properly used by mechanics, etc., but in the hands of chronic kickers and used for "knocking" purposes they become dangerous weapons liable to recoil on the head of the user.

This age has no use for the knocker while the booster is wanted everywhere. If conditions in your town and community do not suit you, try to improve them, tell the "stranger within your gates" (and outside of them too) that the town is the best ever—and it is too, if you will only think so. Lend a helping hand to enterprises for the benefit of the community and you will have little desire to knock.

If you are still grouchy, take your little hammer, go out to a good sized rock pile and blaze away.

The efforts of a certain Salem attorney who threatens to block the building of the Crater Lake road bring to memory very forcibly the old fable concerning the dog and the ox. Because the dog could not eat the hay he would not allow the ox to eat it. Anyway, Salem is the last town in the state to have a kick coming in regard to appropriation of state money and the proposed road is not a local matter but is an undertaking in which the whole state is interested and any attempt to delay the construction thereof should be suppressed.

The man who continually croaks about what is to happen to himself or his neighbors is not a public benefactor. He is the direct opposite. The man

who looks for the best, talks for the best and thinks for the best and does the best he can under all circumstances is all right. It's better to say, "business is good" than to say "times are dull" because the first statement is true.—Ex.

A fake story is going the rounds of the press about how a college club in Omaha had demonstrated the fact that palatable and nutritious bread can be made of alfalfa stalks and leaves. The originator of the story should be given a pair of long ears and turned loose in a hay field.

Britons have been indulging in their favorite brand of ale and as a result have been seeing all sorts of terrors in the shape of airships, hovering over their island at night, a sort of "mid-summer night's dream".

John Hays Hammond, the mining expert of South African fame, is to be offered the post of minister to China. He may be able to find the hidden treasure of the Chinks.

Speak ill of no one, embrace every opportunity to say a good word for your neighbor and the town in which you live.
