

# Jacksonville Post

VOL. III.

JACKSONVILLE, JACKSON COUNTY, OREGON, JUNE 12, 1909

NO. 6.

SCENE ON THE COURT OF HONOR, A-Y-P. EXPOSITION, SEATTLE.

In constructing its group of five buildings, the United States Government had regard for the type of architecture followed generally in the buildings of the Exposition proper. The Exposition structures are in the modern French renaissance and the Government in the modern Spanish. The two styles tie in nicely together and make an harmonious whole. On the right of the picture is the Alaska building, one of the Government group. In the center is the European Exhibits Palace. On the left is a facade of the Palace of Agriculture. The last two named are in the French renaissance and were completed before December 1, 1908. The Alaska building was completed April 15.

## Baseball

In the matter of the petition of L. B. Brown et al for relocation of county road, ordered that Frank A. Grisey, J. M. Whipple and Samuel Mathis be appointed viewers.

County hospital report for May filed.

## Pleads Guilty to Manslaughter.

Pleading guilty of the crime of manslaughter, the case of Willie Barkley, the half-breed Klamath Indian charged with the killing of a white man named Jacobs, near Yainax, was ended Saturday in the federal court at Portland. An army of witnesses had been subpoenaed from Klamath county for the trial, and relations had become somewhat strained between different faction of the Indians as a result of the affair. —Ex.

## Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by City Drug Store.

## FOR BETTER ROADS

### Sign Boards Will Mark Every Country Road Within 50 Mile Radius.

(Walla Walla, Wash., June 10, 1909.)

Under the auspices of the Commercial Club, a plan has been worked out for the marking of every country road, within the radius of fifty miles of Walla Walla, with frequent sign boards showing the distance and direction to this city.

The signs are made in the form of an arrow, and are six inches wide and three feet long. They are painted white and bear the plain black legend Walla Walla.

The first consignment of the signs have been put up and within the next two weeks the full quantity, one thousand, will be in evidence.

It is the purpose of the Directors of the Club that the marking shall be so thoroughly done that the automobile racers, who are now on the way from New York to Seattle, shall recognize this locality as having the best marked roads in the country. Aside however, from the direct benefit thus accruing to the city of Walla Walla, every user of the roads, even though living in one of the other communities of the valley, will be benefited.

This sign matter is generally recognized here as only the beginning of a program of definite action that will not be allowed to falter until every road in the Valley is put into first class condition, there being a move now under way to secure the location of a rock-crushing establishment in this vicinity, with the understanding that at least twenty five miles of roads will be permanently improved each year.

## SIMON ELECTED

Joseph Simon, the republican nominee was elected Mayor of Portland, Monday by a plurality of more than one thousand votes.

## Development Congress.

The ninth session of the Oregon-Idaho Development Congress will be held at Burns, Karney Co., Thursday and Friday, July 1 and 2. Address will be delivered by prominent speakers. Governor Benson of this state and Governor Brady of Idaho have been officially invited and both have signified their willingness to attend.

All persons interested in the development and future welfare of Oregon are invited to be present. The railroad question as it affects the people of Oregon and Idaho, will be the main issue discussed at this meeting.

## Reclamation Project.

The largest of all the schemes of reclamation completed by the government has recently been undertaken by the engineers in the Sacramento Valley. Its ultimate object is to control the flow from a watershed of over 4,000 square miles, to improve the two great rivers of California. When the task is completed, over 600,000 acres of rich land, which at present is dry and sunbaked during eight months of the year will have been brought under irrigation and large areas of bottom land, which at present are subject to annual overflow and great destruction by the floods will have been reclaimed. Furthermore, the works involved in this reclamation will involve the control of sufficient water power to provide electric light and power over the greater part of the Sacramento Valley, which extends for 450 miles from Mount Shasta to San Francisco Bay, and at its widest part reaches about 100 miles from mountain range to mountain range. —Scientific American.

## Prosperity For Farmers

In the Portland market yesterday, 94 hogs, weighing 17,360 pounds, brought the unusual figure of \$3.15 per 100 pounds. The price is the largest and the demand the heaviest known in 18 years. In 1891, during a brief period, several small lots were sold at \$9 per 100, which is the highest price of which there is local record. The Portland price yesterday was considerably above that in Chicago, where the best figure obtained was \$7.77½. With wool yielding the Willamette farmer 25 to 26 cents and wheat back in the old notches of 30 years ago, there is a halo around the horizon of the Oregon husbandman. —Journal.

## Fire At Applegate

### Stage Station Belonging To A. D. McKee Destroyed.

(Applegate, Ore. June 10, 1909.)

Early Tuesday morning fire was discovered breaking through the roof of the house occupied by A. D. McKee of this place and although heroic efforts were made by the inmates and a number of neighbors who were present it was soon seen that the house was doomed. The attention of all was then directed to the contents of the house, part of which was carried out to a place of safety but many articles of value, highly prized by the owners were consumed by the raging flames.

The building which was a frame structure was used by Mr. McKee and family as a resident hotel and stage station was entirely destroyed, the total loss amounting to about \$1300; with no insurance on house or contents.

Two elderly gentlemen, Messrs Keeton and Bowers who were stopping at the house at the time lost all their baggage consisting of wearing apparel and Masonic regalia valued at several hundred dollars. McKee had just finished repainting and papering the interior of the building and had laid several new carpets, etc.

## KICKER'S

The kickers on the farm are not so hard to get along with as the kicker in town. On the farm there is the kicking cow, and our long eared friend the mule, while in town there is the old mossback who wants all the municipal improvements without paying for them. The cow may be sold for beef, the mule traded for a shot gun but nothing but a funeral will get rid of the town kicker. —Ex

## COUNTY TREASURER'S TWENTY-FIRST CALL.

Jas. M. Cronemiller, Treasurer of Jackson County, Oregon.

## NEEDFUL KNOWLEDGE

### Jacksonville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often means fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Jacksonville proof: Mrs. M. H. Roundtree, living on the North side, Jacksonville Ore., says: "Backache and dizzy spells, made life a burden for me for a long time. I suffered so severely from dull pains in my back and hips that I could hardly get around. I was tired and worn out and had no ambition to attend to my ordinary household duties. If I attempted to stoop sharp twinges would dart through my back and I would also suffer from dizziness. I used many remedies but obtained no relief until I procured Doan's Kidney Pills, on the advice of a friend, at the City Drug Store. The results obtained from from using this remedy were better than I had hoped for. I improved from the time I began using Doan's Kidney Pills and when I had used three boxes I was completely cured. I cannot say too much in praise of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's—and take no other.
