PANSIES AND POSIES EVERYWHERE AT A-Y-P. EXPOSITION.

In the foreground of the picture is shown the bank which slopes up from Geysers Basin at the Alaska-Yukon-Pacific Exposition, Seattle. Upon it have been planted 300,000 tufted pansy plants, and close up to the ballustrades high-growing plants of bright blossom.

Above Geysers Basin can be seen the banks of the Cascades, and around these are growing 100,000 rose bushes, so selected that there will be a rotation of blooms throughout the Exposition.

A YOUNG HUNTER

F. E. McKee, an eighteen year old boy of Buncom, in the Applegate country, deserves first place as the champion panther hunter of Jackson County. Mr. McKee brought to the Clerk's office at the court house, Wednesday afternoon, the skins of three panthers, (one full grown and two small ones) and after making affidavit as required by law, received the sum of \$30. bounty for killing the "varments". These were the first pelts brought to the court house since the new law went into effect.

Surprised on Birthday.

The ladies of the Presbyterian church tendered their pastor, Rev. Robt. Ennis and family a surprise on the evening of June 25th, that being the reverend gentleman's birthday. A very enjoyable evening was spent in music and social intercourse. There were many beautiful floral offerings, one that at-

tracted special attention was a large bouquet of pure white lilies. Light refreshments were served.

Following are the names of those present:

Rev. Ennis and family, Miss McCully, Mrs. Hoffman, Mrs. Coulter and family, Mrs. Elmer and family, Mrs. Graves and family, Mrs. Kenney, Mrs. Dr. Robinson, Miss Cronemiller, Miss Klippel, Miss Peter, Mrs. S. Jones, and daughter, Mrs. M. Jones, Mrs. Wilcox, Mrs. Miller, Mr. Neil and Mr. G. Kenney.

Not One Killed.

The many improvements which have been made both in track and rolling stock, to say nothing of the introduction of block signaling, are beginning to tell in the direction of lowering the list of fatalities and injuries. The Pennsylvania Railway is to be congratulated on its remarkable record of the past year, during which, although it carried a total of 141,659,543 passengers, not one was killed. —Scientific American.

Cherry Fair At Salem--Oregon Bankers At Convention--Trade With China--California Men Get A Lesson.

Salem is making preparations for the fourth annual cherry fair to be held in the Capital City July 8 and 9. The people of Salem make a big event every year of the cherry show and the fete this season will eclipse anything of the kind ever held there, according to those in charge of the program. The fair will be held at the time of the Midsummer Meeting of the State Horticultural Society at Salem. There will be addresses by prominent orchardists and specialists and a trip through the orchards about Salem on Friday, July 9, will be a feature of the gathering. Fruit growers of the state are making plans to attend.

Oregon was well represented at the tri-state bankers' convention at Seattle last week. Many prominent in the financial affairs of the state were in attendance. The sessions were of unusual interest and because of the bankers of Oregon, Washington and Idaho meeting together, a closer relation was established between the financial interests of the Pacific Northwest.

That Oregon has immense trade possibilities with China, which offers a great market for the manufactures as well as the raw products of this country, is the opinion of Quan Kai, a wealthy Chinese merchant of Hong Kong, who has been a Portland visitor for the past few days. He believes an era of closer commercial relations with the United States is about to dawn for his country and he welcomes a larger commerce with the Pacific Coast.

Quan Kai says his country is entering upon a period of expansion and must have railway materials, machinery of all kinds and manufactured products in addition to the lumber, wheat and flour, this chief commodities secured from this Coast, saying that his people prefer to trade with this country in preference to the English and German exporters who have the bulk of this trade at present.

California business men on the recent trade excursion north got a lesson from Modern, enterprising Medford. A city of 6,000 people took the party of 100 visitors out in autos and had enough cars left over for as many more. Could any California agricultural city of the same size, not a center for tired out and back number millionaires, have turned a like trick?

FIRE STATISTICS WANTED

States Cooperate With Forest Service To Obtain Fire Statistics.

Portland, Ore., July 30, State officials, associations, and individuals will cooperate with the United States Forest Service in an attempt to get accurate records of all fire losses in Washington and Oregon this summer. The Forest Service will compile a report showing by counties, the areas burned over of merchantable timber, non-merchantable timber, and cut over land; the quantity and value of the timber destroyed, and the cost of fighting the fires. In this way the Federal and state Governments as well as the public will be enabled to obtain at once systematic information concerning all fire losses in these states.

Heretofore, this information has been only partially collected. The forest Service has secured comprehensive reports from rangers on the National Forests, but from no other source. The State Boards of Forestry in Oregon and Washington have had reports from their wardens, but many regions had no wardens. The State and Government statistics were in different form and not brought together. Consequently, although those interested in the subject know in a general way that fire entails an enormous loss to the community every year, they have been unable to back their arguments for remedial action with any definite proof.

District Forester E. T. Allen is receiving the active help of the Oregon Conservation Association, the Oregon State Board of Forestry, and the Washington Forest Fire Association in organizing the work. The two latter have revised their report forms to bring out the same facts regarding all fires. The Oregon Conservation Association is canvassing the state to secure suitable men to act as fire wardens and report on fires in their territory and presents their names to the State board for appointment. It will also send each man a post card reminder every two weeks, with a return card on which he will enter a few main facts about the fire. The Washington Forest Fire Association will collect reports from its rangers and from other correspondents where it has no rangers. The Forest Service will furnish franked envelopes for mailing in the reports, and compile the results. The Washington State Board of Forestry has not made any agreement as yet, but will undoubtedly furnish all the aid it can.

Every lumberman, or any one else who is interested in preventing forest fires, will see the advantage in bringing this information before the public and can be of great assistance by reporting fires in his vicinity. Forms will be furnished on application to the Secretary of the Oregon State Board of Forestry, or, in Washington, to the Washington Forest Fire Association.

La Grande will pave 11 blocks of streets, this summer.

THE ALL SILENT FOURTH OF JULY

Did ever you hear of Miss Polly Shannon, Who nearly goes mad at the sight of a cannon? Just outside of Bristol she lives all alone And hasn't so much as a cat of her own. While dreading the thought of the Fourth of July She said to herself, "I shall certainly fly!"

Then suddenly there popped in her head the way Miss serenely to spend our national day. At evening she plugged all the keyholes with wax And over each window hung blankets from tacks; Then, filling her ears full of pink cotton batting. She tied on her nightcap, all ruffles and tattling. And said to herself, "Now, we'll see if that cannon At four in the morning will rouse Polly Shannon!"

The mayor of Bristol, however, was sick, And even so low as to mind the clock's tick. And therefore the council made haste to proclaim By means of great posters, in letters of flame:

BECAUSE OF HIS HONOR, THE MAYOR'S CONDITION, Pronounced very critical by the physician, Tomorrow no cracker, gun, cannon or pistol Shall once be shot off in the city of Bristol. Police are instructed and will without fail Most promptly remand all offenders to jail."

Just think of the grief of those poor Bristol boys! When reading this placard which voted for their joy! But Polly slept sweetly, for no thunderous roar Of cannon terrifies awoke her at four. 'Twas late when she rose, with supreme satisfaction. Preparing herself for a day of inaction, For how could she work—the house dark as a pocket. And mercury going way up like a rocket? But when perspiration meant peace and protection She felt she could stand it with little objection. So all day long in the darkness and heat She sweated and worried, while outside Ripe fragrance of summer pervaded the air. The birds gave their concerts, all nature was fair. While near a gun, a torpedo nor pistol The ghost of a sound woke in solemn old Bristol.

Burglars robbed a store at Scappoose Saturday night, securing \$10. cash and about \$100. worth of cutlery and jewelry. The mine planter "Ringgold" arrived at Ft. Stevens, Monday. After doing some work in the harbor it will proceed to the Sound. Eugene's big Fourth of July celebration will last three days. Freight and passenger receipts at Klamath Falls, for the first 30 days after opening the road are reported as being \$75,000. Pickpockets at Union Depot, Portland robbed a Wyoming man of \$328. Monday morning. A full carload of cherries was shipped direct from Salem to Chicago, Tuesday. Stephen Fisher, a laborer, employed at Gervais, was run over by a train and instantly killed, Monday. 180,000 young trout of the rainbow and brook varieties were turned loose in the upper McKenzie river, near Eugene this week. Astoria reports the quietest fishing season for years. Francis J. Heney, San Francisco's graft prosecutor, passed through Rogue River valley, Monday, enroute to the A. Y. P. fair. The Southern Pacific company have asked for bids for the construction of 60 miles of railroad between Klamath Falls and Natron. Bids must be filed at San Francisco, not later than July 10th. The Waldo Hills Pioneer association held its annual re-union near Salem, Saturday. The figurehead from the battleship Oregon is to be placed in the capitol building at Salem. The Yachats Telephone Co. of Waldport was incorporated at Salem, Saturday.

Fish Shipment.

The Rogue River Fisherman's Union of Grants Pass is doing a paying business, which means the distribution of a whole lot of gold money in this country. The shipments, it is true, are not quite as large as last year but the amount

The next morning came. With a sense of release Which filled her whole soul with contentment and peace, She tossed wax and cotton far out of her sight, Threw wide doors and windows and gazed with delight.

Her neighbor, Dick Jones, came and lounged on her gate. "Good morning! How are ye? You're up rather late. I thought you was sick, 'twas so sort o' shut up. Too bad on the boys that 'are bad they put up!"

"What bill?" "Ain't you heard? That's why 'twas so still. They put off the Fourth 'cause the mayor's so ill." "And didn't they shoot off the cannon at all?"

Cried Polly, amazed; "not a gun, great or small!" "There ain't been a day as I know on this year So dead level still as 'twas yesterday here!"

Miss Polly said only: "Well, there! I declare!" Then slammed to the door and dropped into a chair. With look very sheepish and manner less curt. She thought, "After this I won't cry till I'm hurt."

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Jacksonville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill.

A. R. Bly, living Cor. 4th & B. Sts., Ashland, Ore., says: "Doan's Kidney Pills proved of wonderful benefit to me. At the time I began them I was so lame and sore that I could hardly get around. My kidneys were disordered and the secretions gave me much annoyance, by their frequent action. I would arise in the morning feeling tired and worn out and the pains in my hips were excruciating. It was while I was in this condition, that Doan's Kidney Pills were recommended to me and I procured a box. I had only used them a short time when I felt better, I continued taking the remedy and was soon free from any trace of kidney trouble. I have recommended Doan's Kidney Pills to many persons suffering from this affliction and will continue to do so."

Plenty more proof like this from Jacksonville people. Call at the City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.
