Town Booming Helps

III.—Make a Noise Like a Dollar

The man who gets ahead is the one who makes a noise, and it's the same with a town.
But it must be the RIGHT KIND OF NOISE.
There are millions of noises in the world and only one kind worth making. That's the kind a man learned about when he tried to interview a great financier.
He had spent several days trying to get into the private office of the old skinflint, but was always headed off.
At last he went to a friend for advice.
"I'll tell you what to do," said the friend. "You go down and stand in front of the old fellow's door and

MAKE A NOISE LIKE A DOLLAR.
When he comes out to grab you, that will be your chance.
That's the kind of noise we should make in this town.
We should sound like ready money and look like it.
Nothing would bring new business and hustling citizens quicker than a NOISE LIKE A DOLLAR. Every letter that goes out should be an advertisement for our town.
If you don't know how to make a NOISE LIKE A DOLLAR, just call on us, and we'll try to help you.
One way is to advertise. When everybody gets to making the right kind of noise it will be worth while watching things boom.

THE TOWN THAT PUSH BUILT

III.—The Wide Awake Butcher

HERE is the butcher who, having cash, To the dry goods merchant's made a dash, For he saw an ad. of a special sale Of things that people order by mail, And he paid for all the things he bought With the selfsame money he had got From the grocer who had settlement made With the money the honest workman paid. P. S.—The local dealer who's up to snuff Will always advertise his stuff.
