VOL. III.

JACKSONVILLE, JACKSON COUNTY, OREGON, JULY 31, 1909

NO. 13.

OREGON FIR FOR CARS.

Western Product Constantly Grows in Favor With Builders.

Greater use of Oregon fir as car material and simplifying regulations of the car-builders were among the duties undertaken with promise of success by Secretary A. B. Wastell, of the Oregon & Washington Lumber Manufacturers' Association, while on his recent Eastern tour. Fir has become quite a favorite of the car-builders for sills and other heavy materials, as well as for finishing. As it is more generally introduced and its enduring qualities are tested longer, the market in this field is assured rapid expansion. When Mr. Wastell called upon the executive officers of the Car-Builders' Society in New Jersey, a committee was appointed to take the matter up, and assurance was given which led the Oregon man to believe there would be improved conditions in the near future.—Ex.

Why go to Medford when you can buy goods at Abbotts Hardware just as cheap. Be loyal to your home town and patronize home industry.

End of Seining Season

Seining for salmon in the upper Rogue River will cease on August 1st, provided the law is observed, and no more net work can be done until after November 1st above the mouth of the Illinois river. Below the confluence of the Illinois and Rogue the season closes August 15 instead of on the first.

Section 3. It shall hereafter be unlawful to take or fish for salmon fish of any kind in Rogue River and its tributaries at any point above the point where said Rogue River crosses the Jackson county line or take any fish for salmon fish in Rogue River and its tributaries by any means whatsoever except with hook and line from February 15 to April 15 and from August 1 to November 15 in any year. Or to take or fish any salmon in Rogue river and its tributaries by any means whatsoever west of its confluence with the Illinois river from March 1 to April 5 and from August 15 to September 15, or within three miles outside of the mouth of Rogue River from March 1 to April 13 and from August 1 to September 15.

The law provides against selling of salmon between February 12 and April 15 and August 1 and November 15 in any year.

They Want Information

Every week we receive letters from persons in the East, asking for information in regard to the country, many

of them asking for copies of The Post, realizing that the local newspaper usually contains reliable news of the locality in which it is published. Here is a sample letter, received Monday:—

Three Rivers N. M. July 23, 1909.
To a Jackson Co. News Paper
Jacksonville Oregon.

Gentlemen:
I have sold out here and am thinking pretty strongly of coming to take a look at your county with the intention of finding me a home. I have some money to invest and therefore I am sending 25c in stamps and ask that you send me a copy of your paper for a few weeks.

Yours Truly
J. W. Blackwell,
Three Rivers, N. Mex.

Prohibits Ball Games

Following the example set by the Puritans, Grants Pass has passed an ordinance to license and regulate the playing of baseball within the city limits. As the license fee is fixed at \$75. for each game, the result of the ordinance will simply prohibit the playing of games where an admission fee is charged. The ordinance allows games for amusement if a charge for admission is not made.

PORTLAND LETTER

Great Publicity Campaign Will Attract Many To This State--Secretary Ballinger Visits Oregon Irrigation Projects--Record Price For Hogs.

Portland, Or., July 29 (Special) No less than 25,668,670 people throughout the United States will have their attention drawn to Oregon as the land of opportunity during the coming three months by a great advertising campaign to be conducted by the Portland Commercial Club. The leading agricultural papers and the weekly additions of the big dailies will be used. There is no question that the campaign will direct the movement of thousands of people to this state. The advertisement will carry the familiar oval, with the slogan, "Oregon is the place for you", in large letters, and those at all interested are urged to ask for literature and information about Oregon. The advertisement informs the reader that railroad rates are the same to all parts of Oregon from the East and Oregon Commercial bodies will be supplied with addresses of all enquirers so that the whole state may profit by this advertising, although Portland will bear all the expense. There is probably no other city in the world that has done a like thing.

It is urged that all get in line for this valuable publicity. People from the East who ask about this state should be answered promptly and fully by every commercial body. In this way, it is believed very great benefits will follow for all Oregon.

This is more important now that the colonists rates for this fall have been decided upon by the railroads. Reduced one-way tickets will be sold to all Pacific Coast points from the East and Middle West for colonists and home-seekers who desire to settle here. The advertising campaign for settlers will be well supplemented by these attractive rates to settlers.

Irrigation in the Willamette valley is to receive attention at Eugene on Saturday, July 31, when a meeting will be held under the auspices of the Eugene Commercial Club to discuss this important matter. W. W. Cotton, Binger Herman and others have been invited to attend the meeting and make addresses. The gathering will meet in the afternoon.

Secretary Ballinger of the Department of the Interior visited Oregon irrigation projects last week. It is the intention of the Secretary to make a close inspection of Northwestern projects in company with reclamation engineers. After going over part of the state irrigation districts, Secretary Ballinger and his party were entertained at luncheon Saturday at the Commercial Club.

President Taft will visit Oregon this fall. He will come in October and will make stops at Portland and other cities of the state and his itinerary will permit. The President has accepted the invitation of Senator Bourne to be his guest while in Portland.

New record prices were reached in the hog market at Portland during the past week. Last Thursday hogs advanced to \$9.25 per 100 pounds, this being the highest value ever recorded within the memory of the trade. A shipment of 77 hogs from the Willamette Valley received this attractive figure. The hogs averaged 184 pounds each and brought the unusual price of \$17.02 each.

General News.

A gasoline launch, carrying a pleasure party capsized on the Ohio River near Cincinnati, Sunday night. Five persons were drowned.

Private Charles O'Neil shot and killed a girl because she had jilted him, at Ft. Leavenworth, Kan. Tuesday.

Dr. Pearsons announced that he would soon send his check for \$50,000 to the City Missionary Society of Chicago. This is in keeping his declaration that he would give his last million to Chicago institutions.

The Ella Gingles case has closed, both Miss Gingles and Miss Barrette have been set free by the court.

According to reports brought by a recent steamer, the output of gold for the year from the Tanana valley will be about \$14,000,000.

Emil Vintor, arrested at Aberdeen, S. D. for the murder of John Christie

has confessed to the police that he killed four persons.

Relations between Japan and China are badly strained over the proposed constitution of a railroad in Manchuria.

A train run down an automobile at Hammond, Ind. Saturday, killing two and seriously injuring three occupants of the auto.

Harry Murrey a well known railroad conductor was seriously stabbed in a fight at Centralia, Wash. Saturday.

John Sanford, a resident of Yacolt, fell from the top of Twin Falls and after escaping the jagged rocks lining the falls, was drowned in 40 feet of water in the Lewis river.

Ten indictments have been returned by the grand jury against Edward McCam, Police Inspector of Chicago, charging malfeasance in office, in accepting bribes.

A million British mineworkers contemplate going on strike in sympathy with the striking Scottish miners.

Captain Amundson, the Norwegian explorer, who discovered the northwest passage is planning an excursion to leave San Francisco for the North pole next summer. The expedition will take provisions for six or seven years.

A crew of 11 Puget Sound Indians has challenged the University of Washington for a canoe race to be held at Seattle, Aug. 28.

200 men are in the mountains near Ellensburg, hunting for "Buck" Alverson, a man who went insane while camping with some friends near that place last week.

Three women at St. Louis Mo. made a successful balloon ascension Saturday, landing at St. Mary's, a distance of 55 miles from the starting point.

A "Salome" dancer was arrested in New York, Saturday, upon the charge that the performance was "indecent, suggestive and immoral".

John Allen, a convict, was shot and instantly killed by a guard at Washington state penitentiary, at Walla Walla, Monday.

The keel of the first battleship for Spain's new navy was laid at Ferrol, Monday.

One hundred and thirty-five deaths from bubonic plague and thirty-five from cholera, were reported at Amoy, China, during the two weeks ending July 24.

Stanley Ketchell will fight Sam Langford a six-round glove contest for \$12,000.

A lodging-house to-gather with three of the inmates was burned at Waitsburg, Wash. Monday. The dead men are: John Frey, Cottage Grove, Ore., George Burkhardt, Redmond, Ore., and an unknown man.

The British steamer Headley, now at Bremerton, Wash., claims the world's record for consecutive steaming, having been out 63 days without her engines slowing down or stopping. She came from Newport News, Va.

A new island is reported in the Pacific ocean near the Gambier group. The island is located in latitude 24.25 degrees south, longitude 128.90 degrees west and seems to be made of volcanic rock.

Mrs. Elizabeth Taylor Danbridge, daughter of President Zachary Taylor, died at Washington, Monday night, aged 85 years.

Five thousand soldiers left Madrid, Monday morning to assist in repulsing the tribesmen of Morocco. It is reported that at least 25,000 troops have been transported this week to Morocco and a determined effort is being made to bring the rebellion to an end.

A loss of \$70,000 resulted from a fire caused by "spontaneous combustion" at Los Angeles, Calif. Monday.

Jesse W. Bissett of Hillman City, was drowned in Lake Washington, near Seattle, Sunday. He was endeavoring to rescue a young woman whom he thought was in danger of drowning.

Robert E. Fanning, a wealthy resident of Westport, Mass., killed his wife hacking her body to pieces with a hatchet, then wrote a sensational letter to the police, jumped into his automobile, delivered the letter and then blew off the top of his head with a revolver, Sunday night. Drink is responsible for the tragedy.

A bitter fight between representatives of the N. P. and the O. R. & N. for possession of passes in the mountains of Idaho, is now being waged. A regular bushwhacking or guerrilla warfare is being carried on.

NOTICE—A meeting will be held in the City Hall tonight (Saturday) at 7:30 to arrange for entertaining the Soldiers and Sailors Encampment. Everybody come. Ladies are specially invited to attend.

HAVE COME TO STAY

Frenchman Flies Across English Channel In An Aeroplane---Makes The Trip in 25 Minutes.

The feat of Louis Bleriot, who sailed across the English Channel in an aeroplane Monday morning, will go far to prove that the airship has come to stay.

Bleriot's flight was made in one of the smallest monoplanes ever constructed and was accomplished in twenty-five minutes. The distance covered was 22 miles and the average height of the machine during the flight was about 250 feet.

Bleriot has been awarded the prize of \$5,000 offered by the Daily Mail and has declared that he is satisfied with the money and honor gained and will not cross again.

Buncom Reports.

Correspondence to the Post.

The weather is quite warm here.

J. F. Crump was in Jacksonville one day last week.

F. Kleinhammer and M. Goldsby spent several hours in Jacksonville last Saturday.

Hollis Parks of this place spent several hours in Phoenix last week.

Charles Pursel passed by Buncom, last week with a fine milk cow.

A. B. Saltmarsh is improved a little, we are glad to report, we wish his speedy recovery.

A HARD STRUGGLE

Many a Jacksonville Citizen Finds the Struggle Hard

With a back costantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you.

Jacksonville people endorse this claim:

Jesse Freeman, living at Sterling Mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what it was. I thought at first the symptom would pass away, but instead they increased in severity until I was suffering untold agony. I was treated by physicians until many remedies had obtained no relief. My worst troubles were pains in my back and limbs and irregularity of the kidney secretions. I was unable to rest or sleep well on account of the pains and was so stiff and lame at times as to be unable to get about. At one time I was laid up for several weeks and unable to work, I finally learned of Doan's Kidney Pills and as they were so highly recommended, I procured a box at the City Drug Store and began using them. This remedy seemed to be just what I required, for in less than two weeks the beneficial results were apparent. I continued using the remedy, improved steadily and by the time I had used seven boxes I was better than I had been for years. I am now absolutely free of any symptom of kidney trouble and give the credit to Doan's Kidney Pills."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name—Doan's—and take no other.
