If you want to see Jacksonville prosper and advance along with the other towns of the state, vote for the water-works bonds but if you don't want to see fine new residences, larger and better stores, well filled churches, larger schools, several industrial establishments, fine thoroughfares thronged with double the present number of happy, prosperous people; then vote against the bonds. It is up to you. Which will you choose?

The young men of the present day, anxious to collect for their services the moment the work is done should consider the example of the survivors of the Cayuse Indian war of 1847-8 who have waited patiently for more than 60 years before receiving payment for services against the redskins. Surely the government mills, like those of the gods, "grind slowly".

The shooting of young Ellis in the marble caves, Sunday is another exemplification of the danger of careless handling of fire arms.

### Cholera Infantum Cured.

"Something like two years ago my baby, which was then about a year old, was taken seriously ill with cholera infantum, vomiting and purging profusely, writes J. F. Dempsey of Dempsey, Ala. I did what I could to relieve her but did her no good, and being very much alarmed about her went for a physician but failed to find one so came back by Elder Bros. & Carter's store and Mr. Elder recommended Chamberlain's Colic Cholera and Diarrhoea remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely." For sale by City Drug Store.
