## WILL WORK COAL MINES

**Contract Let for Driving Incline an additional five hundred feet--Other contracts pending.**

E. C. Strumbaugh has secured a contract to drive the incline in the Cascade coal mine an additional depth of 500 feet. Work will commence next week and will be rushed. The contract price was \$5 a foot.

For some time work in the coal mines adjacent to Medford has been suspended, owing to a disagreement among the owners, and later while several matters could be adjusted. Now matters have been so arranged that work will be continued.

The pumps will be started this week and the tunnel cleared of water, then as rapidly as possible the work will be rushed. The letting of other contracts are pending.—Tribune.

### School Notes

Chas. Prim, Gladys Shaw and Della Reeve, Editors.

"What's the matter with the new professor?" He's all right." That's the cry that is to be heard throughout the school grounds.

Mrs. B. F. Newbury came up to the school on business, Friday afternoon.

The Library has been turned into a recitation room, in which Miss Lewis, the new teacher, hears her classes.

The pupils of sixth, seventh and eighth grades are anxious to join the tennis club. At present only members of the High School are eligible to membership, but some provision will be made for the pupils of those grades.

The teachers held a meeting Tuesday night.

Hazel Raypholtz has entered the high school, taking up the "Work of the eleventh grade." She began the year in the Central Point high school, but changed on the addition of the eleventh grade here.

Letters have been received from Medford and Grants Pass high schools, in regard to athletics. The outlook is very good for some interesting contests in Jacksonville the coming year.

It is hoped that an athletic union may be formed between the high schools of the county and possibly Southern Oregon.

An interesting class of ten, has been organized in the high school to take up German.

The members of the Girls Basket Ball team have sent for suits. Their colors are purple and gold.

A letter from Supt. Turner urges us to join the High School Debating League. Some of the students are much interested in the idea.

Some of the girls have found that basket ball spoils their complexion, soils their hands and musses their hair, but still they play.

## MEDFORD BURGLARS

**Are bound over to await action of grand jury--Now in jail in this city.**

At a preliminary examination before Justice of the Peace W. H. Ganon at Medford Monday three strangers, giving their names as Herold Mocke, Leonard Gaskins and Nicholas R. Rensford, were bound over to appear before the grand jury in the sum of \$500 each, charged with burglarizing the Deuel & Kentner store at that place on Tuesday night of last week of clothing, furnishing goods, etc., to the extent of about \$1000. In the absence of bail they were committed to the county jail in this city.

### NOTICE.

Hereafter we will mail statements of all accounts the 1st of each month and expect settlement of same without further notice. City Drug Store will close at 7 P. M. hereafter.

### It's A Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of all Throat and Lung remedies. Every atom is a health force. It kills germs, and colds and la grippe vanish. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C., writes "it cured me of lung trouble, pronounced hopeless by all doctors," 50c and \$1.00. Trial bottle free. Guaranteed by City Drug Store.

### SHOOTS SERENADERS

**Enraged groom kills neighbor--Victim is father of 10 children.**

James Lawrence a farmer, member of a charivari party that visited the home of Jesse Townsend, Sunday night, was shot through the chest and instantly killed by the bridegroom. The killing took place about 7 miles north of McMinnville.

Townsend was married several days ago but the charivari was put off until Sunday night. Women and children accompanied the men, the party got into the house but were driven out by Townsend. They left the house but soon came back, as they reached the door Townsend fired the fatal shot from a rifle.

The victim Lawrence was a middle aged man and leaves a widow and 10 children. Townsend surrendered and is now in jail at McMinnville.

### Oregon Sidelights.

Fine pears are raised around Milton. Big celebration in Falls City over the new railroad.

The Glendale Commercial club has great vegetable exhibits.

Cove is perhaps the most beautiful small city in the country.

Fist National bank of Burns has assets of nearly half a million.

Big new green fruit packing plant at Dallas—particulars everywhere.

Big new mill being constructed on Mary's river flat, near Corvallis.

Three years ago 38 teachers were employed in Eugene public schools: now 55.

A commercial club has been organized in Drewsey, Harney county, with 30 members.

Klamath Falls is fast becoming a stock shipping center. One morning there was dispatched from this station a special train of 32 cars of livestock, consisting of 20 cars of cattle, eight carloads of sheep, three carloads of mules and one carload of horses.

Sunnyside correspondence of Milton Eagle: It is my honest belief that every owner of an apple orchard in this valley can have his apples almost, if not entirely free from worms every year, if he will. And the success in fighting the codling moth is attributed to three things. First, spray on time; second, spray thoroughly, and third, use arsenate of lead.

The new fishway, the finest in the state, which has been constructed at a cost of \$3,000 over the Ament dam near Grants Pass, has been completed and was opened Saturday. A great change will now be noticeable above the dam in Rogue river, as, according to Master Fish Warden McAllister, there are over 90 tons of fish below the dam eager to come up stream.

A Eugene man who recently returned from an outing in the coast mountains, says he found a great many vacated homes throughout the section visited by him and the orchards, planted years ago by the homesteaders, have gone wild and the fruit is to be found in great abundance. Bears, coons and other fruit eating animals have infested the orchards in many instances, and the limbs have been badly broken, but that has not affected the bearing quality of the trees.

Yamhill Redord: The final vote for determining whether Yamhill will be classified as a progressive city or a mossback was taken last Saturday. The vote was decisive for a higher education at home for our girls and boys. This speaks well for our people. It shows plainly that they do not put the dollar above the scholar. Our geographical position is sure to make Yamhill a good school town and the time is not far distant. Consolidation of the public schools is coming and Yamhill is now in line to receive what is justly due.—Journal.

## Fight With Panthers

**Two Applegate Hunters Kill Old Panther and Four Young Ones--Panther had Killed Large Eight Point Buck and Attacked Dogs.**

Last Saturday Robert Watkins and Wm. Hacker, two noted hunters of the Upper Applegate, while out hunting on the Carberry Fork came across the carcass of a large eight point buck just killed by a female panther that had lain down in the brush to rest after her encounter with the buck. The panther made a dash for Prince, a collie dog that was with them, nearly killing him with one stroke of her large paw. The dog ran towards Wm. Hacker the panther following close after. When within eight feet Hacker shot her in the neck. She bounded about ten feet through the air then ran and jumped over a high cliff with one old dog following and treeing her below. The cliff was so high that the men had to take the other dogs a circuitous route to get them down to where the old dog had the panther treed, Robert Watkins then shooting her through the head. The panther measured nine feet from tip to tip.

The hunters returned next morning and got four kittens about three month old, killing two and capturing two of them alive. Not a bad day's work.

## FAREWELL RECEPTION

**At the Abbott Home Monday evening--Rev. and Mrs. Gray depart for new home.**

A farewell reception was tendered Rev. and Mrs. G. A. Gray at the Abbott residence, Monday evening, on the eve of their departure for their new home at Canyonville to which place Rev. Gray has been assigned by the recent M. E. Conference.

A large number of ladies and gentlemen were present and a pleasant evening was spent in social converse, music etc. light refreshments were served after which farewells were said, all present wishing the departing friends a safe journey and pleasant welcome to their new home.

During their residence in this city, Mr. and Mrs. Gray have made many friends who regret very much to see them go, but realize that in these matters the decision of the Conference must be obeyed. Those attending the reception were:

### A-Y-P. BUILDING FOR STATE UNIVERSITY

Seattle, Sept. 22—The building committee of the board of regents of the University of Washington, on the grounds of which the exposition is situated, today made its recommendations

for the retention of buildings at the fair to be used for educational purposes. It was recommended that the New York state building be used as a residence for President Kane. While the structure is not permanent, it will last for years. The other A-Y-P buildings recommended to be retained by the university are: Masonic building for the Y. M. C. A., American Women's league building as a residence for the gardener, Baptist building as an addition to the dormitory, Forestry building as a museum, A-Y-P. Exposition Administration building for offices; Arctic Brotherhood building for clubrooms, Hoo Hoo building for clubrooms, Washington State building for the library, Model Dairy building for a carpenter shop, Educational building for school of journalism, classrooms, and the Music pavilion. Permanent building erected for the university and used by the exposition: Auditorium as auditorium, Fine Arts for chemistry, Machinery Hall for engineering department, the Foundry building for training in engineering, power house, same purpose as at present.

### DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Jacksonville Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness it is time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Jacksonville. Follow the advice of a Jacksonville citizen and be cured yourself.

S. P. Jones, Retired, living on the East side, Jacksonville, Ore., says: "I suffered for long time from kidney trouble and although I used many remedies I was unable to obtain relief. My rest was broken many times during the night on account of the irregular action of the kidney secretions, and in the morning I would arise tired, lame and stiff. My general health was in a run down condition. One day I read an endorsement of Doan's Kidney Pills and decided to try them. I procured a box at the City Drug Store and in a very short time felt their effect. The symptoms gradually disappeared until I was without a sign of kidney trouble. I always keep Doan's Kidney Pills in the house and believe there is no remedy equal to them for kidney and bladder troubles."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's—and take no other.
