

PORTLAND LETTER

National Apple Show at Spokane--Apples are Fine quality--A Demonstration Train on O. R. & N.--One Hundred Dollars for a Bushel of Wheat.

Portland, Or., Sept. 30. (Special) Oregon apples will be well represented at the Second National Apple Show at Spokane November 15-20," said Rex H. Rice, manager of the apple show, who was in Portland during the past week. "While the crop is generally much smaller than last year, the quality is of the very best and growers in all parts of the state are showing the keenest interest in the various contests. While the first apple show was an unexpected success, we have assurance that the second exposition will be even more so, as the growers want a chance to exhibit their choice apples in comparison with fruit from other states and the prize list gives an opportunity for every apple raiser to compete. The contests include carloads, ten boxes, five boxes, single boxes, barrels, jars and plates with cash premiums ranging from \$1000 sweepstakes in the carload classes down to \$3 for a single plate of five apples.

"All the railroad have united in giving a rate of one and one-third fare for the round trip to Spokane during the apple show week and also allow visitors to go by one line and return via another.

"The National Apple Show dates give growers an opportunity to exhibit at local county fairs and apple shows such as those at Albany and Hood River and then have plenty of time to ship to Spokane and win additional honors and premiums.

"I have been in many of the fruit-growing districts of Washington and Oregon and in nearly all sections the report is the same--a small crop of fine quality."

A farming demonstration train will be run by the O. R. & N. Co. through Sherman, Gilliam and Morrow counties in October that is expected to aid the farmers of that section of the state in the more intelligent cultivation of the soil and in improved farming methods. Lectures will be delivered by agricultural college experts, who will be on the train and demonstrations of farming practice will be made. Dr. James Withycombe, director of the Oregon Experiment Station, will be at the head of the party of lecturers and the train will really be an agricultural college on wheels.

That the passenger train service on the O. R. & N. between Portland and Huntington has increased 150 per cent in the last six months is the statement of General Manager O'Brien. This shows the remarkable gain in passenger travel throughout the Pacific Northwest. From two trains daily each way between the two points named six months ago, the railroad company has found it necessary to increase the number of five daily in each direction. Much of this added travel is of course due to the A-Y-P fair but a large part of it is attributed to the increase of population in this state and the influx of new settlers.

One hundred dollars is offered by Phillip S. Bates, secretary of the Oregon Threshers' Association for the best bushel of wheat grown in Oregon. An additional \$100 will be divided as secondary prizes. All exhibits should be shipped to The Dalles, Saturday, November 27, where the entries will be judged and the prizes awarded. The contest will make a wheat show that will be held in connection with the annual convention of the Oregon Threshers' Association December 2 and 3 at The Dalles. There is no entry fee and all entries should be sent forward in standard two-bushel grain sacks, with the grower's name attached and stating where the grain was grown.
