PORTLAND LETTER

Many Prizes are Offered for Articles Descriptive of Northwest—Reduction in Grain Rates—Russia's Royal Orchard at Medford.

Portland, Or., Oct. 26.—(Special)—Five thousand dollars will be given by the Portland Commercial Club in prizes for the best newspaper and magazine articles on Portland, the state, or the Pacific Northwest. The offer holds good during the coming year and the one writing the best article will be rewarded with a check for \$1000. Second best will get \$500, and a gradually diminishing scale of prizes will reward 80 writers.
The contest is open to everyone. The conditions are that the articles must be printed in a newspaper or magazine of general circulation, printed anywhere outside of the states of Oregon and Washington. Marked copy of the publication must then be sent to the Portland Commercial Club, where it will be turned over to three judges named by the governor of Oregon. The articles may be printed between the dates of November 1st, 1909, and December 31, 1910.
Almost any phase of the Northwest may be used as subject matter of the articles. The length and treatment is optional with the writer. The plan of the Commercial Club is not to have the Northwest "boomed" in the common meaning of the term so much as it is to have the people become more familiar with this portion of the United States and give expression to their views in such articles as will be acceptable to papers throughout the entire continent.
The decision of the judges will be absolutely impartial. There are prizes for 80 writers and the chances for winning are so many that entries in the contest should be large. That the publicity resulting from the prize offer will be wide and that much good will be realized for the whole Pacific Northwest is assured.
Reductions in grain rates of about 12 1/2 per cent from the interior to tide-water will go into effect on the railroads of the Northwest on November 1 and will effect a very large saving to the wheat growers of the Inland Empire. The reduction was ordered on the O. R. & N. lines by the Oregon Railroad Commission and on the Washington railroads by the commission of that state. On the present year's crop it is believed a saving of about \$300,000 will be realized to growers by the lessened freight rates.
That the Czar of Russia will have a royal orchard in Southern Oregon is the information given out by two nobles of his court, Anton Petrovovich and Peter Peterhof, who have just completed an inspection of the Pacific Northwest to locate such an orchard. They decided to recommend the Rogue River Valley and are expected to close negotiations just made for a tract near Medford.

\$100.00 Reward

would gladly be paid for a cure by many people who are crippled with rheumatism, yet if they only knew it, they can be cured by a few bottles of Ballard's Snow Liniment, and the price is only 25c, 50c and \$1.00 per bottle. Sold by City Drug Store.

FOR SALE—20 acres of young orchard adjoining city limits, on county road; fine location; deep level loamy soil; 1/4 mile from postoffice, courthouse, high school; leading variety of fruit; 6 acres pears, 10 acres apples, 2 acres peaches, some bearing trees, alfalfa and garden patch; good 4-room house, barn, outbuilding, household goods, farming tools, 1 cow, 20 chickens, 3 wells wells to irrigate portions of land if necessary; \$350 per acre, terms.
