SCHOOL NOTES

NINTH GRADE, Editors

Are you looking at the Jacksonville High School? You had better keep your eye on us because we are going to win in athletics, we are going to win in debating and, in fact, we are going to be the winning school of Southern Oregon.

This school has 200 pupils enrolled. So far as we know, this is more than this school has ever before enrolled.

Mrs. Peter visited the school Tuesday afternoon.

In the near future the Jacksonville High School will write the history of Jacksonville and publish chapters of it each week in this paper. The history of Jacksonville is one of the most romantic and interesting stories that was ever written and we feel sure that the people of this town will appreciate our efforts and will help us in our work.

This is the last week that the ninth grade will edit the school notes. We hope we have given satisfaction.

Professor Joy gave the High School a talk on fresh air last Monday and asked all of the pupils to march out at

recess and enjoy the fresh air and sunshine.

An Athletic Union of the Schools of Southern Oregon has been formed. We shall join the same for the sake of the benefits it may bring. One of the rules of the union is that "no student shall represent his school on any team if he is not making passing grades."

It is pretty certain that the Jacksonville High School will have an orchestra this year. There will be ten pieces and the following will be some of the possible players: Maude R. Newbury, Ione Caughthran, Leon Hanna, Noble Caughthran, Sigurd Norling, Rowell Hines, George Wendt, Frank Coleman, Chester Wendt and Clarence Roundtree. They are all excellent players and with a competent director will make the best school orchestra in this part of Oregon.

The Ashland High School sends us posters announcing a foot ball game between that school and the Medford High School to be played at Medford, November 6.

Buncom Reports.

Correspondence to the Post.

J. F. Crump made a business trip to town last Tuesday.

Hollis Parks was up Big Applegate the fore part of the week.

A Kleinhammer passed by Buncom recently.

W. R. Garrett was in Jacksonville trading and pleasing the merchants Wednesday.

J. Parks is busy building fence and improving his place.

W. H. Johnson of this place has been quite busy getting everything in good repair for the winter season, he has also built a coeey fire place in his new house and now has it completed.

Ed. Saltmarsh was at Ruch on business matters recently.

Ryan brothers of Colorado are visiting with their parents at Jacksonville and are expected here soon to visit relatives.

Charles Pursel passed by Buncom with a load of lumber for W. W. Cameron's new bridge on the river.

Hollis Parks passed Buncom on the 2nd with a fine cow and calf that he had sold to Mr. Crump. We understand J. F. is going into dairying on a large scale.

Hughie Combest was around last week peddling some fine beef.

There will be a big turkey shooting match at Ruch on the 24th. Everybody is invited. Come everybody and get a bird.

City Council Meets.

Usual Routine---Engineer Osgood Discusses Water System---Advises Thorough Investigation of Jackson Creek---Special Meeting Next Tuesday.

The city council met in regular session Tuesday evening. The usual routine business, such as hearing reports, allowing bills, etc., was transacted.

Engineer Osgood being present was introduced and took up the matter of a water system for the city, urging the necessity of care in the selecting of a source from which to obtain the water. He recommended that a careful investigation of Jackson creek and other streams be made by competent persons before deciding to use the water from the city well.

The gentleman seemed to understand his business and showed that it was better to "make haste slowly" and thus avoid making mistakes which in future might prove serious and costly errors.

After considerable discussion it was decided that Mr. Osgood make examination of different sources of water supply and report the results to the council next Tuesday evening.

PORTLAND LETTER

Portland will Get full Share of Benefits Under Reclamation Law--Portland Boys and Girls Form Poultry Association--Columbia River to be Restocked With Salmon.

Portland, Ore. Nov. 4--(Special)--Extensive irrigation works are likely to follow the railroads now being built into Central Oregon. Promised transportation for that section of the state has changed the irrigation policy of Secretary Ballinger and he will take up various undeveloped projects in Oregon with the Reclamation Service in the near future.

Oregon will get its full share of benefits under the National reclamation law, declares the Secretary of the Interior. In addition to the amounts heretofore allotted, this state will be entitled to about \$2,700,000 by 1912. Secretary Ballinger plans to set to work on some of the undeveloped projects in this state as soon as the necessary funds become available.

The building of railroads into the interior of the state make the semi-arid districts accessible for reclamation projects. Just what district will be benefited first by new irrigation works has not yet been announced.

Boys and girls of Portland and vicinity have entered heart and soul into a poultry raising movement fostered by the local Y. M. C. A. About 1000 have joined the Portland Junior Poultry Association, practically all being school children between the ages of 12 and 18. The association has the hearty co-operation of the Oregon Agricultural College and the department of poultry husbandry of that institution has just issued a bulletin announcing a contest in poultry raising for which \$200 in cash prizes has been offered. The first prize is \$100, the second \$50, while ten awards of \$5 each will also be made. The contest opens Nov. 1. The school children were interested in poultry raising by the Y. M. C. A. because of the healthful and profitable nature of the work and because the industry needs stimulating in the Pacific Northwest, the supply of poultry and eggs in this section being inadequate to meet the demand.

Better roads for this state is the object of the Oregon Good Roads Association, formed here during the past week with a strong membership. The association will work for good roads legislation, uniform plans of improvement throughout the state and the collection of money for road building. It is planned to collect a fund of \$15,000 during the next two years and engage a competent road engineer who shall direct all road work in the state. Much good is expected to result from the formation of the association.

The Columbia river will be restocked with Sockeye salmon as a result of a visit during the past week of United States Fish Commissioner George H. Bowers of Washington, D. C. He has ordered the shipment of 2,000,000 Sockeye eggs from the Yes Bay, Alaska, hatchery to be delivered to the Bonne-hatchery, and the young fry will be turned into the Columbia. During the past few years the Sockeye has been growing scarce in the Columbia but it is believed that this fine variety of commercial fish will be propagated in sufficient quantities to meet the ravage of the fishermen by restocking the river.

The Ladies of the Presbyterian Missionary Society will give a dime social Thursday, November 11th 1909, in the basement of the Presbyterian Church, and will serve coffee and doughnuts. Everyone come and have a social time.

Pennsylvanians to Meet

"The Rogue River Society of Native Pennsylvanians" meets Saturday, Nov. 13th, at 11 A. M. in the Presbyterian Church, Medford, Oregon. A basket dinner at 12 o'clock noon. Each one is requested to bring a basket of good things and to help in having a good time. Come yourself and bring all the Pennsylvanians with you. A good program and music. J. E. WATT, Pres. W. F. SHIELDS, Sec.

NATURE TELLS YOU.

As Many a Jacksonville Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or two frequent action; Any urinary trouble tells of kidney

ills. Doan's Kidney Pills cure all kidney ills.

James Powell, living at 124 Iowa St. Ashland, Ore., says: "For twenty years I was afflicted with kidney complaint. The kidney secretions were too frequent in action and the pains in my back were so severe that I could hardly endure the misery. There were pains through my loins and my general health was in a much run down condition. I finally procured Doan's Kidney Pills after other remedies had failed to help me and began taking them as directed. They quickly banished the troubles and in a short time my health returned. I am now in my ninetieth year and my health is fine. I unhesitatingly recommend Doan's Kidney Pills to others."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name--Doan's--and take no other.

LODGED IN JAIL

Medford Pickpocket Caught In The Act, Now In County Bastile.

A man named Martin, who was captured while trying to relieve a man of his surplus change at Medford Saturday night, was bound over to the grand jury and in default of bail was brought over and lodged in the county jail Monday afternoon.

Croup Cured and a Child's Life Saved.

"It affords me great pleasure to add my testimony to that of the thousands who have been benefited by Chamberlain's Cough Remedy. My child, Andrew, when only three years old was taken with a severe attack of croup, and thanks to the prompt use of Chamberlain's Cough Remedy his life was saved and today he is a robust and healthy boy," says Mrs. A. Coy, Jr., of San Antonio, Texas. This Remedy has been in use for many years. Thousands of mothers keep it at hand, and it has never been known to fail. For sale by City Drug Store.
