HAD GOOD TIME IN JAIL.

Roland Hinton Perry, Anti-alimony Sculptor, So Declares.

Roland Hinton Perry, the sculptor who was adjudged in contempt of court and sent to Ludlow street jail in New York city on April 1 last for failing to pay up his back alimony, finished his term of six months and was released. The artist praised the Ludlow street jail in a manner to make Warden Hogan blush. As a jail, he said, it was absolutely ideal. "But don't get the idea that it's a club," he said. "The difference is that in a club you are allowed the privilege of choosing your companions, while at Ludlow street"—He paused significantly and gave the idea that if one had to spend a day playing penitence it was far better to have congenial companionship. "You must not think that I have any fault to find," he added. "I spent a pleasant summer on the whole. My room was remarkably cool. It was supplied with books and magazines, and about the only thing that I missed outside of my family and my work was exercise."

WORK FOR ABOLITIONISTS.

Slavery Conditions in Portuguese Islands Arouse British Reformers.

In calling attention to conditions existing on the Portuguese islands of San Thome and Principe, off the coast of Africa, the British Anti-slavery society declares that the "cocoa slavery" existing there is worse than anything that appeared in the days when there were slaves in Jamaica.

It seems that from 30,000 to 37,000 negroes are on the islands of San Thome and Principe and that the mortality is so great that it is necessary to import between 5,000 and 6,000 annually to keep up the number and that those who arrive on the islands are about half of the number sent from the interior. In other words, 10,000 lives are annually sacrificed that cocoa may be cheap.

STORK FOLLOWS CIRCUS.

Bird Has a Busy Day in Schoolfield, Va. When Show Departs.

Two sets of triplets, three pairs of twins and two regular babies, making a total of fourteen children born to seven families in the same town on the same day, is the unprecedented record of Schoolfield, a suburb of Danville, Va. The births came in the wake of a circus that visited the city. Residents of the place are looking forward with interest to another circus day.

Sixteen Million More Pennies.

There were 16,000,000 one cent pieces turned out by the United States mints in September. There were also 918,875 other coins, including \$315,330 in gold and \$454,085 in silver.

MOTHER MARTHA ON STAMP.

Daughters of the Revolution Want Her Face on Twelve Cent Issue.

The picture of Martha Washington may be placed upon the twelve cent postage stamps of the present series. Members of the Society of the Daughters of the American Revolution have requested the postoffice department to take such action.

The suggestion is supported on the ground that it would be an appropriate recognition of one-half of the people of the United States, not to mention its merits from an aesthetic point of view.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by all Druggists, Price 75 cents. Take Halls Family Pills for constipation.

The Ladies of the Presbyterian Missionary Society will give a dime social Thursday, November 11th 1909 in the basement of the Presbyterian Church, and will serve coffee and doughnuts. Everyone come and have a social time.

Important to Farmers.

"The Business Side of Farming" is the title of a recent publication from the Oregon Agricultural College Press. The bulletin is Part I, of the general subject and is devoted to Farm Records. It is written in a clear, simple style, and will be easily comprehended by any farmer. It is handsomely illustrated by twenty full-page engravings. Future bulletins on Rural Law and Rural Economy are promised. Like all the college and station bulletins, it is published for free distribution.

Professor Bexell, the author of the bulletin, says in his introduction: "It is a truism to say that the financial side of farming is of the utmost importance. But the fact remains that this side of the world's greatest industry is almost entirely neglected by both the farmer and the schools."

The edition will not cover the entire station mailing list, but the bulletin is mailed to any one on request. Questions on the Business Side of Farming will be cheerfully answered. Address, Professor J. A. Bexell, Oregon Agricultural College, Corvallis, Oregon.

Good Cough Medicine for Children and Grown Folks, Too.

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain of Floyd, Ky. "I found it to be so good for the croup and have used it for years. I can heartily recommend it for coughs, colds and croup in children and grown folks, too." The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. No one need hesitate to use this remedy for it contains no chloroform, opium or other narcotics and may be given to a child as confidently as to an adult. For sale by City Drug Store.
