BASKET BALL

Jacksonville High School Wins From Central Point.

The most interesting basket ball game of the season was played Thursday evening, between our high school teams and the Central Point high school teams.

This was the Central Point girls' first game but they played in a way that made our girls feel that they must not be caught asleep ever, if they expect to win from them. The game was fast and well played. Kinney played especially well, scoring the majority of the points for Jacksonville. Watch the Central Point Girls. Score 13 to 5.

The boy's game was exciting from the minute the ball went up at center the first time. The teams are evenly matched and the playing was close and every point was dearly earned. The Central Point boys do nice team work but are a little poor at goals. Thompson at forward threw several baskets over a hard guard. Coleman had quite a string of points to his credit. Score 22 to 15 in favor of Jacksonville. We were treated right royally by the school and by the crowd. Every one said a fine time all around. "The Central Point people are all right."

The teams will play in Jacksonville shortly after the holidays. Plan to come out and see the games, you will enjoy them. We need your support. This makes ten games played by the two teams, they have won seven out of the ten. Not so bad for new teams after all.

Myrtle Point Enterprise: The sun shone out for a few moments one day this week and a doleful wail went up that it was so bright that it hurt the eyes, so warm that a coat was uncomfortable and someone expressed a fear that the country might dry up. BERRIES IN DECEMBER

While Less Favored Regions Have Ice and Snow We Have Strawberries.

While no well informed person will deny that Southern Oregon was specially favored when climatic conditions were arranged, few people expect to find strawberries blooming, growing and ripening out-of-doors in midwinter, yet such is the facts in the case as proved by Frank Cameron of the Applegate valley who this week laced on exhibition at the Bank of Jacksonville, a plant grown in the open air, bearing strawberries in all stages of development, from the bloom to the ripened berry.

Quite a contrast when compared with the climate of many eastern states whose inhabitants are suffering from cold with the thermometer 10 degrees below zero.

HARRINGTON LOSES.

Judge Hamilton Instructs Jury to Find for Defendants.

The case of John Harrington vs. W. E. Phipps, F. M. Snyder and J. R. Neil for \$20,000 damages, began in the Circuit Court Wednesday, was ended Thursday forenoon by Judge Hamilton instructing the jury to find for the defendants.

The action was brought by Harrington for damages on account of his having been imprisoned for contempt of court in disregarding the order of the county court.

Had this case been decided in favor of the plaintiff a precedent inimical to the stability of all courts might have been established, but the trial judge perceiving at a glance the incongruity of the complaint, dismissed the case by directing the jury to find for the defendants.

Considerable difficulty was experienced in empanelling a jury satisfactory to both sides but by two o'clock the box was filled and the trial began. The matters at issue were questions of law, rather than of evidence and many fine points were argued by the attorneys. The records of the county court were offered in evidence and several witnesses were examined on each side.

Judge J. W. Hamilton of Roseburg, presided during the trial of this case as Judge Hanna, being more or less intimately acquainted with the parties to the suit, preferred to have it heard by an outside judge.

The suit is brought for \$20,000, on account of his incarceration in the county jail for contempt of court in a former issue before Judge Neil.

Tolo Man Found Dead in Field.

Joseph Kampbell, a well known character of Tolo, was found dead in a field near that place last Tuesday morning, having evidently fallen face down in the mud and snow and there perished before recovering from the effects of the fall. Kampbell had been engaged in butchering and gardening at Tolo for some time and was well known as "Dutch Joe" all over the valley. It is said he had been drinking heavily for some time and some are of the opinion that his death resulted from the effects of dissipation. Coroner Kellogg of Gold Hill was notified and after making an investigation of the body he decided an inquest was not necessary and took the body to Gold Hill for interment. A number of residents of Tolo are not satisfied with the action of the coroner, thinking that an inquest should have been held and the apparent mystery connected with the man's death unraveled. Some seem to be of the opinion that the case was one of suicide, while others think it possible that he may have been foully dealt with by tramps. He was boarded with a family named Cleveland and left their house Saturday evening after dark, that being the last time he was known to have been seen alive. The body was not found until Tuesday morning.—Central Point Herald.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half The Common Aches and Ills of Jacksonville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill.

A. R. Bly, living Cor. 4th & C. Sts., Ashland, Ore., says: "Doan's Kidney Pills proved of wonderful benefit to me. At the time I began using them I was so lame and sore that I could hardly get around. My kidneys were disordered and the secretions gave me much annoyance by their frequent action. I would arise in the morning feeling tired and worn out and the pains in my hips were excruciating. It was while I was in this condition, that Doan's Kidney Pills were recommended to me and I procured a box. I had only used them a short time when I felt better, continued taking the remedy and was soon free from any trace of kidney trouble. I have recommended Doan's Kidney Pills to many persons suffering from this affliction and will continue to do so."
