How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by City Drug Store.

At the opening of a session, Congress always talks of economy, but towards the close of it the millions generally are scattered with a lavish hand. The members evidently believe in starting at the bottom of the ladder.

Hoquiam, Wash. is the first city on earth to report a milk famine on account of too much water.

For a Lame Back.

When you have pains or lameness in the back bathe the parts with Chamberlain's Liniment twice a day, massaging with the palm of the hand for five minutes at each application. DIED

NORRIS—At her home in this city, Thursday evening, Dec. 16th, 1909, Mrs. John Norris.

DOWRIES FOR UNIONISTS.

National Women's Trade Union League to Help Its Members. No longer need young women be deterred from joining trades unions by the excuse that they are "about to be married." The adoption of a system of granting "marriage dowries" to members of women's unions has been decided upon by the biennial convention of the National Women's Trade Union League, held in Chicago.

The plan, which was adopted to induce women to join unions of their craft, provides that when any member of the organization marries she shall be presented with a dowry, the amount to be conditional on the number of years she has been a member. For the benefit of spinsters and those who for reasons of their own may choose to remain single an amendment was added to the plan providing for the payment of "vacation dowries" to them in lieu of the "marriage dowries" they would have received in the event they had entered the state of conjugal bliss.

College to Bear Mrs. Sage's Name. Chancellor James R. Day of Syracuse university, at Syracuse, N. Y., announced the other day that Mrs. Russell Sage had consented to have the Teachers' college at the university bear her name. It will be known as the Margaret Olivia Sage college. Mrs. Sage recently gave \$50,000 as an endowment fund for the college on her birthday.

The Water Clock. It is pretty well established that the citizens of the Eternal City went on for more than six centuries without any accurate means of knowing the time either by night or day. The consul P. Scipio Nasica, in 159 B. C., set up in Rome a public clepsidra, or water clock, the first timekeeper in the history of the city, waiving the ordinary sundial.
