FUNERAL OF PIONEER

I. O. O. F. Ceremonies at Grave of Judge Day--200 Member in Regalia--Officers of Grand Lodge Present.

The funeral of Judge Silas J. Day, mention of whose death was made in the last issue of the Post, was held from the family residence in this city, Sunday afternoon, religious services were conducted at the house, after which the remains preceded by two hundred men and women, arrayed in the Odd Fellows' regalia, and followed by a large number of people in carriages and on foot, was conveyed to a final resting place in the Jacksonville cemetery on the hill overlooking this city.

The beautiful and impressive ceremonies of the order were performed at the grave, fully two hundred brothers and sisters deposited a sprig of evergreen, as tokens of remembrance in the grave.

The Encampment, the Subordinate, and the Rebekah lodges turned out in full force, large delegations were also present from Ashland, Medford, Talent, Central Point and other places.

The Grand lodge was represented by Deputy Grand Master Thomas R. Ryan and Grand Secretary E. E. Sharon, who had charge of the services at the grave.

Judge Day, as he was generally known, was a native of Maryland, and at the time of his death was aged almost eighty four years, more than fifty of which were passed in this valley. During which time he filled many positions of responsibility and trust and was never found wanting. As an example of the confidence reposed in him by his neighbors, we mention the fact of his having held the office of treasurer in the I. O. O. F. lodge for a period of forty seven years. He was County Judge in 1885, and personally superintended the building of the present county courthouse.

An honest, upright man, he was esteemed and respected by his fellow men. With his death Oregon loses one of her best citizens, and oldest pioneers, while the loss to this community cannot be expressed in mere words.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. PORTLAND LETTER

Fruit Growers Union for Rogue River Valley--Lumber Trade Booming--Rate Revised.

One big fruit growers' union for the entire Rogue River Valley district is planned by orchardists of Southern Oregon. A movement is under way for merging the Medford, Ashland and Grants Pass fruitgrowers' unions into one organization and it is proposed to give over to this body the packing and shipping of all fruit grown in the valley and also the buying of packing, spraying and other orchard materials direct from the factory in carload lots. The formation of such an organization will insure the uniformity of the pack and maintain the high reputation of Rogue River fruit the proposed union is to be incorporated and its affairs are to be handled by a board of directors and a manager.

Loggers of the Columbia River expect the new year will see more raw material handled in their camps than ever before in the history of the industry within a similar period. The lumber trade is said to be booming and the coming year promises great activity. Many mills are short of logs and camps will resume operations in February instead of waiting for Spring. New

mills in the Columbia River district have drawn heavily upon the usual log supply until it is less than usual this time of the year. Mills are said to be filled up with orders that will keep them busy for the coming three months.

A general revision of rates on the North Bank road that is favorable to the shippers of the Northwest has been announced and will go into effect February 1st. The new rates will apply between points on the road in Washington and between all stations and Portland. New and more favorable rates will be made on packing house products and fresh meats in carloads. These concessions by the Hill line will add to the business of Portland livestock packing plants and increase the prestige of Portland as a packing house center.

COUNCIL MEETING.

Regular meeting of City Fathers--Bills allowed--Charges preferred against an officer.

The city council convened in regular session at 8 o'clock Tuesday evening. Present--Britt, Dunford, Fick and Shaw, Recorder Dox. Minutes of previous meeting read and approved. The usual grist of bills were presented and allowed.

The matter of filling the vacancy caused by resignation of Mr. Davis was taken up and on motion W. T. Grieve was elected to serve the balance of the unexpired term.

A sworn statement charging the marshal with neglect of duty on Dec. 23rd, in failing or neglecting to make an arrest when requested, was presented. The complainant, Mr. Hawkins, and the marshal being present, were both examined in regard to the matter at issue, as were also John Dugan and W. A. Jones. The marshal freely admitted the failure to make the arrest as requested, but stated that as his contract with the council required him to be on duty from 3 p. m. until 5 o'clock next morning, and as the request was made at about 10 o'clock in the forenoon, at which time he was taking his necessary sleep, he did not consider it his duty to get up to make the arrest.

After considerable discussion, it was decided to defer further consideration of matter until Friday evening, to which time council then adjourned.

President Helps Orphans.

Hundreds of orphans have been helped by the President of The Industrial and Orphan's Home at Macon, Ga. who writes: "We have used Electric Bitters in this Institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal. Best for female complaints. Only 50c at City Drug Store.

No fight the President could make would be more popular than one waged against the Aldrich-Cannon crowd, and in making that fight he would take away much of the ammunition of the Democrats.

Harriman left \$149,000,000. It must be remembered that he could not eat much meat during the last few months of his life, when it was so much per.

Mr. Cannon thinks that if he was kicked out of the Republican party there would be no party left. Mr. Fowler insists that if he isn't there the whole party will be left at the post.

The President of the subsidiary Standard Oil Company has been committed to Bloomingdale, suffering from the delusion that he is hounded by the Press. A case of the guilty being deluded when no reporter houndeth?

The Indianapolis News believes that Oil has as many sins awaiting absolution as has Sugar. Neither may get absolution, but both have had enough immunity to make the same worth the conflagration to come.

Cured of a Severe Attack of Bronchitis by Chamberlain's Cough Remedy.

"On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by City Drug store.

For many years science has studied liquors result, the whole world uses whiskey where a stimulant is wanted; in bad cases of sickness it does not injure nerves and tissues like cocoa wines and other drugged compounds. The HARPER brand is the best on the market. Sold by E. H. HELMS.

A HARD STRUGGLE.

Many a Jacksonville Citizen finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Jacksonville people endorse this claim: Jesse Freeman, living at Sterling Mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what it was. I thought at first the symptoms would pass away, but instead they increased in severity until I was suffering untold agony. I was treated by physicians and used many remedies but found no relief. My worst troubles were pains in my back and limbs and irregularity of the kidney secretions. I was unable to rest or sleep well on account of the pains and was so stiff and lame at times as to be unable to get about. At one time I was laid up for several weeks and unable to work. I finally learned of Doan's Kidney Pills and as they were so highly recommended, I procured a box at the City Drug Store and began using them. This remedy seemed to be just what I required, for in less than two weeks the beneficial results were apparent. I continued using the remedy, improved steadily and by the time I had used seven boxes I was better than I had been for years. I am now absolutely free from any symptom of kidney trouble and give the credit to Doan's Kidney Pills."

Plenty more proof like this from Jacksonville people. Call at The City Drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.
