

PORTLAND LETTER

Timber Sales Afford Big Revenue--Christian Endeavor Convention in Portland--Railroad Building in 1909.

Portland, Or., Jan. 14 (Special)—Pending timber sales from the national forest reserves of Oregon and Washington will mean a revenue to the two commonwealths of more than \$300,000. This sum will go to the school and road funds of the two states, the counties benefited being those in which the timber grows. The distribution of this money will mean great improvement to both states.

Sales this year will be the heaviest yet made from government reserves. Last year sales in the two states aggregated 130,000,000 feet board measure. This year proposals have been made for the purchase of about 650,000,000 feet. Growing scarcity of timber on private holdings is leading millmen to the reserves for logs. This increase is expected to continue for the next few years until the point is reached where only mature timber will be cut. Stumpage prices this year charged by the government is \$2. The forestry law provides that 25 per cent of the stumpage revenue shall go to the state where the forest is cut. This means that the revenue to the two states for the coming year from timber cut off forest reserve lands will be about \$1,200,000.

The Young People's Societies of Christian Endeavor throughout the state are planning to send full delegations to the big state convention to be held in Portland Feb. 15, 16, and 17. Dr. Frances E. Clarke, of Boston, President of the World's Christian Endeavor Union; General Secretary William E. Shaw, and Dr. John Willis Baer, President of Occidental College, are among the prominent names that that will be on the program.

The Redmond Commercial Club, just organized at Redmond, Ore., is one of the latest members of the Oregon Development League, it having applied for and been admitted to fellowship in the big family of Oregon's communities. There are now 102 duly accredited members of the Oregon Development League.

Oregon ranks seventh among all the states in railroad building during 1909. These figures are compiled by the leading railroad publications of the country and show that the Beaver state added 134 miles to its railroads during the year just closed. The Pacific Northwest is declared to be the great goal of competitive railroad building in the United States. The struggle of the railroads to enter Central Oregon is detailed and development in the Willamette Valley and the Oregon Coast country is recorded. This is a far better showing for the past year than was made in 1908, when 79 miles of railway was built in this state.

Confidence in Oregon's future is shown by Eastern investors every little while and an instance has just been reported in the metropolitan press in the timber sale of the Pacific Gas Company by the Electric, Gas and Bond Company, of New York, 450 cent of about \$1,000,000.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

Came Near Choking to Death.
A little boy, the son of Chris. D. Peterson, a well known resident of the village of Jacksonville, Iowa, had a violent attack of croup. Much thick stringy phlegm came up after giving Chamberlain's Cough Remedy. Mr. Peterson says: "I think he would have choked to death had we not given him this remedy." For sale by City Drug Store.

Consolation.
Original.
Come, sad hearts, cease weeping
For loved ones passed away,
Though the body to earth returns,
The Soul does not decay.
The infant is sweetly sleeping
Upon the Savior's arm,
The child is safely sheltered
From all earthly harm.
The aged husband, father, friend,
Who leaves loved ones on earth alone
Is singing with the angel band
Around the heavenly thron.
Then listen, sad mother and father,
To words by the Savior given:
"Suffer little children to come unto me—
For of such is the kingdom of heaven."
Listen, sad wife and weeping children,
To words by thy Father given,
Well done thy good and faithful servant,
Enter into the joys of heaven."

A Sprained Ankle.
As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days.
