THANKS HANNA

For Services Rendered the State --- Renders Tribute to Retiring Judge.

Governor F. W. Benson has authorized the publication of the following letter:

State of Oregon, Executive Department, Salem, January 13, 1910.
Hon. H. K. Hanna, Circuit Judge, First Judicial District, Grants Pass, Oregon.

My Dear Judge:—I have carefully read your esteemed favor of January 12th, tendering your resignation as Circuit Judge of the first Judicial District of the State of Oregon. It is always a matter of regret with me, when an officer who has, for a long period of years, served his state with fidelity and has, continuously during all of that service, performed the duties of his office without fear or favor, guided only by the wish to faithfully carry out the duties of his trust contemplates his voluntary retirement. Knowing you as I have during our close relationship, extending over a period of twenty-five years, and having, during that time, been permitted to know you, both as such officer and as a man, the fact that you are now voluntarily surrendering that trust, adds greatly to the general feeling of regret I always entertain in such cases.

Almost continuously for twenty-four years you have filled the office of Circuit Judge of the First Judicial District. Time and time again the people of your district, irrespective of party politics have endorsed your work and placed upon it, that which I know you regard now, in your declining years, as the greatest recompense that you have received, and that is, their approval of work well done.

During your career as a public servant you have been called upon to exercise the duties of your office in cases that were of the greatest importance to the litigants appearing before you. During such a career as this, it certainly appeals to me that had there been anything connected with it that could have been shown that you were not faithfully discharging the duties of your stewardship, it would have been impossible for any one to have secured, practically unsolicited as they were by you, so many public endorsements of the approval of the people.

I have accepted your resignation and, as you will note by the press dispatches of this day, have followed your recommendation. I feel that there is no other man better qualified to advise me on such subjects than yourself. In addition to this, the bar of Southern Oregon and a large number of prominent citizens of that section, have approved your endorsement.

With your leaving the public service at this time, I feel that the state of Oregon has lost one of its most trusted servants and an officer who has, during all his honored career, served his state well.

In conclusion, I desire, as the executive of the state, to thank you for the service rendered our state during your term of office, and to wish you and your family good health and prosperity.

Very truly yours,
(Signed.) FRANK W. BENSON,
Governor.

Don't Get a Divorce.

A western judge granted a divorce on account of ill-temper and bad breath. Dr. King's New Life Pills would have prevented it. They cure Constipation, causing bad breath and Liver Trouble the ill-temper, dispel colds, banish headaches, conquer chills. 25c at City Drug Store.

ILL IN GERMANY.

Dr. Cook the Arctic Explorer at Heidelberg.

Frankfort, Germany, Jan. 18.—Dr. Frederick A. Cook, the discredited Arctic explorer, lies critically ill in a sanitarium near Heidelberg, according to a statement published in the Zeitung. Cook's nerves are said to be shattered and his mind in danger of derangement from melancholia. He has suffered a serious physical collapse, the Zeitung's correspondent declares. It is reported that Dr. Cook's wife is with him, but this cannot be confirmed. The Zeitung states that it is pledged not to make public Cook's retreat.—Journal.

SCHOOL NOTES

ELEVENTH GRADE, Editors

Friday Jan 7th, the first program was given by the High School Library Society, which has chosen to call themselves the Yellow Jacket Society. The program had in it all the zip and go, that the insect, after which the society is named, is capable of imparting. The debate was carried out in a way that would have done credit to debaters of much wider experience.

The "society paper" was newsy, spicy and clever. There is talk of publishing parts of these papers.

A song by the ladies chorus was rendered in a very pleasing way. We find that we have considerable musical talent in the high school.

A scene from Macbeth, given by the Eleventh grade English class, showed well for the work being done in that grade.

Recitation and instrumental music helped to make the program a decided success. There will be more to follow. If you enjoy things of this sort, drop in, you are welcome.

The school year is half gone. We are well under way now and we mean to do a third more work the coming semester than we did the last.

The High School enjoys Collier's Weekly that the board so kindly got for us.

We are all very sorry to lose Miss Wright, who was obliged to give up her work because of the death of her father. Our sincere sympathies go with her. She returns to her home in Ohio.

Mrs. Peter has taken up Miss Wright's work. She takes to the work quite naturally.

Too Much Face.

You feel as if you had one face too many when you have Neuralgia. Don't you? Save the face, you may need it; but get rid of the Neuralgia by applying Ballard's Snow Liniment. Finest thing in the world for rheumatism, neuralgia, burns, cuts, scalds, lame back and all pains. For sale at City Drug Store.

High School Once More Victor.

Last Friday the Central Point high school basket-ball teams were again defeated by the local high school.

Three games were played. The girls won easily by a score of 18 to 3. Ulrich alone threw six field baskets which counted for two thirds of the points. Hester was back in the game and she sure did play some.

The boys had a harder fight, but finished strong with a score of 18 to 14 in thirty minutes play. Coleman as usual threw the majority of the baskets.

The junior boys game was ours from the start. Our boys excelling in both team work and shooting baskets. Score 16 to 4.

The Central Point people are game. They say, "We will settle with you when we meet you on our home grounds!" A party of twenty-five Central Pointers were at the game.

Basket Ball.

Next Tuesday evening the High School Boys will try out with the Medford High School Boys at basket-ball. Medford has a strong team. Our boys are playing good ball and all that can be said is: It will be a good game.

The feature of the evening will be the game in which our High School Girls play the "Portland Negroes." We have been fortunate in securing this team for this date. This is the only negro team on the coast. You can't afford to miss seeing them play.

A Mild Dispute.

Harvey Scott and B. F. Jones are engaged in a mild dispute through the columns of the Oregonian. Such endearing expressions as "Har," "Coward" and "scoundrel," are being used.—Albany Herald.

President Helps Orphans.

Hundreds of orphans have been helped by the President of The Industrial and Orphan's Home at Macon, Ga. who writes: "We have used Electric Bitters in this Institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal. Best for female complaints. Only 50c at City Drug Store.

Spelling Contests.

Superintendent of Schools, J. Percy Wells, has mailed a letter of which the following is a copy, together with circulars giving the rules of the contests to the teachers of Jackson county. The dates for the contest as given in the circulars are: Jan. 28, Feb. 25, March 25, April 22, and May 20.

Although the inauguration of these contests means much additional labor in the Superintendent's office the work will be freely performed for the sake of the benefits to the pupils of the county. The letter follows:

To the Teachers of

Jackson County, Oregon:—

Acting in accordance with the decision of the County School Superintendents' Convention held at Salem last summer, to make "better spelling" one of the objective aims of the present school year, I have inaugurated a series of spelling contests for the remainder of the year, which is fully explained in the enclosed circulars.

It is earnestly hoped that all of the teachers of the county will avail themselves of this opportunity to increase the interest in spelling in their respective schools. The old time spelling school was productive of much good, and the schools of Jackson county will receive much benefit from this series of contests, if the teachers will take hold of it in the right manner. The spirit of contest is born in every normal child, and it is often by an appeal to this desire to excel others that we get the best results in school work.

All cannot secure the prize offered, but all can be benefited for having tried. Put your school in line, and if you cannot head the list, be as near the head as possible.

Yours truly,
J. PERCY WELLS,
County School Sup't.

Cured of a Severe Attack of Bronchitis by Chamberlain's Cough Remedy.

"On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." FAIR EXCHANGE

A New Back for an Old One--- How it is Done in Jacksonville

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one.

A. Betz, living Cor. D. and 6th St., Medford, Ore, says: "I suffered more or less from kidney trouble for four or five years. The disease did not bother me severely at first and I was under the impression that it would soon pass away. I steadily grew worse, however, and soon began to suffer from such severe pains through my loins that I was unable to stoop. When feeling generally miserable, a friend recommended Doan's Kidney Pills. I procured a box and began their use. They gave me prompt relief, and a continued use removed every symptom of the complaint. It gives me pleasure to recommend Doan's Kidney Pills to other sufferers, as they proved very satisfactory in my case."

Plenty more proof like this from Jacksonville people. Call at The City Drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.
