

PORTLAND LETTER

Heg Brings \$61.20--Coos Bay to Have Railroads--Portland will Entertain Big National Conventions

Portland, Ore., Jan. 20th (Special)—A big convention of the coming year for Portland is that of the Ancient Order of Hibernians. The annual gathering of the national body will be held here July 19-21 and it is thought the greatest meeting in the history of the order in America will occur at that time. There are 1400 accredited delegates who will be in attendance and in addition many other members and their friends will make the trip to the Northwest. It is expected that no less than 30,000 visitors will be attracted to the North Pacific Coast by this convention. Committees are at work planning entertainment for the Hibernians and every indication now points to the gathering being a big success.

Wool growers of the country will gather at Portland in 1911, bringing to this city a convention representative of a great industry. Delegates to the recent convention of the wool men at Ogden from the Pacific Northwest were a unit for Portland as the next meeting place and they captured the gathering without serious opposition. Ninety per cent of the wool growers of the country are members of the organization, and the convention will bring thousands of visitors to Portland. The next meeting of the national body will be held here in Jan. 1911.

Grocers of the state will gather at Eugene January 26 and 27 for the annual convention of the Oregon Retail Grocers' Association. There is splendid program of deep interest to the dealers in food stuffs, and the attendance is expected to be the largest in the history of the state association. Problems coming up in the grocery business will be discussed and mutual help gained from the interchange of ideas of the various dealers. Portland is entertaining today what is said to be the biggest excursion party ever organized in the Northwest and which includes 225 residents of Spokane, the Coeur d'Alene country, Walla Walla and the Palouse country and of the Canadian provinces of Alberta and Saskatchewan. The party occupies a special train of Pullmans and is bound for California. It was organized by the Spokane Chamber of Commerce and the Walla Walla Commercial Club in connection with the Harriman lines, it having become a custom to run a midwinter excursion to California each year. While in Portland the excursionists are being entertained by the Portland Commercial Club.

An example of the big money in hog-raising was given here during the past week, when a single porker, weighing 680 pounds, brought \$61.20. This is the highest price that a single hog ever brought at the stock yards. The hog was raised by Henry Larkin, of Colfax Wash. Hogs reached \$9.20 during the week.

Coos Bay seems to be in line for some real railroad building and both the Hill and Harriman Systems are reported to be showing interest in that section. It is said work is about to be resumed on the Southern Pacific line from Drain and the Northern Pacific is said to be negotiating for big coal holdings, which lie close to Marshfield.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week time, and in many cases within three days. For sale by City Drug Store.

Oregon Sidelights.

Stockmen are feeling easier. The Astoria brick yard is doing a big business. Eugene's high school will soon have 500 pupils. Salem is going to try as never before to make itself a city beautiful.

Eugene Guard: Another crew of surveyors and cruisers in the employ of the Lacy Timber Company arrived here this morning from Seattle and left immediately for the Siuslaw country to survey and cruise the 20,000 acres of timberland, which the company intends purchasing.

Already the Lion County roads are pretty good, says the Albany Democrat. Our soil is such that with fair attention, a road can be kept in splendid condition, a fact demonstrated by the Tangent road, over which in the wettest weather of the winter, farmers experience no trouble in getting into Albany with heavy loads. The entire county should be gradually covered good roads being made an issue.—Journal.

A Horrible Hold-Up.

An Upright Judge.

The following tribute to our venerable jurist, Judge Hanna, appeared in the editorial columns of the Oregonian, Saturday.

"Judge H. K. Hanna, having served on the bench of Oregon as Circuit Judge for the First Judicial District for a full quarter of a century, has resigned the office for the reason that, with his eighty-odd years, the duties of the position were too arduous for him. With the long record of an upright Judge behind him, Judge Hanna passes from the bench to the retirement of private life, and from arduous labor to well-earned rest. That he may live yet as many years as he can enjoy is the wish of a faithfully served public."

Spelling Contest Prizes.

No. 8 of the rules for spelling contests for the scholars of Jackson county provides for prizes as follows:

"8. mention will be made each month in the county press, of the classes making the highest percentages. At the end of the series of contests the school in class 'A' making the highest percentage, and the school in class 'B' making the highest percentage, throughout the series, will each be presented with a flag (12 feet in length). Ten framed pictures will also be given, five in class 'A' and five in class 'B', to the grades making the highest percentages throughout the series of contests."

All grades from the fourth to the eighth inclusive, are entitled to enter the contests.

Schools maintaining more than one room shall constitute class 'A,' and all one-room schools shall constitute class 'B.'

Home Training.

Over in Germany some one has suggested as a means of solving some of the household problems, which seem to afflict all nations alike, or as a step towards that solution, that all girls shall be compelled to undergo a period of training as domestic servants. It is argued that inasmuch as every young man must give a stipulated part of his years to the service of the nation as a soldier, it is quite as important that all the girls shall be compelled, through a form of conscription, if necessary, to perfect themselves in the household arts, to the end that the nation, in its days of peace, shall have more comforts.

The idea had its origin with the women themselves. Just how it is to be carried out, if such a revolutionary program were adopted, has not been made plain, for the idea is simply still an idea with no details worked out. The incapacity of the average servant is the reason for the suggestion, of course. But might not the idea of the training of girls for the household go a bit further? If there are incapable servants, there are also incapable mistresses. Why, then, should not girls be trained to be the heads of households as well as servants in the house?—Ex.

Beware of Ointments for Catarrh that Contains Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system.
