## PORTLAND LETTER

### G. N. Will Exploit Central Oregon--O. A. C. Will Celebrate Quarter Centennial--Big Appropriations for Columbia River Improvements.

Portland, Or., Feb. 17 (Special)—That the Columbia River improvements fared well in the Rivers and Harbors bill now before Congress was the advice received in Portland this week from the capital. A total of \$2,153,500 is proposed to be spent on Columbia River work and items provided for in the bill are as follows:

Wenatchee to Bridgeport, \$25,000; Bridgeport to Kettle Falls, \$50,000; Celilo to Snake River, \$90,000; at The Dalles, \$600,000; Cascades Canal, \$5,000; Vancouver, \$7,500; below Portland, including Willamette River, \$175,000; mouth of Columbia, \$1,200,000; gauging \$1,000.

If this money is appropriated, as now seems likely, the improvements to the Columbia during the coming year will be lasting in their benefits and will be of great advantage to the whole Pacific Northwest. The work is too important to be claimed as a betterment by any one state for an open river from the Inland Empire to the sea will benefit almost every person living in the

Northwestern states more for less directly.

By clearing out the upper river, steamboat navigation will be aided, with a good effect on rates to and from the interior, while the improvement of the channel to the sea from the Columbia will facilitate ocean shipments both to and from the Northwest states.

The Great Northern Railway will exploit Central Oregon, and has sent two men through that territory to get data for bulletins and other railroad publications that will describe the country thoroughly and tell prospective settlers what they may expect there. The Valley of the Deschutes River tributary to the Hill road now building up the Deschutes will come in for much favorable publicity and its resources, crop possibilities and general future will be told. The Hill lines are taking an interest in Oregon that will mean much for the state. At exhibit rooms in St. Paul, the Great Northern shows Oregon products and similar exhibits are to be maintained by the railroad company in Philadelphia and Boston. These places will direct a great deal of attention to the opportunities in Central Oregon for the settler.

Celebrating its quarter centennial as a state institution, the Oregon Agricultural College will hold the most elaborate function ever given at the institution at the close of the college year. President W. J. Kerr and the regents have taken steps to prepare a suitable observance of the achievements of the past quarter century and the faculty, student body and alumni will join in the

demonstration. During the past 25 years, the institution has increased its holdings of land from 33 to 233 acres; the buildings from one to 20; faculty from nine members to 94, and the student body from 97 to approximately 1400. The great good to this state resulting from the work of the institution can hardly be over estimated.

In the annual report of Master Fish Warden, McAllister, lately submitted, it is shown that the 1909 crop of salmon harvested in the waters of the Columbia River, Oregon side, amounted to 17,604,997 pounds, which is a decrease of 858,549 pounds. The chief reason for the decrease is thought to be the shortening of the open season by the Legislature. Blueback salmon alone show a gain in the pack over 1909.

## ELIGIBILITY OF OFFICERS

### Must Reside in City for More Than Six Months Preceding Election

Considerable discussion has been had as to the period of residence necessary to render a person eligible to fill an office in the City of Jacksonville. By request we publish the section of the charter covering the matter, which is plain enough for any one to understand. "Sec. 10. No person shall be eligible to any office in said city who is not a qualified elector thereof and has not been a resident of the said city for more than six months preceding his election or appointment, and no person shall be eligible to the office of mayor or councilman who, including the above qualification, is not a taxpayer in said city other than a poll tax payer."

### Watkins Items.

Correspondence to The Post.

The weather is very cold at present.

Miss Maude Harr the popular teacher is spending a few weeks with friends in Ashland and Jacksonville.

Frank Edwards the well known merchant of Hutton while practicing for a ball game at Collings residence Saturday was hit by the ball on the finger throwing the fingers out of joint and breaking the bone near the first joint. We hope however that it will not be very serious and that he will be able to play with us this summer.

Mrs. Frank Zell left for Jacksonville Wednesday where she will join her husband from there they will continue to Pleville Mr. Zell being called there by the illness of his father whom we hope he will find much improved.

Floyd Loudon of Waldo was smiling on friends near Watkins recently. He said that he would be back on Applegate before long.

The base ball boys are looking forward to pleasant weather as they are very anxious to play ball again. They have been practicing some but can not play much on the account of bad weather.

Mrs. A. D. McKee passed up Applegate recently enroute to Steamboat to visit her daughter Mrs. Cora Culy of that place.

R. E. O'Brien has returned from lower Applegate recently. We are glad to welcome him home again as he has been away for some time.

Miss Emma Wendt the popular teacher of Jacksonville who has taught the last two terms of school at Watkins will teach the spring term here again this year.

### Saved From Awful Peril.

"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3. "as when a frightful cough and lung trouble called me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive to day is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of croup." Infallible for Coughs and Colds, it is the most certain remedy for LaGrippe, Asthma, desperate lung trouble and all bronchial affections, 50c and \$1.00. A trial bottle free. ### ELECTRIC ROAD.

#### Franchise for Electric Road Throughout Jackson Co.

The American Development company of Portland, has applied to the county court for a franchise permitting them to build and operate lines of an electric railway over and along the sixty-foot roads of this county.

By the terms of the franchise the company is allowed thirty days in which time they are to select and designate a through line from a point on Rogue river where it crosses the county line between Jackson and Josephine counties to a point near the city of Ashland, and a further period of time until January 1, 1911, within which to build and place in operation five miles of said through line, no part of which is to be within an incorporated town, and the further period of one year from and after January 1, 1911, within which to place in practical operation the balance of said through line.

The franchise also provides that the company shall have until June 1, 1910, within which time to select and designate the feeders or connecting lines, and the roads over or along which they shall be constructed, and shall have until January 1, 1912, to build and have in practical operation all lines on the roads thus designated.

The right is reserved to the board to reject any or all of the selections made by the said company, also the right to direct the part of road, as to which side, etc. of county road shall be occupied by said electric lines.

The franchise provides that the county board shall have full power and authority to fix the rates for freight and passenger service over said lines, and may at any time adjust said rates.

The foregoing extract contains the substance of the proposed franchise as it was presented to the county court at the adjourned session, Saturday. Owing to the lack of definiteness in regard to the identity, financial responsibility, etc. of the promoters, no action on the matter was taken except to defer consideration of the application until the regular meeting of the board in March.

## KNOCKED OUT

### Supreme Court Declares Crater Lake Road Appropriation Unconstitutional

Holding that the act of the last Legislative Assembly, appropriating \$100,000 for the construction of a state road from the Pacific Ocean to the Idaho boundary via Crater Lake, to be unconstitutional, the Supreme Court Tuesday affirmed the judgment in the case of J. K. Sears against George A. Steel, as Treasurer, and F. W. Benson, as Secretary, rendered by Judge William Galloway, in the Marion County Circuit Court.

The opinion was written by Justice McBride, and it cites many authorities compiled from other cases bearing on the Crater Lake case. The constitutional provision for the laying out of highways by a special act of the Legislature was to prevent the "logrolling" Legislators passing laws for this special purpose. Legislative acts up to the adoption of the constitution are set out in the opinion which says that "the practice of logrolling among the fathers of the state was not confined entirely to that species of employment necessary to the clearing up of their farms."

Justice King dissented in that to consider the act of appropriation unconstitutional was far-reaching, on the ground that it was not of purely local interest to construct the road, but of entire state interest.

## HIDDEN DANGERS.

### Nature Gives Timely Warnings That No Jacksonville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Mrs. Leda Powell, living at 250 Ashland St., Ashland, Ore., says: "I am so grateful for the relief I have received from Doan's Kidney Pills that I gladly recommend them. I suffered from severe pains in my back, headaches and was in a generally run down condition. I was told to try Doan's Kidney Pills and decided to do so. I felt much better from the first, and almost before I knew it I was free from the trouble. I have not had any pain since and can conscientiously recommend Doan's Kidney Pills as a remedy that acts up to its representations."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's—and take no other.
