VOL. III.

JACKSONVILLE, JACKSON COUNTY, OREGON, FEBRUARY 26, 1910

NO. 43

PORTLAND LETTER

Tallest Building in State-- Service on Tillamook Extension April 1.

Portland, Ore., Feb. 22 (Special)—The new packing plant of the Swift interests on the Peninsula is expected to start operations on March 14. Because of the magnitude of the work embraced in the Swift plans, there has been a delay in the original project of nearly a year in getting ready for packing but the plant is now practically complete. The opening of the plant means that 500 people will be employed at the start with the probability that the number will be doubled within the coming year. It will furnish a big livestock market for the farmers and stock raisers of the Pacific Northwest and other packing plants and factories for utilizing side products of the packing houses will be established.

Work on what will be the tallest building in this state, if not in the Pacific Northwest, begins March 10, when construction of the new Yeon building will start. The structure will be built at the corner of Fifth and Alder streets and will be 15 stories in height. Like the new skyscrapers now going up in Portland, the structure would be a credit to any city of the country.

Passenger service on 25 miles of com-

pleted road at the west end of the Southern Pacific's Tillamook extension will be begun, it is expected, on April 1. Trains will be run from Tillamook to Vosburg, giving service to Bay City, Hobsonville and other intermediate points. Meanwhile work is steadily going on across the Coast Mountains and by next Fall it is expected trains will run through from Portland to Tillamook Bay.

Washington's birthday was celebrated in Portland by the planting of rose bushes in the parks and public squares of the city with appropriate exercises. Thousands of bushes were set out throughout the city and the new plants will be blooming in time for the annual Rose Festival in June. City and state officials, together with representatives of foreign nations that contributed their native roses for the affair, participated in the rose planting exercises. This has become an annual event in Portland and the custom is growing in favor of each year. The planting of roses at a time when many other sections of the country are still wrapped in ice and snow is also a splendid advertisement of Oregon's climate.

Won't Need a Crutch.

When Editor J. P. Sossman, of Cornelius, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklens Arnica Salve healed it thoroughly. Nothing is so prompt and sure for Ulcers, Boils Burns, Bruises, Cuts, Corns, Sores, Pimples, Eczema, and Piles. 25c at City Drug Store.

NO RECALL.

The Recall of Mayor Snell at Ashland Results in Victory for Snell.

The question of "when is a recall a recall," was settled at Ashland Tuesday, when Snell the present incumbent was elected by a sweeping majority over Grubb the candidate of the recall petitioners.

Only 665 votes were cast of which Grubb received 218, or less than one-third. In the third ward the vote was three to one in favor of Snell and the first ward did nearly as well.

The result was no surprise and shows clearly that the majority of the voters are with Mayor Snell in his efforts for the improvement of the town.

Letter From Indiana.

EDITOR POST,

Jacksonville, Ore.

Dear Sir:—Please send me specimen copy of Post, may come to Oregon soon like Jacksonville all right, wore out several pair of shoes walking the streets of your city. Best regards.

D. L. Curtis.

Call and see the fine line of stationary, all high grade goods, latest and most fashionable styles, at Deneffs.

NOT CITIZENS.

Washington's Governor Refuses to Appoint a Japanese as Notary Public.

Acting under the advice of the attorney general Governor Hay has refused to appoint M. Olenick, of Everett, a Notary Public. The refusal was based on the grounds that as Olenick is a Mongolian he could not be legally naturalized and was therefore not a citizen of this country and consequently ineligible to be appointed notary public.

Buncom Reports.

Correspondence to the Post.

We are having a little nice weather now and then.

The farmers near Buncom are busy plowing and putting in their spring crops. C. C. Buck and family of Big Apple-gate were visiting near Buncom last Sunday, the guests of Mr. and Mrs. J. Parks.

Mr. Brown of San Francisco the mining expert, is stopping near Buncom locating quartz ledges.

Newt Haskins is doing some carpenter work for A. S. Kleinhammer.

Miss Beulah Garrett accompanied by her sister Jessie, was visiting Mrs. J. Goldsby Sunday.

Harvey Crump and Frank Silva are engaged breaking horses for F. Crump. Mr. and Mrs. R. Combest passed by Buncom last Sunday.

Mr. and Mrs. J. F. Crump was at Ruch last Sunday.

Mrs. C. C. Pursell made a business trip to Jacksonville last Friday and returned home Saturday.

Dr. W. L. Cameron was called to Jacksonville to see Mr. W. H. Ryan who was quite ill.

Bert Bostwick of Williams Or. was visiting friends and relatives on upper Applegate recently.

W. R. Garrett was shaking hands with old time friends last week.

You won't get the blues if you take this paper and read the Buncom news.

A Cough

Is a danger signal and should not be neglected. Take Dr. Bell's Pine-Tar-Honey at once. It allays inflammation, stops the cough and heals the membrane. For Sale by City Drug Store.

Watkins Items.

Correspondence to the Post.

Wm. Dorn was trading with Jacksonville merchants Monday.

The party given at Byrne's residence Friday evening Feb. 18 was enjoyed by all. Progressive whist was played until eleven o'clock when refreshments were served and the prizes given, after which the guests departed for their several homes. The party was given in honor of R. E. O'Brien who left for Medford, Saturday.

Miss Laura Dorn who has been visiting her parents Mr. and Mrs. Wm. Dorn of Watkins, returned to her home at Ruch, Monday.

Mr. and Mrs. Frank Zell returned to their home at Watkins recently, they did not go to Prineville as noted in the last Post but phoned to Prineville. We are very sorry to learn that Mr. Zell's father is not much improved.

The dance given at Loudens Saturday night was largely attended and a very good time was had. They danced until daylight the next morning. A fine supper was served at twelve o'clock.

Our genial friends Camby Buck and Frank Stephenson of Squaw Lake attended the dance at Loudens Saturday night.

Saved From Awful Peril.

"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3. "as when a frightful cough and lung trouble called me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive to day is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of croup." Infalible for Coughs and Colds, it is the most certain remedy for LaGrippe, Asthma, desperate lung trouble and all bronchial affections, 50c and \$1.00. A trial bottle free. Guaranteed by City Drug Store.

Another Congressman.

Oregon will be given another congressman, and possibly two, it is believed, after the coming census is taken. According to the basis of representation expected to be fixed by the new census, one congressman will be allowed for every 224,000 of population. The basis at present is one representative for every 192,182 of population. It is expected the coming census will show a population for the state of close to 800,000. This would give three congressmen and if the hopes of some are realized and the state is found to have 1,000,000, then four congressmen will be allowed.

CRATER LAKE ROAD

Jackson County Should Build Its Section Alone.

It is within the easy possibilities for Jackson county to alone finance that section of the road between Medford and the limit of the Crater Lake reserve. Jackson is fast becoming one of the strong counties of the state. It has a population of 30,000 to 35000. Its demonstrated possibilities for orcharding makes its land wealth enormous. A single orchard of 605 acres changed hands within the week at \$500,000. These values will increase, and are going to extend to a constantly widening area of orchard lands. Nobody knows what the aggregate wealth of the country will ultimately be. The assessed valuation of property for the past year was \$26,438,666, but this is a bauble compared to what it will be as the development of the orcharding industry proceeds. Men of very great financial means are becoming heavy investors in the district, and they will be more and more attracted there. One of the very influences to draw a strong population would be the Crater Lake project with its attraction for those who seek diversion, rest and pleasure.

The sum the state was to contribute for the section of the road in this county was only \$50,000. The amount would be a mere nothing for Jackson county to raise. It is an expenditure that Jackson county could make and never miss the money, and one that would be an investment from which the dividend would be enormous. The people there cannot afford, because of the supreme court's decision, to drop the Crater Lake project. They should with their own abounding and expanding resources, build their section of the road alone.

President Helps Orphans.

Hundreds of Orphans have been helped by the President of the Industrial and Orphan's home at Macon, Ga. who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney Troubles. We regard it as the best family medicine on earth. It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up pale, thin, weak children or run down people it has no equal. Best for female complaints. Only 50c. at City Drug Store."

Protect the Forests.

The five states of Montana, Idaho, Washington, Oregon and California contain half the merchantable timber in the United States today—a fact of startling economic significance. It means not only that here is an existing resource of incalculable local and national value, but also that here lies the great field of production for all time. The wonderful density and extent of our Western forests are not accidental, but result because climatic and other conditions are the most favorable in the world for forest growth. In just the degree they excel forests elsewhere, it is easier to make them continue to do so.

The lumber production of these states increases as other states become exhausted. Already it is a fifth of that of the entire country, bringing at least \$125,000,000 a year, mainly the wages of labor, into circulation among their population. There is no reason why this tremendous factor in the prosperity of the country, and of these five states especially, should not be made permanent. We have only to profit by experience of less fortunate regions, and here, where our forests are still virgin and vast and where Nature surpasses herself in encouraging reproduction, protect them from fire and cut them so wisely that a new crop will be ready when the old one is gone. And with the forests we perpetuate the waters and the industries dependent on both.—Forestry and Conservation Association.

MILWAUKEE FUGITIVE.

Arrested in Medford Tuesday Evening -- Will be Taken Back to Answer Charge.

John E. Roache, who has been a porter at the Hotel Nash in Medford, for the past 18 months, was arrested Tuesday night and will be taken back to Milwaukee to face a charge of burglary as well as one of jumping bail. Roache has been a fugitive from justice since March, 1905. He was arrested by Detective Maloney, who came here from Portland with Sheriff Jones. The sheriff was positive Roache was the man wanted, but had Maloney come down to make the arrest and identify the man beyond a doubt.

In March, 1905, Roache was arrested in Milwaukee, according to the circulars sent out by the authorities of that city, for burglary. He was at the time serving on the police force. He was released on bail and jumped his bonds. Since then he has been sought by the authorities.

For that Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's salve will instantly allay this itching, and many cases have been cured by its use. For sale by City Drug Store.

Wanted.

Old saws of all descriptions to be gummied, jointed or filed. Your old saw made as good as new at Jacksonville Gumming and Grinding Works.

F. M. Roundtree, Manager.

Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for consumption.

No need to tack up poorly scrawled posters, when you can have them printed in the highest style of the art, and at reasonable prices at this office.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Jacksonville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Mrs. Leda Powell, living at 250 Ashland St., Ashland, Ore., says: "I am so grateful for the relief I have received from Doan's Kidney Pills that I gladly recommend them. I suffered from severe pains in my back, headaches and was in a generally run down condition. I was told to try Doan's Kidney Pills and decided to do so. I felt much better from the first, and almost before I knew it I was free from the trouble. I have not had any pain since and can conscientiously recommend Doan's Kidney Pills as a remedy that acts up to its representations."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's—and take no other.
