You will find Harper whiskey on sale in practically every town, city and village where whiskey can lawfully be sold. This World Wide popularity means something—it means you should buy HARPER'S whiskey from E. H. Helms. Damages By Floods. Salem, Or., March 2.—The Willamette river at Salem is rising at the rate of nearly two inches an hour and now stands at the 18 1/2 foot mark. During the night the river rose more than two feet. Rains in this part of the valley are not heavy and it amounts to little more than a continuous mist, but warm winds accompanying it are melting the snows in the mountains rapidly. Small feeders from the Cascade range are arising fast and flooding the lowlands and filling the river. Moro, Or., March 2.—Floods have obstructed train and telegraph service in this section of Oregon for five days. High waters washed out bridges on the Shuniko branch of the O. R. & N. and laid out wagon road traffic. One bridge went out three times in two days. As soon as the water would permit the bridge would be repaired, only to go out again with another freshet. Seven bridges were washed out between Moro and Hay Canon, a stretch

of eight miles, and also three miles of fill and track. South of Moro there were several bad washouts. When the train from Shaniko passed through Moro at 11 o'clock this morning, the first in five successive days, it carried 263 passengers in two coaches.

Pullman Wash., March 2.—The water in the Palouse river has receded, and work of repairing the town has begun. The total damage will easily reach \$50,000, and many place it above that sum. No lives were lost here. The Burgan-Emerson company's department store was a heavy loser. The dry goods store of Hill & Woodson suffered several thousand loss. L. B. Miller's jewelry store was almost completely destroyed. The furniture store of C. M. Waters was badly damaged, all the furniture being crushed in a pile together.

Lewiston, Idaho, March 2.—Wire and other communication with Colfax ceased last night. Extreme anxiety is felt here for the safety of Colfax citizens. Unconfirmed reports this morning say that the flood water at Colfax is still rising and that downtown buildings have collapsed, caused by the undermining of their foundations. Seven feet of water was reported in the streets of Colfax Tuesday, when wire communication ceased. This morning's report from Colfax further states that several persons were killed when the buildings collapsed.

The Colds that Hang on Are readily cured by Dr. Bell's Pine-Tar-Honey. It relieves the cold and stops the coughs. There is only one genuine.

Trains Wrecked in Washington. Spokane, Wash., March 2.—Great Northern train No. 2, the Oriental Limited, struck a rockslide one mile east of Mila, Wash., at 2 o'clock this afternoon and was thrown from the track and entirely destroyed by fire. Two men were killed, either the engineer or the fireman, and one unknown man, who was riding the brakebeams. More than half a score of passengers were injured, none seriously. Two carloads of mail was entirely destroyed by fire.

Ellensburg, Wash., March 2.—Messages practically confirming loss of the "Silk Train" on the Milwaukee road were received here this afternoon. The train had been standing at a mountain station in the Cascades for more than a week, with the engine at a water tank. A landslide last night completely buried the train and water tank. The front end of the locomotive is partly visible, telegraph wires are down and details are meager. Reports indicate that the loss on the goods will be in the thousands, as the snow carried trees and large boulders with it.

The silk train left Tacoma the night the bad storm broke and was scheduled to make the transcontinental run in less than five days to New York City with an immensely valuable cargo. It was caught by the storm on the west side of the mountains and never got as far down this side as Easton. The Milwaukee's only rotary broke all its blades and this morning 90 shovellers were sent out on foot from Cle Elum to uncover the train.

Light Sparks. By our Associate Editor. A sure way to save money,—don't spend it. Many a nut is not what it was cracked up to be. A horse may know a good bit without a college education. One of the surest ways to lose a friend is to loan him money. Anti-fat remedies are seldom needed by the man who leans on hope. It is quite useless to tell the goat not to butt in; he will do it any way. How can we tell whether a resolution is good or not till after we have broken it? "It was all over in a minute," might refer to a railway accident or to a wedding. There are strong points of similarity between a football rush and a bargain-counter rush. In times these of high prices every-

A Handsome Woman Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

body has to pay. Even the oyster is compelled to shell out. Speaking of home remedies, the "switch" of our grandfathers was a pretty good remedy for quite a long list of juvenile disorders. One swallow does not make a summer, but a dozen or so in a black bottle are sufficient to produce a great change in temperature. We are told that blasts from a ram's horn knocked down the walls of Jericho and we have seen a blast from a ram's horn knock down a man. The ox knoweth his owner and the ass his master's crib, but there are any number of men who do not know when to quit when they have told all they know. Tender-hearted folks may succeed in getting the rod banished from the schools, but they will never be able to make the railroads give up their switch-uses. There are any number of men who while ever ready to share their troubles with their wives, manifest a strong disinclination to share their pleasures with them. "I sang because I could not choose but sing," wrote the poet, and that about expresses the lay of the hen. The laws of nature rather than "dope" control her output.

Dr. Bell's Antiseptic Salve Good for all Skin Diseases. Oregon Specialties. Hood River is to have a big new hotel. Two carloads of Elgin apples sold at high prices in St. Paul. A building and loan association may be formed at Grants Pass. The number of men employed on railroad work up the Deschutes exceeds 5000. Oakland Commercial club has pledged \$50 a month for 10 months for publicity. A big warra rain now in the upper country would make heap big chuck, sure enough. The business of Tillamook's postoffice is increasing by leaps and bounds, says the Herald. For 16 beef cattle a Dufar butcher paid almost \$1000. The beef trust isn't getting all the money. A 55 acre tract of land near Medford was sold for \$60,000, having doubled in value twice in two years. Two new boats will be put on the route between Tillamook and San Francisco and one to Portland. Rock crushing operations are carried on at Gold Ray on a very extensive scale and with the latest machinery. There are 110,000 sheep around Echo, says the Echoes, and 1,000,000 pounds of wool a year are sold to the scouring mill there, and 40,000 head of mutton sheep are shipped from there. In Umatilla county it has been discovered that the official ages of some spinster school teachers have remained the same for six or seven years. But to fix her own age is one of a woman's rights. Ashland Record: The people stood by their mayor because he stood for the policy of doing something. Feelers of the public pulse will bear this in mind. The policy of not making mistakes by doing nothing is a fading issue in Ashland.

60 Perish in Storm. Sixty lives were lost in a terrific gale which swept the English Channel Sunday evening. Two large vessels are reported lost and fear is entertained for the safety of a score of smaller craft. The storm came up so suddenly that no warning could be conveyed. It is reported that the beach near Dover is littered with wreckage. Monday a severe rain storm was experienced all over southern Europe. Unless the storm abates a repetition of the severe floods in Paris is feared.

266,000 Tubes Of Sutherland's Eagle Eye Salve were sold in 1908 and not one word of complaint, though every tube was sold under a positive guarantee. It is good for nothing but the eyes. Ask your Druggist. Million Acres For Oregon. Senator Bourne has introduced a bill to give Oregon another million acres of land to be disposed of under the Carey irrigation act. Idaho has got such a bill through. It is believed this bill will pass at this session. The passage Monday of a bill for a government business commission to devise means of economy in expenditures is a victory for Bourne in the senate. It was his original project. He hopes to get it through the house.

Gives Prompt Relief William H. Douglas Jr. of Washington D. C., says: I take great pleasure in informing you I have used Dr. Bell's Pine-Tar-Honey, and it gave me almost instant relief.

Grand Jury Recalled. Owing to the fact that there are several prisoners in the county jail awaiting trial on criminal charges, Judge Calkins has issued an order recalling the grand jury for the December term of court to investigate the charges. The grand jury will meet on March 21, just a week before the opening of the regular March term of circuit court and will investigate the several cases

involved. This is the first time in the history of the first judicial district that a grand jury has been recalled after having been discharged by the court, but the exigencies of the cases and the desire of Judge Calkins to keep the docket as nearly up to date as possible are responsible for this order.—Mail Tribune.

A Smooth Skin Black Heads, Chaps, Pimples, Sores and all unhealthy conditions of the skin are unsightly and detract from the looks. Buy a box of Dr. Bell's Antiseptic Salve, a creamy, snow white ointment, apply as directed, and your skin will be as clear as a baby's. At all dealers in medicine.

Waltham Watches

About Buying a Watch

Don't buy a watch from a catalogue or a mail order house—you will be disappointed if you do. Go to a jeweler; for his own reputation, if nothing else he will see that the watch you buy has been put in thorough order, properly oiled, regulated, and is running right. Everyone knows that Waltham Watches are as accurate timekeepers as it is possible to make, and yet there are a hundred accidents that may happen to a perfect watch after it leaves our factory. A good watchmaker knows how to remedy such things, and you may be sure he will do it before he takes your money. Don't fail to see my stock of watches before buying. I carry all makes of standard watches.

MARTIN J. REDDY

The Jeweler, Near Post Office MEDFORD, OREGON.

How Good News Spreads. "I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabeth, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak run-down men and women, restoring strength, vigor and health that's daily joy. Try them, only 50c. Satisfaction is positively guaranteed by the City Drug Store.
